## A Message from the President

Delaware Technical \& Community College is a statewide institution of higher learning where all students have an opportunity to reach their goals and potential. Several factors make Delaware Tech an outstanding college—excellent programs, expanded course offerings, high quality instruction and a commitment to serving our students and our business community.

Campuses in all three counties provide programs of instruction that are career relevant, and our faculty members are dedicated professionals who are well versed in their fields. The College's commitment to technology and multi-access education is evidenced by an expansion of distance learning and on-line courses, and integration of technology in the classroom. We embrace this use of technology to support the learning process while continuing to maintain the personal interaction so important to the success of our students. Students entering college for the first time and those seeking to finish their degrees find a great deal of support and encouragement as they pursue studies at any of our four campus locations.

Your decision to attend college is a commitment to your future. I assure you that our faculty and staff will help you gain the education you need in order to succeed, not only at Delaware Tech, but in your chosen profession as well.

On behalf of the entire College community, I extend our best wishes for a rewarding educational experience.

Sincerely,

President

Dr. Orlando J. George, Jr.

## Board of Trustees

The Board of Trustees of Delaware Technical \& Community College is the governing body of the institution. All members are appointed by the Governor of the State of Delaware with the consent of a majority of the State Senate. Six members are appointed for three-year terms, -one from the City of Wilmington, one from New Castle County outside the City, one from Kent County and one from Sussex County, with the remaining two from anywhere in the State. The seventh member, the Chairperson, is appointed by the Governor and serves at the pleasure of the Governor. No more than four members may be of the same political party. The Board of Trustees sets policy for the College and is responsible for assuring that the institutional mission is carried out. Among its numerous responsibilities, the Board approves the College plan, is responsible for the management and control of the institution, has the power to appoint administrative and teaching staff, sets the tuition rate, and approves fees. The Board also reviews fiscal matters and approves budgets.

## PRESIDENT'S OFFICE

The President's Office maintains an administrative staff to provide Collegewide leadership and perform specialized administrative and service roles for the Institution. These roles include strategic planning, institutional research, marketing and public relations, human resources, legal affairs, college relations, computer services, academic affairs, curriculum development, corporate and community programs, international programs, purchasing, financial planning, and accounting. Each campus has its own administration with leadership provided by the Vice President and Campus Director.

## the delaware technical \& COMMUNITY COLLEGE EDUCATIONAL FOUNDATION

The College exists to improve the quality of life for all Delawareans through education and training. In order to fulfill its mission, Delaware Technical \& Community College requires private support to maintain excellence in its offerings. Established in 1968, the Delaware Technical \& Community College Educational Foundation provides funding for student scholarships, staff development projects, and specialized equipment. Gifts may be given to the Foundation and designated for specific purposes. The Educational Foundation provides an opportunity for members of the community, College employees, alumni, students, and corporations to actively participate in the continued development of Delaware Technical \& Community College.

## DELAWARE TECHNICAL \& COMMUNITY

COLLEGE is a statewide institution of higher education, providing academic, technical, and corporate and community training opportunities to every resident of Delaware at four conveniently located campuses. Over 100 degree, diploma, and certificate programs are offered in a variety of technical areas. Other offerings include youth programs, workforce training for adults, and industrial training for upgrading employees' skills. The College offers various distance education opportunities including telecourses, online courses, and interactive classroom courses.

The College and its campuses are accredited by the Commission on Higher Education of the Middle States Association of Colleges and Schools, 3624 Market Street, Philadelphia, PA 19104. (267-2845000). The Middle States Commission on Higher Education is an institutional accrediting agency recognized by the U.S. Secretary of Education and the Council for Higher Education Accreditation. In addition, several curricula have earned program-based accreditation by various professional organizations.

## HISTORY

The Delaware General Assembly created Delaware Technical \& Community College in 1966, when it approved House Bill 529, signed into law by then-Governor Charles L. Terry, Jr. A Board of Trustees was appointed to oversee development of the statewide institution. The Board Chairman was E. Hall Downes; members were William A. Carter, Edward W. Comings, William C. Kay, Clement J. Lemon, John H. Long, and Charles L. Simms.

The studies and reports of the original Board were used to create the Southern Campus which opened in September 1967, near Georgetown in Sussex County, with 367 students enrolled. The name was changed to the Jack F. Owens Campus in May 1995. A temporary Northern Campus opened in New Castle County in 1968. The Northern location was replaced by two campuses-Stanton in the fall of 1973 and Wilmington in the spring of 1974. The Terry Campus opened in 1972 and moved to its current location north of Dover in 1974.

The President's Office, located adjacent to the Terry Campus, functions as a central office by providing a variety of services in support of the campuses. Delaware Technical \& Community College's enrollment has grown dramatically in recent years. Students of all ages, backgrounds, and walks of life have benefited from the training and education that is provided. It is estimated that one-fourth of Delaware's population has taken courses at Delaware Technical \& Community College during its short history.

## MISSION STATEMENT

Delaware Technical \& Community College is a statewide multi-campus community college committed to providing open admission, postsecondary education at the associate degree level. The College offers comprehensive educational opportunities that support economic development and are relevant and responsive to the needs of the community including career, general, developmental, and transfer education; workforce training; professional development; and lifelong learning.

The College believes in the practical value of higher education as a means of economic and personal advancement. The College respects its students as individuals and as members of diverse groups and is committed to fostering student success.

## GOALS

The College will achieve its mission through the goals listed below.

Academic programs will prepare students for successful employment upon completion and transfer to a senior institution.
Developmental education will prepare students in mathematics, reading, and writing to be successful in entrylevel College courses and workforce training.
Workforce training and professional development programs will prepare and support a competitive workforce.
Personal enrichment programs will
provide lifelong learning opportunities for the community.
Programs, activities, and services will create a welcoming and inclusive environment that promotes respect for diverse cultures, backgrounds, and points of view
The College will provide an environment that cultivates student learning and success.
Public and private resources will be sought, obtained, and utilized to advance the College Mission and Goals.

## INSTITUTIONAL EFFECTIVENESS

The College has established an institutional effectiveness structure that demonstrates effectiveness through the assessment and improvement of mission goal outcomes at the institutional level, student learning outcomes at the program level and educational support outcomes at the unit level. Outcomes assessment information relevant to potential students is available from the specific academic program and may include performance indicators such as national examination pass rates, internship or clinical performance ratings, portfolio or capstone project assessment, job placement rates, etc. Students interested in this information should talk with the academic program chairperson.

## ADVISORY COMMITTEES

The College encourages the use of advisory committees to make sure that the programs are up-to-date. The committees are composed of public-spirited, knowledgeable citizens with expertise in business, industry, government, education, and healthrelated fields. Committee members meet periodically with department chairpersons, instructors, and deans. Advisory committees review curricula, arrange internships for students, and help the staff to assure that graduates will be fully equipped for immediate entry into career fields.

The mission of the Student Services Division at Delaware Technical \& Community College is to provide comprehensive and diverse opportunities for students that enhance the mission of the College. The Division promotes the academic, personal and professional growth of students. Comprehensive student services cultivate opportunities, challenges, and a safe environment for a diverse student body to build leadership, citizenship, and interpersonal skills. Services are provided to assist students in developing decision-making skills, which will aid them in personal and academic planning. The Division has a tradition of maintaining lifelong learning relationships with the College community by creating strong alliances and partnerships.

## ADMISSIONS

Delaware Technical \& Community College has an open-door admissions policy limited only by the following criteria: a student must be a high school graduate or the equivalent, or at least eighteen years of age and able to benefit from instruction.

The following steps must be followed for admission to the college and for full access to services. Applicants should plan to complete the admissions process at least 30 days prior to the first day of class.

Applicants should refer to the Programs of Study section of this college catalog to determine if there are additional admission requirements related to their selected program of study.

1. Obtain an Application for Admission from the College by phone request, mail, Internet
(www.dtcc.edu/all/forms/) or from a high school counselor.
2. Complete the application and review it for accuracy.
3. Submit the application with a $\$ 10$ non-refundable fee to the Admissions Office at the campus where you plan to attend. Make the check or money order payable to Delaware Technical \& Community

College.
4. To qualify for in-state tuition, provide proof of Delaware residency (e.g. driver's license) at the time of application or prior to first registration.
5. Participate in the college testing and placement program, if required, or provide official scores from SAT/ACT tests, and/or submit previous college transcripts.
6. Request that your high school send an official transcript or if applicable, submit a GED certificate to the Admissions Office. High school placement test scores, Tech Prep verification, CLEP or DANTES scores may also be submitted.
7. If you plan to transfer college credits to Delaware Technical \& Community College, request that your official transcript(s) be sent to the Admissions Office. Note: Unofficial transcripts issued to students will not be accepted. Check with your previous institution(s) for their transcript request procedures.
8. Schedule an acceptance interview with a college counselor to complete the admissions process.

OVERSUBSCRIBED PROGRAMS: Oversubscribed programs may afford preference to residents of the State of Delaware. Delaware residency is determined in accordance with the requirements contained in the College's Residency policy.

## ADVISORY STATEMENT

Delaware Technical \& Community College is an open admissions institution with degree, diploma, and certificate programs that require participation in courses, internships, practicums and clinical assignments. These activities may require one or more medical and/or background screenings as a condition of enrollment. The admissions requirements for courses and/or program activities may include but not be limited to:

- immunizations and physical examinations
- criminal history checks that may include a review of the adult abuse and child protection registries
- drug screenings
- and other applicable licensing requirements
Students are responsible for all arrangements and costs associated with these requirements. It is the student's responsibility to inquire about conditions and acceptance into courses and programs that may have special requirements. A student may seek the assistance of a counselor or technical advisor in identifying conditions of enrollment in all programs and courses at Delaware Technical \& Community College.

Conditions of employment are established by potential employers and not by Delaware Technical \& Community College and such conditions of employment may include or exceed any or all of the above requirements.

## APPLICANT CATEGORIES

Students may apply to the College in the following categories.

## Award-seeking:

Students who have completed the admission process and are working toward an Associate in Applied Science Degree, Associate of Arts in Teaching Degree, diploma, or certificate in a designated program/major.

## Non-Award Seeking Student:

Students who are not working toward a degree, diploma, or certificate and are taking courses for various reasons. These students may be required to complete all or part of the College admissions procedures.

Visiting (College) Student:
Students pursuing a degree program at another college or university who want to take Delaware Technical \& Community College courses to transfer back to their home institution. It is the visiting student's responsibility to obtain authorization from the home institution regarding the transferability and applicability of the Delaware

Technical \& Community College course to their curriculum. It is also the student's responsibility to provide Delaware Tech with transcripts of previous college work.
Visiting (High School) Student: High school students, through the Early Admissions or Early Enrollment process, must have permission from their high school counselor or principal, parents, and the Dean of Student Services to take courses at Delaware Technical \& Community College while they are concurrently enrolled in high school. These students will be required to take the College Placement Test or provide SAT/ACT test scores.
Adult Student:
Students who are not enrolled in degree, diploma or certificate programs, but who desire to register for various courses for professional development or their own enjoyment.

## HIGH SCHOOL STUDENTS EARLY ADMISSION AND ENROLLMENT PROGRAMS

Rising junior or senior high school students may enroll at Delaware Technical \& Community College while concurrently enrolled in high school. Students must complete the admission procedures and a Request for Early Admission/Enrollment form which verifies:
A. The approval of the parent/ guardian, and the high school principal or counselor.
B. The approval of the campus Dean of Student Services prior to acceptance into the College and course registration.

## EARLY ADMISSIONS

A rising senior high school student can be admitted and enroll in a degree or diploma program at Delaware Technical \& Community College on a full or parttime basis.

## EARLY ENROLLMENT

A rising junior or senior high school student may enroll in up to two credit courses per semester at Delaware Technical \& Community College on a part-time basis. Special programs are exempt from this policy

## FOREIGN STUDENTS

Delaware Technical \& Community College welcomes members of our international community. Prospective "F-1" applicants who intend to apply for a student visa must obtain the "Guidelines for Prospective F-1 Students" packet from the Admissions Office. This packet contains information regarding eligibility for admission. For more information, please visit the college web site at www.dtcc.edu/future/ international/

## PLACEMENT TESTING PROGRAM

Applicants seeking degrees, diplomas or certificates must participate in the College Placement Testing (CPT) program. This standardized test is used for placement purposes only and does not determine acceptance into the College. Applicants are tested in reading, writing and mathematics. Results of the test are used to determine the level of courses at which students will begin. Placement test cut-off scores are available in the Campus Admissions Office. Applicants who hold an Associate's or Bachelor's degree or transfer credit from another institution may be excused from part or all of the placement testing program upon presentation of an official transcript.

Placement test scores more than five (5) years old will not be accepted for placement.
The CPT placement test is required of all applicants for degree, diploma and certificate programs, except as follows:
(a) Associate's or Bachelor's degree may waive all placement tests.
(b) College level Composition course with a grade of "C" or better may waive the CPT Sentence Skills test.
(c) College level Math with a grade of "C" or better may waive the CPT Arithmetic and Algebra test.
(d) Transferable college level Reading course with a grade of "C" or better may waive the CPT Reading test.

The placement test(s) may not be waived based upon an unofficial college transcript, except for students who are accepted as non-award seeking.

## SAT/ACT TEST

The CPT Placement Test may be waived for students who present their SAT/ ACT score reports upon admission. Applicants will be placed according to the Collegewide SAT/ACT Score Placement Matrix. Students may opt to take one or more CPT Placement Test(s) if their SAT/ACT score(s) is/are below college level in English, math and/or reading.

## COUNSELING \& ADVISEMENT

Delaware Technical \& Community College places strong emphasis on counseling and advisement services for the individual student.

Student Services staff members and faculty concern themselves with the students during and after their college career. Assistance is offered to students who wish to improve their study habits, to select a program of study or to discuss any matter important to their success.

From the beginning of a student's interest in the College, a counselor is available for assistance in selection and placement in college programs, adjustment to the college experience, and planning for careers. Counselors do not make decisions for students; rather, they seek to work with students by helping them to research selections and point out alternatives and the consequences of these choices.
Individual students within each program are assigned to a counselor designated to that area. The counselor will assist the student from preadmission to graduation. Group sessions are available as well as referral to psychological and substance abuse professionals.

Each student will also be assigned a faculty advisor from their selected program of study. The faculty advisor is an instructor in the student's elected program of study, who is responsible for
helping to plan the academic program and for seeing that the appropriate courses are taken to meet graduation requirements.

## REGISTRATION

Registration is the period of time set aside each semester during which students select and enroll in courses. Students registering for more than 21 credits a semester require the signature of both the advisor and department chairperson. To register, students are advised to have a course schedule approved by the faculty advisor or counselor, complete procedures described by the Registrar, and pay tuition to the Business Office. Students are encouraged to register as early as possible to ensure course availability. Returning students may register using the web site at
www.dtcc.edu/reg

## FACILITIES AND SERVICES FOR STUDENTS WITH DISABILITIES

Delaware Technical \& Community College is committed to complying with the Americans with Disabilities Act of 1992.

Each of the campuses is architecturally accessible to disabled students. Barrierfree restroom, telephone and eating facilities are provided at all campuses. Automatic doors and elevators are installed in appropriate areas. Reasonable academic accommodations will be provided for students needing specific assistance.
Each campus has a professional staff member assigned to provide services to students who have unique needs due to their disabilities. Students are urged to request special services prior to the beginning of the semester. The College requests appropriate documentation of the need for assistance.
Prospective students are encouraged to visit the campus to become familiar with the campus and meet the support staff prior to making their final acceptance decision. Faculty and staff work cooperatively to assist students with special needs in their educational endeavors and adjustment to the campus community.

## CAREER PLANNING AND PLACEMENT

Career planning and placement information is available to help students plan for the future. The Career Center is a useful resource for students who are trying to decide upon a major, find a job or internship, write a resume or improve interviewing skills.

Students may use DISCOVER a computer based career planning program that includes data concerning job duties and responsibilities, opportunities for growth and advancement, and salary structures in career fields of their interest. In addition, students may review catalogs of area institutions, view videos on interviewing techniques, receive information regarding resume and cover letter development and protocol, and participate in mock job interviews with the career counselors. For more information, students may visit the campus Career Center or the web site at www.dtcc.edu/careerplanning/

## HOUSING \& PARKING

The College does not maintain student housing of any type; therefore, the College cannot accept responsibility for students housed locally. Parking facilities are available at each campus on a first-come, first-served basis. Parking for students with disabilities is also provided.

## CAMPUS PUBLIC SAFETY

Delaware Technical and Community College encourages each member of the campus community to report any crimes or criminal activity to the Public Safety Department. The Campus Public Safety officers are empowered with the authority and responsibility to provide immediate assistance with safety and security issues. The Public Safety Department has a close working relationship with local law enforcement agencies. The local and state police will be called for assistance when needed.

The most recent information on The Clery Act and campus crime statistics is available from the Campus Public

Safety office or visit www.dtcc.edu/ publicsafety/right.html.

## CONDUCT

Members of the College community have an obligation to participate in the life of the College in a responsible manner. Students are citizens as well as members of the College community. As citizens, they have the rights that other citizens have such as freedom of speech, peaceful assembly and petition. As members of the College community, students remain citizens with responsibilities and duties commensurate with their rights and privileges. Further information regarding the Board of Trustees' policy on student conduct and student rights may be found in the Student Handbook. The Student Handbook is available online at
www.dtcc.edu/handbook/

## DRUG FREE SCHOOLS \& CAMPUSES

The College believes that the illicit use of drugs and the abuse of alcohol by students have no place in the college environment. The unlawful possession, use or distribution of drugs and alcohol by students on any of the campuses or as any part of the institution's activities is strictly prohibited. Students violating the College policy will have sanctions imposed upon them as outlined in the Drug-Free School and Workplace Policy and Student Responsibilities and Student Rights.

## health services

Health services are limited to emergency aid when needed to save a life, to prevent further injury and to alleviate suffering. When the injury or illness is of a serious nature, a call will be placed to local emergency ambulance services.

The designated emergency contact person for the ill or injured student will be notified by the Division of Student Services of the action taken.

## STUDENT ACTIVITIES

Delaware Technical \& Community College provides a balanced student activities program which contributes
significantly to the total educational experiences of its students. The Student Activities program is designed to foster the intellectual, social, emotional and physical development of students through participation in educational, cultural, recreational and athletic activities. These activities are planned by the Student Activities Coordinator and/or student organizations with funds provided by the Student Services fees and individual club fundraisers. Student activities provide opportunities for development of leadership skills, social interaction, relaxation, and improved physical fitness.

The general administrative responsibility for the Student Activities program rests with the Dean of Student Services at each campus. Details regarding specific activities may be found in the campus Student Handbook. The Student Handbook is available online at
www.dtcc.edu/handbook/

## ATHLETIC PROGRAM

Delaware Technical \& Community College is a member of the National Junior College Athletic Association (NJCAA). Eligibility rules, codes of conduct, substance abuse policies as well as gender equity policies are mandated or suggested by the NJCAA.

The Athletic Director at the campus is responsible for interpretation of eligibility rules and publishing positions on codes of conduct, substance abuse and gender equity. Eligibility forms are reviewed both on the national and regional level. Problems with eligibility or ethical behavior are brought before the Regional Standards and Ethics Committee.

All high school graduates are eligible for intercollegiate competition. Once a student begins taking college courses, his/her eligibility is determined by the number of college credit hours attempted and the grades earned in those courses. Transfer students from other colleges must produce a college transcript to determine eligibility.

Any additional information concerning athletic matters (forms, scholarships, eligibility, etc.) should be referred to the

## Campus Athletic Director.

## JOB PLACEMENT FOR GRADUATES

Delaware Technical \& Community College measures its success by the success of its graduates. Counselors, placement staff and faculty meet with individuals and groups to discuss placement opportunities, to refer them to potential employers, to provide interview techniques and tips on resume preparation, and to cover other important facets of job seeking. Letters and questionnaires are mailed out at regular intervals to monitor career progress and to provide the College with a valuable source of new job opportunities. Annual placement reports document graduates' employment and college transfer status.
Additional information may be obtained by attending job fairs, on-campus interviews with prospective employers, through a review of posted job vacancies and by visiting the college web site at www.dtcc.edu/cpp/

## TRANSCRIPTS

Transcripts contain a student's academic history and are a part of the student's official educational record which are housed/maintained in the Office of the Registrar.

## TRANSFER AND ARTICULATED PROGRAMS

Credits from another institution may be accepted as they apply to the established curricula of the college. It is the responsibility of the transferring student to request an evaluation of credits prior to course enrollment, to request an official transcript from the transferring institution, to submit the necessary materials including copies of the appropriate catalog descriptions of previous coursework, and to pursue the status of the evaluation upon enrollment. The student must have completed the admissions process before transfer credits are officially evaluated.

Whenever possible, prior course work will be accepted toward the degree. A transfer matrix outlining specific course by course transfers with the University of

Delaware and Delaware State University is available through counselors, technology advisors, and the college web site at www.central.dtcc.edu/matrix/

The College has articulation agreements with universities and colleges in specific technology programs. These agreements enable a student to transfer to the senior institution as a junior, provided the required courses have been completed and the appropriate Cumulative Grade Point Average (CUM GPA) has been achieved as required by the receiving institution. The student must apply to the senior institution and complete all required admissions processes. Students need to see their technology advisor for information on articulation agreements called "Connected Degree Programs." Connected Degree Sheets which summarize these program articulation opportunities are available on campus and on the college web site at www.dtcc.edu/connecteddegree/
The Student Services Division will assist students in making transfer inquiries, obtaining literature, and completing applications to other colleges and universities.

## FAMIL Y EDUCATIONAL RIGHTS AND PRIVACY ACT OF 1974, AS AMENDED

The Family Educational Rights and Privacy Act of 1974, as Amended (FERPA), also known as the Buckley Amendment, was designed to protect the privacy of educational records and to provide guidelines for the correction of inaccurate or misleading data through informal and formal hearings. Students also have the right to file complaints with the United States Department of Education concerning alleged failures by the educational institution to comply with the Act.

Delaware Technical \& Community College will not release information to another party, exclusive of "Directory Information," without a signed release from the student indicating the specific recipient of such information and the specific information the College is authorized to release. Directory

Information may be released by the College. Delaware Technical \& Community College defines directory information as follows:

- Name
- Address
- College E-mail Address
- Field of Study
- Full- or Part-time Enrollment Status
- Dates of Attendance
- Degrees and Awards
- Honors (President's List, Dean's List, Academic Recognition, and Honor Societies)
- Participation in Officially Recognized Activities and Sports
- Date of Birth
- Most Recent Previous High School Attended
- Weight and Height of Athletes
*Photograph
*Use of Student Photographs: Photographers employed or contracted by the college regularly take photographs of students to illustrate or describe various aspects of the college and campus life. These photographs will be taken at public venues such as athletic events, concerts and graduation, and/or in other organized campus photo shoots where the subjects will have given verbal consent to be photographed. Individuals who are photographed while attending a public event or who verbally agree to participate in a photo shoot will be understood to have authorized Delaware Technical \& Community College to use their likeness in print and electronic materials to promote the college. The college will retain the usage rights to the photographs.

Federal officials of the United States Department of Education are eligible under the terms of the Act to receive information without prior consent of the student. Any agency providing financial aid for the student's education, such as the Veterans Administration, is also entitled to access information. Questions concerning FERPA should be referred to the Registrar's Office. Summation of the student's rights as outlined by FERPA include, but are not limited to:

1. The right to inspect and review an
education record within 45 days of the day the College receives a request for access.
2. The right to request the amendment of the education record that the student believes is inaccurate or misleading.
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except when FERPA authorizes disclosure with consent.
4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the College to comply with the requirements of FERPA. The Office to which complaints should be directed is:

## Family Policy Compliance Office US Department of Education 400 Maryland Avenue, SW Washington, DC 20202-4605

## TUTORING

Tutoring is a service designed to help students master a subject, prepare for tests, and sharpen their skills in order to become independent learners. Tutoring services are free for all students and are provided to the extent of campus resources.
Some departments recommend students to work as Peer Tutors to provide extra help for students in various
courses. Advanced students work with individuals or small groups to increase understanding of course material. Comprehensive tutoring services are available during the fall and spring semesters. Students generally receive up to one hour of tutoring per course each week, as necessary. Limited tutorial services may be provided during the summer sessions.

## TUITION

1. a. In-State Students (Day and Evening) $\$ 103.00$ per credit hour per semester for all catalog courses. Maximum tuition for full-time students - \$1,236.00 per semester.
b. Out-of-State Students (Day and Evening) $\$ 257.50$ per credit hour per semester for all catalog courses. Maximum tuition for full-time students - \$3,090.00 per semester.
c. Students registered for 12 credit hours per semester or the equivalent are considered "fulltime" for purposes of tuition payments. This policy applies equally to students who take courses on more than one campus.
2. Tuition for non-credit courses will be charged on a per course basis as stated in the Corporate and Community Programs Division brochure or other literature describing the course.
3. A student may pay tuition at any of the campuses.
4. Residents of the State of Delaware who are 60 years or older may enroll at Delaware Technical \& Community College, tuition free in any catalog (credit) course: technical or related studies, day or evening. Delaware Technical \& Community College/University of Delaware, Associate in Arts Degree Program credit courses are also included. Excluded are special interest (non-credit) courses. This privilege is granted on a space available basis if such courses are not filled as of the close of registration. The College may limit or deny the privilege for courses which are in programs for which selective admissions criteria have been established. Charges are applicable for books, supplies, lab, and technology support fees. The application and Student Service fee is waived.
5. All tuition and fees are accepted pending final audit by the Business Office.
6. All tuition and fees are subject to revision by the Board of Trustees of the College.
7. The tuition and fees paid by any student, other than a non-immigrant alien within the meaning of paragraph (15) of subsection (a) of Section 1101 of Title 8 of the U. S. Code, who meets all the following requirements shall be paid at a rate or charge no greater than that imposed for students who are Delaware residents if such student:
a. Attended a high school located within the State of Delaware for two or more years; and
b. Graduated from a high school located in the State of Delaware or received a General Equivalency Diploma issued within the State of Delaware and
c. Has applied for attendance within five years of receiving a high school diploma or General Equivalency Diploma.

A student without lawful immigration status shall also be required to file an affidavit stating that the student has filed an application to legalize his or her immigration status, or will file such an application as soon as he or she is eligible to do so.

## RESIDENCY POLICY

1. Residency status is determined during the time of the first registration at the College and at the time of reactivation. Students whose in-state status under items 3 and 4 below changes will be charged out-of-state tuition upon their next registration at the College.
2. A student may have his/her residency status changed for a future semester's registration period if the student provides documentation that he/she has met the requirements in items 3 and 4 below.
3. Students 18 years of age or older are considered Delaware residents if one of the following conditions is met immediately prior to registration:
a. Delaware has been their domicile and continuous residence for at least six (6) consecutive months.
b. They have been employed at least 30 hours per week in Delaware for at least six (6) consecutive months, or
c. They were dependents of their parents or guardians, who meet the Delaware residency requirements in a. or b. above. The student must have been a dependent, as defined by the Internal Revenue Service, in the tax year immediately preceding the current College fiscal year. A copy of the IRS Form 1040 or Form 1040A, or a state income tax return showing the student is a dependent, is the only acceptable documentation.
4. Students who are minors (less than 18 years of age) are considered to be Delaware residents if their parents or guardians meet one of the following conditions immediately prior to registration:
a. Delaware has been their domicile and continuous residence for at least six (6) months, or
b. They have been employed full-time in Delaware for at least the six (6) consecutive months.
5. Conditions for foreign students:
a. Students who are permanent or temporary resident aliens are considered to be Delaware residents if they meet the residency requirements in items 3 and 4 above. The six-month time period of domicile and continuous residence may commence when the student has received an INS Form I-797 indicating receipt
of an application for such immigration status.
b. A student who has sought the protection of the United States by applying for refugee, asylee, parolee, or temporary protected status may be entitled to in-state status if such student otherwise qualifies for in-state tuition based on six months domicile and continuous residence in Delaware from the date of the applicable INS Form I-797 or at least six (6) consecutive months full-time employment in Delaware immediately prior to registration.
C. A student who is present in the United States and who has an immigration status that does not require such student to maintain a foreign domicile as a condition of immigration status may acquire in-state status if such student otherwise meets the six (6) month domicile and continuous residence and/or six (6) consecutive month full-time employment in Delaware requirement immediately prior to registration.
d. A student with an F, J, or M visa or who otherwise must not abandon or has no intention of abandoning his or her residence in a foreign country will not be afforded in-state status.
6. Documentation establishing residency or Delaware employment shall be required for all new or reactivated students.
a. Documentation of residency shall require one of the following:

- Delaware Driver's License or Delaware Identification Card dated at least six months prior to registration;
- A copy of a Delaware Resident Income Tax Form in the name of the student or the student's parent, legal guardian or spouse with whom the student resides listing a
date of residency at least six (6) months prior to registration;
- Copies of utility bills in the name of the student or the student's parent, legal guardian or spouse with whom the student resides for six (6) consecutive months prior to registration;
- A copy of a fully executed lease, HUD-1 Settlement Statement or deed in the name of the student or the student's parent, legal guardian or spouse with whom the student resides dated at least six (6) months prior to registration;
- Copies of bank statements in the name of the student or the student's parent, legal guardian or spouse with whom the student resides for six (6) consecutive months prior to registration and bearing a Delaware address (other than a post office box);
- Copies of official documents confirming the receipt of any type of social service from the State of Delaware or any political subdivision thereof (i.e., WIC benefits, food stamps, Medicaid, etc.) in the name of the student or the student's parent, legal guardian or spouse with whom the student resides for six (6) consecutive months prior to registration;
b. Documentation of Delaware employment shall require all of the following:
- Pay stubs or other official written confirmation from an employer demonstrating that the student or the student's parent, legal guardian or spouse with whom student resides has worked an average of at least 30 hours per week during the six consecutive months prior to registration. A letter from the employer on the employer's letterhead shall be sufficient; and
- IRS Form W-2 showing payment of Delaware income taxes or a copy of any state income tax return for the immediately preceding
tax year showing the payment of income taxes to the State of Delaware.

7. Residency status shall be determined by the Registrar's Office at the student's home campus. Chief Legal Counsel may approve the payment of in-state tuition based upon documentation that is not listed in Paragraph 6 when he or she determines that such documentation is authentic and represents proof of Delaware residency or employment.
8. This policy is primarily for tuition payment purposes and is not applicable for determination of student financial aid eligibility.
9. Implementation details for this policy may be specified in the College's Manual of Procedural Guidelines.
10. Active duty military personnel and their dependents stationed in the State of Delaware are exempt from the six (6) month residency requirement and are considered in-state residents for tuition purposes.
In addition, military, civilian and contractor personnel and their dependents that are reassigned to Aberdeen Proving Ground, Maryland from Ft. Monmouth, New Jersey on or before September 15, 2011, and chose to reside in Delaware shall be exempt from the six (6) month residency requirements and shall be considered in-state residents for purposes of tuition.
11. Contracts written with business or other groups sending their employees or members to the College may include a provision for the contracting party to be charged in-state tuition.

## DEFERRED PAYMENT PLAN

 FALL AND SPRING SEMESTERSStudents may use the College's Deferred Payment Plan. One-third of the total tuition and course fees (or $\$ 175.00$, whichever is greater) are due at registration. Then, one-half of the remaining balance is due four (4) weeks
from the beginning of the semester, and the remaining balance must be paid in full no later than eight (8) weeks from the date the semester begins. Note: Final payment must be made prior to the first day of pre-registration for the following semester.

## SUMMER SESSIONS

One-third of the total tuition and course fees (or $\$ 175.00$ whichever is greater) is due at registration. Then, one-half of the remaining balance is due three weeks after the session begins. The remaining balance must be paid in full no later then six weeks after the date the session begins.

## TUITION/FEE ADJUSTMENT POLICY

 COURSE or SEMESTER WITHDRAWALTo receive an adjustment for a course withdrawal, the student must first officially withdraw from the course. See Course Drop procedure or Registrar for details on officially withdrawing from a course. To receive an adjustment for a semester withdrawal, the student must first officially withdraw from all courses. Course or semester withdrawals received prior to the first day of the semester will be adjusted at 100\% of the course cost of tuition plus any related refundable fees (lab, technology support and distance education). For an official course or semester withdrawal during the official drop/add period, the student will be charged $25 \%$ of the tuition for each course withdrawn, not to exceed the full-time tuition rate, and $25 \%$ of any related refundable fees for the course(s) withdrawn. All nonrefundable fees (application, registration, late registration, student services credit by examination, evaluation of work experience) will be retained by the College. The official drop/add period for each semester and each session within that semester will be identified on the Academic Calendar. After the official drop/add period, no tuition/fee adjustment will be made.

## EARNED TITLE IV FINANCIAL AID

The following policy became effective fall semester 2000.

Students who receive federal financial aid are eligible for payment according to their enrollment status and attendance. Students who attend more than 60 percent of a semester (approximately 9.6 weeks) are eligible to receive 100 percent of their payment. Students who attend 60 percent or less of a semester are eligible to receive a percentage of their payment, depending on the date of withdrawal from all classes. This percentage payment is done according to the Return of Title IV Regulations (34 CFR Article 668.22) listed below:

1. If the amount of earned federal financial aid is not adequate to pay institutional charges, the student is liable for any outstanding debt the student may owe the College. In addition, the student may be responsible for repaying a portion of his/her federal financial aid to the federal government.
2. Earnings from the Federal Work Study Program are not used in this calculation. The student is paid what he/she earns.
3. Students receiving loans must maintain half-time enrollment (at least 6 credits) in order to receive payment of the Ioan.
4. Basic-level courses (courses beginning with 00 ) do not count toward enrollment status for Title IV funds.

This policy applies to federal financial aid money only and will be the policy applied to students who withdraw from all classes.

The date of withdrawal from all classes that will be used in the calculation is the date that the Registrar's Office processes the official College WITHDRAWAL FORM used by students who wish to withdraw from all their classes during the semester. You must contact a counselor in Student Services to obtain this form. The withdrawal date for students who drop all their classes without using the official College WITHDRAWAL FORM will be the last documented dates of attendance or the mid-point (50\% point) of the semester without documentation. Withdrawing from the College may affect
your eligibility for future financial aid funding.

Federal law requires that students who receive federal financial aid must attend the classes for which they are registered in order to receive financial aid payment. Students who never attend a class will not receive any federal financial aid relating to that class, even when withdrawing from the College by following the College's procedures for officially withdrawing.

The complete policy and additional information about financial aid are available on the Delaware Technical \& Community College web site at www. dtcc.edu/financialaid which provides ongoing updates to all financial aid opportunities and the College's refund policies.

## BOOKS \& SUPPLIES

Books and supplies vary in cost according to course requirements. Students should allow approximately $\$ 200$ to $\$ 400$ per semester for books, equipment and supplies. Instructors will inform students about texts, supplies and materials required in each course.

## MALPRACTICE INSURANCE

Students enrolled in health technologies are required to purchase malpractice insurance through Delaware Technical \& Community College.

## STUDENT SERVICE FEE

For students taking credit courses, a non-refundable fee of $\$ 20$ per semester for full-time students and $\$ 10$ per semester for part-time students will be charged by each campus. Senior citizens are exempt from paying this fee. The Delaware Technical \& Community College/ University of Delaware Associate in Arts Degree Program student service fee is the same.

## FEES

## APPLICATION FEE

For new students taking credit courses, a non-refundable fee of $\$ 10.00$ will be charged.

## LAB FEES

Fees vary - \$10.00 per lab hour up to a maximum of 6 hours or $\$ 60$ per course.

There are program specified exceptions wherein the lab fees may be less or more, depending on program needs. Industrial education course lab fees are determined by the specialized equipment utilized in the course.

## REGISTRATION FEE

All students who register for fall, spring, and summer sessions will be assessed a $\$ 15.00$ registration fee per session for credit courses only. Students can make registration changes without an additional fee being charged. The registration fee is non-refundable.

## TECHNOLOGY SUPPORT FEE

$\$ 7.00$ per credit hour per semester to support cost of technology, instructional/ course materials, and Internet e-mail access.

## LATE REGISTRATION FEE

Students registering after the open registration period, and during the time set aside for late registration, will be charged a late registration fee of $\$ 25$. The fee may be waived by the campus Dean of Student Services for the following reasons: (1) a disabling accident, certified by a physician; (2) a serious illness, certified by a physician; or, (3) campus or College functions that are beyond the control of the student, such as campus closings or problems with administrative systems.

The late non-refundable registration fee is to apply only to credit courses and other courses listed in the College catalog. The fee will not apply to students who register during the open registration period and find a need to add courses afterwards.

## EVALUATION OF PRIOR LEARNING/ WORK EXPERIENCE FEE

For students seeking college credit through the evaluation of prior learning or work experience, a fee equivalent to tuition for a one-credit course will be charged for each course in which a student requests credit.

## OTHER FEES AND CHARGES

The following fees are referred to throughout the catalog:
A. Credit by Examination Fee
B. Graduation Fee
C. Additional fees or changes to existing fees are subject to action by the Board of Trustees.

All fees listed above are non-refundable. All tuition and fees are accepted for payment of student accounts, pending final audit of those accounts by the Business Office.

Students will be responsible for reimbursing the College for payments made to third parties on their behalf for charges such as online access for distance education courses, telecourse rental fees, student malpractice insurance, etc. These "pass through" charges are non-refundable.

## FINANCIAL AID

 STUDENT FINANCIAL ASSISTANCE PROGRAMSThe College offers financial assistance to students through federal, state, institutional, and scholarship programs. Financial Aid information is available on the Delaware Technical \& Community College Web Page at http://www.dtcc. edu/financialaid. Another brochure describing scholarships is published at each campus. These resources answer many questions and address concerns regarding financial assistance, and students are encouraged to use these resources.

The Free Application for Federal Student Aid (FAFSA) and scholarship applications may be obtained from the Financial Aid Office at each campus. Follow the instructions included with the application(s) to apply for any type of financial assistance. All students are encouraged to apply for financial aid as early as possible before the start of a new academic year. It is important to ask questions, read all information carefully, keep copies of everything, and answer all questions on the application(s) accurately. All decisions regarding financial aid eligibility are made by the Financial Aid Office. For more information call:

Owens Campus: (302) 855-1693
Stanton Campus: (302) 454-3706

## Terry Campus: (302) 857-1040

Wilmington Campus: (302) 434-5552

## FINANCIAL AID PROCEDURE <br> General Student Eligibility <br> Requirements for all Financial Aid Programs

The applicant must:

1. Be a U.S. citizen or eligible noncitizen.
2. Have a high school diploma, a GED or demonstrate the ability to benefit from instruction by passing an approved test administered by the Admissions Office.

## Ability to Benefit

The ACCUPLACER CPT is used to determine the "Ability to Benefit" (ATB) for students who are applying for financial aid and do not possess a high school diploma or GED certificate. Based on financial aid guidelines, prior to receiving financial aid, students without the high school diploma or equivalency must participate in the ATB testing and meet the "ACCUPLACER, ATB Eligibility Determination Cut Scores" in Reading Comprehension, Sentence Skills and Arithmetic.

1. Minimum cut scores are:
a. Reading Comprehension 55
b. Sentence Skills 60
c. Arithmetic 34
2. Students must meet or exceed the minimum scores of each of the three tests to be eligible.

For financial aid purposes, students may retake the complete set of three ATB/CPT tests within a two-week period after the initial test date. Students must pass all three tests in the subsequent administration.

Thereafter, re-testing is permitted only if a candidate can provide evidence of some instructional intervention that would suggest that score improvement would be possible.

Notification of ATB eligibility is given on a timely basis to the student, the Admissions Office, and the Financial Aid Office.
3. Have a valid social security number.
4. Be enrolled as a regular student in an eligible program of study leading to a degree or diploma. New students must apply for admission in order to select a program/major. Undeclared or nondegree seeking students (students with technology designation UND or NTD) are not eligible for financial aid.
5. Less than full-time enrollment (fewer than 12 credits) may result in either a lower payment or no payment for a semester, depending on the financial aid program and student eligibility.
6. Maintain satisfactory academic progress as defined by the College's Academic Standing Policy for financial aid recipients.
7. Not be in default on a previous student loan nor owe a refund on any federal grant received at Delaware Technical \& Community College or any other institution the pplicant may have attended.
8. Demonstrate financial need, based on federal or institutional policies.
9. Comply with all procedures for verification.
10. Meet any other requirement passed into law and regulation at any time by the Federal government or any policy change made by the College or any other applicable entity and any procedure required by the Financial Aid Office in order to ensure that a proper financial aid decision can be made.

## Applying for Financial Aid

The College will attempt to assist any student seeking financial aid. Financial aid eligibility decisions are made by each campus for all financial aid programs.

New students must apply to the College for admission at the campus of their choice. The steps for applying for financial aid are as follows:

1. Apply each academic year.
2. Obtain the financial aid application (the Free Application for Federal Student Aid - FAFSA) from any campus. This application is appropriate for applying for all types of federal, state and institutional aid. Scholarship programs require a separate application.
3. Complete the FAFSA using the appropriate federal 1040 income tax form, as filed by the students and parents, and any other supporting documents like W-2 forms, state tax returns, social security statements, welfare statements, bank statements, investment statements and so on. It is important to complete the application correctly.
4. You are encouraged to file your FAFSA electronically. Apply online with the Department of Education. To complete the application, go to http://www.fafsa.ed.gov.

A PIN is an electronic access code number that serves as your identifier. If you are applying on the Web, new applicants (and your parents, if applicable) can request a PIN at http://www.pin.ed.gov. You should obtain a PIN before completing the FAFSA on the web, so you (and your parents, if applicable) can electronically sign your application before it is submitted.
5. Complete all institutional forms and supporting documentation as requested by the campus.
6. The campus will receive an electronic Institutional Student Information Record which will be used to determine eligibility for financial aid. Students will receive a paper Student Aid Report, an Information Acknowledgement or an e-mail notification dependent upon how the application is submitted.
7. Student loans are available through the Federal Family Educational Loan Program (FFELP).

Students must file the FAFSA, complete a Master Promissory Note, and complete Loan Counseling to be considered for a Stafford Loan.

## Financial Aid Satisfactory Academic Progress Requirement

A student must meet GPA and completion rate and maximum time frame requirements in order to be eligible to receive financial aid. Refer to the Delaware Technical \& Community College Academic Standing Policy. Table I, listed under Academic Standing Policy in this publication, indicates the minimum required cumulative GPA and course completion rate.

## GPA Requirements:

1. A student placed on Academic Warning is considered as making satisfactory academic progress, thereby remaining eligible for financial aid.
2. A student placed on Academic Probation loses financial aid eligibility. However, if the student meets with his/her advisor, completes an Academic Action Plan, and notification of such is forwarded to the Financial Aid Office, eligibility for financial aid payment will be reinstated. A student who fails to meet this requirement will not be eligible for financial aid payment.
3. A student who is on Academic Suspension is not eligible for financial aid.

## Completion Rate Requirements:

1. Students must successfully complete, on a cumulative basis, 67\% of all credits attempted. A student who does not meet the $67 \%$ completion rate requirement is ineligible for financial aid payment.
2. All non-completion grades (WP, WR, O, U, R, I) are used in the completion rate calculation.
3. A student may appeal the loss of financial aid eligibility due to completion rate if there are
mitigating circumstances. The appeal must be submitted to the Financial Aid Office by the campuses' deadline date.

## Maximum Time Frame for a

 Degree or Diploma:1. A financial aid applicant is restricted to a maximum number of credits for which he/she can receive financial aid.
2. The Maximum Time Frame (MTF) is $150 \%$ of the credits required for an eligible degree or diploma program. Example: If 60 credits are required for a specific A.A.S. degree, the MTF for the degree program would be 90 credits ( $60 \times 150 \%=90$ ). If 40 credits are required for a specific diploma, the MTF for that diploma program would be 60 credits ( $40 \times 150 \%$ $=60$ ). The MTF for each diploma and degree technology differs based on the number of credits required for the program.
3. The MTF is based on the number of credits attempted.
4. A student who exceeds the MTF is ineligible for additional financial aid.
5. A student who earns a degree is considered to have reached his/her MTF and is no longer eligible for financial aid.
6. A student may request an MTF extension for mitigating circumstances.
7. Maximum Time Frame for remedial courses:
A. Basic and Pre-tech classes are considered remedial courses. Basic classes are not eligible for Federal financial aid payment, but are used in calculating the remedial MTF.
B. The MTF for a student enrolled in remedial courses is 30 semester hours. This MTF value is separate from the degree or diploma MTF value.
C. No extension is permitted for a student who exceeds the 30credit remedial limit.
8. Maximum Time Frame for English as a Second Language (ESL):
A. The MTF for a student enrolled in ESL courses is 3.33 full-time equivalent semesters. This MTF value is separate from the degree or diploma MTF value.
B. A student who exceeds the MTF for the ESL program may request an extension. However, GPA and completion rate requirements must also be met.

## APPEAL PROCESS

Students who do not meet the requirements outlined in the "Academic Standing Policy for Financial Aid Applicants and Recipients" because of extenuating circumstances may appeal their academic status. Students must appeal to the appropriate department depending on the student's unsatisfactory progress category. The following describes the different appeal procedures:

## 1. Minimum GPA requirement not met:

Below are the academic status, financial aid status, and the appeal procedures for various categories of unsatisfactory standing:
A. Academic Status: Probation Students are not making satisfactory progress: therefore, are not meeting the financial aid eligibility requirements.

Appeal Process:
Students must contact their advisors to develop an
Academic Action Plan. Students must submit a copy of the completed Academic Action Plan to the Financial Aid Office. Students who submit the Academic Action Plan to the Financial Aid Office will be considered as making satisfactory academic progress for financial purposes, thus meeting the academic financial
aid eligibility requirements.
B. Academic Status: Suspension Students who are on suspension do not meet the academic financial aid eligibility requirements. However, upon returning to the College, students are considered to be on "Probation Status." Therefore, such students may file an appeal as described in "A" above.
C. Students who are on "Probation Status" and do not complete the appeal process as described in "A" above or whose Plans are not approved, do not meet the academic financial aid eligibility requirements.

Please Note: All appeals must be submitted in writing before the end of the official add period (end of the second week of classes).

## 2. Completion Rate not met:

A. Students who meet GPA and Maximum Time Frame eligibility requirements but who do not meet the Completion Rate may appeal for reinstatement to satisfactory academic standing through the Financial Aid Office.
B. Students whose appeals are denied or who fail to appeal are not meeting the academic financial aid eligibility requirements.

Please Note: All appeals must be submitted in writing before the end of the official add period (end of the second week of classes).
3. Degree/Diploma Maximum Time Frame Requirement:
A. Students who meet GPA and Completion Rate eligibility requirements but who do not meet the Maximum Time Frame requirement may
appeal for reinstatement to satisfactory academic standing through the Financial Aid Office.
B. Students whose appeals are denied or who fail to appeal are not meeting the academic financial aid eligibility requirements.
4. Remedial Maximum Time Frame Requirement:
Regulations do not allow an appeal for an extension of the Remedial Maximum Time Frame for students who exceed the 30credit remedial limit.
5. English as a Second Language Requirement:
A. Students who meet the GPA and Completion Rate requirements but who do not meet the English as a Second Language requirement may appeal for reinstatement to satisfactory academic standing through the Financial Aid Office.
B. Students whose appeals are denied or who fail to appeal are not meeting the academic financial aid eligibility requirements.

Please Note: All appeals must be submitted in writing before the end of the official add period (end of the second week of classes).

## SCHOLARSHIPS

Various scholarships, including the
State-funded Academic Incentive Scholarship, are offered at all campuses. Students should contact the Financial Aid Office at the campus at which they are enrolled for a list of scholarships offered at that campus.

## VETERANS AND DEPENDENTS OF DECEASED/DISABLED VETERANS

The College is approved for educational training of veterans, qualified spouses, and dependents of deceased/disabled veterans under Public Law 89-358. The Veterans' Administration (VA) will issue a certificate of eligibility. The application
for VA Education Benefits (VA Form 22-1990) may be obtained directly from the VA or through the Veterans Affairs Office at any campus, or from the VA website at www.gibill.va.gov

Owens Campus: (302) 856-5400 ext. 3450

Stanton Campus: (302) 453-3926
Terry Campus:
(302) 857-1043

Wilmington Campus: (302) 571-5314
Veterans, qualified spouses and dependents of deceased/disabled veterans follow regular admission procedures and requirements of the College. Students are responsible for notifying the campus VA Office of their enrollment each term. The College will verify enrollment to the VA. Payments are made directly to the student, not to the College. Veterans must be accepted into a specific program of study to receive veterans' benefits. For further information about veterans, contact the Office of Veterans' Affairs.

The Enrollment Certificate will show the courses for which a student has enrolled. Students are responsible for promptly reporting change of program and/or change of enrollment status to the campus VA Office.

## OTHER MILITARY PERSONNEL

Active military personnel, National Guard personnel, and Military Reserve personnel may be eligible for educational benefits related to their service category. Information concerning these benefits is available from the Educational Officer of each service category. The College will verify enrollment for students so that benefits may be accurately processed.

## VOCATIONAL REHABILITATION

The Delaware Division of Vocational Rehabilitation and the Vocational Rehabilitation Educational Division of the Veterans' Administration have funds available for students with physical disabilities. Applications for these services should be made to the appropriate Rehabilitation Office.

## ADVANCED STANDING

Students are encouraged to pursue advanced standing during the admissions process. Credits earned through advanced standing will be entered on the student transcript by the Registrar as they are received from the Dean of Instruction.

## 1. CREDIT BY EXAMINATION

A student may receive credit for many of the courses offered at Delaware Technical \& Community College by taking a competency evaluation administered by the department chairperson or his/her designee. The exact nature of the evaluation will be determined by the evaluator. In order to qualify for the credit by examination, the student must have completed the admissions process and request approval in writing for the course in which he/she wishes to receive credit by examination. In addition, the student must not have received prior instruction at Delaware Technical \& Community College in the course in which he/she is seeking credit by examination.
Since no instruction has taken place, a grade will not be assigned to credits awarded by examination. Successful completion of a course by examination will appear on the student's transcript as
"Advanced Standing Credit." Credits earned by way of examination may not be applied toward the residency requirement of the College. A fee equivalent to tuition for one credit hour will be assessed for each course which a student attempts to complete by examination.

## 2. EVALUATION OF TRANSFER CREDITS

Credits from another institution may be accepted as they apply to the established curricula of the College. It is the responsibility of the transferring student to request evaluation of credits prior to course enrollment, to request an official transcript from
the transferring institution, to submit the necessary materials including copies of the appropriate catalog describing the previous training, and to pursue the status of that evaluation upon enrollment. The student must have completed the admissions process before transfer credits are officially evaluated.

Insofar as possible, prior course work will be accepted toward the degree. Time limits for prior course work must meet departmental guidelines. Only those courses with a grade of "C" or better will be accepted. Transfer credits may not be applied toward the College residency requirements.
Credits awarded by transfer will not appear on the student transcript until the student (who is declared in a technology program) has successfully completed three weeks of instruction at the College, after the official withdrawal period and is in Satisfactory Academic Standing.

## 3. TRANSFER BACK POLICY

Students who have transferred from Delaware Technical \& Community College without earning an associate degree, diploma, or certificate may complete program requirements by transferring back courses that have been earned at other institutions. If the student attended Delaware Technical \& Community College within two calendar years, the transfer-back course(s) would be entered upon the student's record when the courses are accepted by Delaware Technical \& Community College.
If the student has not been enrolled in Delaware Technical \& Community College for any of six consecutive terms, including summer sessions (two calendar years, the student must follow the readmission process and current curricular requirements for graduation.

Time limits on Delaware Technical \& Community College courses as well as courses being transferred back must meet departmental guidelines. The student must satisfy all requirements for graduation.
4. PRIOR LEARNING/WORK EXPERIENCE ASSESSMENT
Students seeking College credit through evaluation of non-credit learning or work experience must obtain an application for Prior Learning/Work Experience Assessment from an advisor or department chairperson. Students must be fully qualified and declared in a technology program to be accepted as an applicant for the evaluation process. Upon acceptance for the process, the student will pay a fee equivalent to tuition for a one credit course.
5. INTERNAL CAREER EDUCATION PATHWAYS
Students who enroll in Corporate and Community Programs (CCP) non-credit certificate programs may be eligible to receive credit course equivalency for some non-credit courses as they apply to a technology degree program in the same career pathway. Student competencies will be evaluated via hands-on performance assessments, evaluations during internships, written exams, certification tests and/or other academically appropriate methods. Internal Career Education Pathway information may be obtained from the Dean of Instruction or Director of Corporate \& Community Programs.
6. INTER-CAMPUS TRANSFER OF ADVANCED STANDING CREDIT Advanced standing credits approved by a Delaware Technical \& Community College campus become a part of the student's permanent record and will not be suppressed or negated by any campus of Delaware Technical \& Community College.
7. CLEP/DANTES

Students who have taken CLEP (College-Level Examination Program) or DANTES (Defense Activity for Non-Traditional Education Support) tests may request CLEP or DANTES to forward the results to Delaware Technical \& Community College for evaluation for advanced credit. Specific CLEP or DANTES tests which apply to the student's A.A.S. degree program may be granted corresponding Delaware Technical \& Community College credit.
8. CREDIT FOR ADVANCED PLACEMENT TESTS
The College recognizes the Advanced Placement Program offered through the College Board of the Educational Testing Service and grants credit, upon documentation, for Advanced Placement Test scores of three or higher. In order to obtain Advanced Placement credit, the student must submit official test scores to the Admissions Office for review by the appropriate chairperson.

## ATTENDANCE

Each student is expected to attend class regularly in order to achieve maximum benefit from educational activities. Each student is responsible for all classwork missed regardless of the reasons for absence. The standards of performance to be met by each student will be set by each instructor for his/her own course in keeping with the standards and policies of each Delaware Technical \& Community College campus. The expected performances will be defined at the beginning of the course, and student's performance in relation to the established standards shall determine the student's grade in a course.
A student who stops attending a class and does not notify either his/her counselor or instructor of dropping a class will receive an unofficial withdrawal ("U" grade) for the course. An unofficial withdrawal is calculated in the grade point average as a "recycle." An
unofficial withdrawal ("U" grade) may affect financial aid or veterans' benefits eligibility. The College is required by law to submit attendance reports on students who are funded by veterans' benefits, social security payments, and other state, federal, and private scholarship programs.

## CONTRACT YEAR

The student's contract year, as used to determine the curriculum requirements necessary for graduation, is determined by the date the student is formally accepted into an approved technology program (major). As some students may change their majors from time to time, so may the contract year change. The contract year can never be earlier than the contract year acceptance date. The contract year will always be the same as or later than the acceptance date that the student chooses to fulfill the requirements of the accepted curriculum.

## CURRICULUM CHANGES

Changes in curriculum are made with permission of the faculty advisors involved. The student must file a Change of Program/Status Form.

## COURSE DROP PROCEDURE

If a student has a schedule conflict or needs a schedule change, he/she must obtain a drop/add form and obtain appropriate approvals. The student then takes the completed form to the Registrar's Office. The day the form is received by the Registrar's Office determines the official date for the student's course schedule change. Students may withdraw officially ("0" grade) from a course during the first two (2) weeks of the semester for any reason. From the third week through the tenth week, any course that is dropped will be evaluated with a "W" grade. Dates for these grades will be adjusted for the shorter academic sessions.
After the tenth week, any course that is dropped will be evaluated with an "R" grade, figured in the cumulative index as 0 quality points. A grade of "W" will be considered beyond the tenth week only under extraordinary circumstances which must be documented and
approved by the Dean of Instruction or the Dean's designee. Dates for these grades will be adjusted for the shorter academic sessions.
A student who does not submit an official course drop form and who stops attending the course will receive an unofficial withdrawal "U" grade for the course. An unofficial withdrawal is calculated in the grade point average as 0 quality points. An unofficial withdrawal ("U" grade) may affect financial aid or veterans' benefits eligibility. The College is required by law to submit attendance reports on students who are funded by veterans' benefits; social security payments; and other state, federal and private financial aid and scholarship programs.

## COURSE SECTION CHANGE AND ADD PROCEDURES

Students may change a course section, using the drop/add form on Banner Web or in person during the first week of the semester. Students may change a course section after the first week of the semester with instructor(s) approval.
Students may add a new course using the drop/add form during the first week of the semester with advisor/counselor approval. Students may add a course during the second week of the semester with advisor/instructor, and/or Dean of Instruction approval. After the second week of the semester, a student may only add a course with instructor and Dean of Instruction approval.
The student must take the completed form to the Registrar's Office. The day the form is received by the Registrar's Office determines the official date for the student's course schedule change.
Dates for schedule changes will be adjusted for shorter academic sessions.

## WITHDRAWAL FROM THE COLLEGE

Any student who is considering withdrawal from the College should consult a College counselor. Official withdrawal is important since it may affect tuition refunds, readmission to the College, and the grade point average. Courses in which the student is enrolled at the time of withdrawal from the College will be graded in accordance
with the grading policy applied to the drop/add policy.

## READMISSION TO THE COLLEGE

Students who have previously attended Delaware Technical \& Community College must follow the readmission process when they have not been been enrolled for any of six consecutive terms, including summer sessions (two calendar years)
Readmitted students will be responsible for the current requirements of the program they are entering. Readmitted students will have a new contract year to reflect the current graduation requirements of the program.
Readmitted students whose courses are over 10 years old may not apply those courses towards a certificate, diploma, or degree. Continuously enrolled students with courses over 10 years old on their record may apply them towards certificate, diploma and degree requirements. Time limits for prior coursework must meet departmental guidelines.

## GRADE POINT SYSTEM (4.00)

The grade point average (GPA) for each student is based upon the scale of grade point values, and it is weighted for each course by its credit value. Cumulative grade point averages (CUM) are also based upon the grade point values, and these have been maintained for all students enrolled since the fall 1977.

1. Effective fall 1991, the following grading system is in effect:

| 92-100 | A |
| :--- | :--- |
| $83-91$ | B |
| $75-82$ | $C$ |
| $0-74$ | $R$ |

2. The following is the College grading interpretation:
A - Student meets the measurable objectives in an outstanding manner.
B - Student meets the measurable objectives in an above average manner.
C - Student meets the measurable objectives.
R - Student has not met the measurable objectives and must repeat the course.
L - Listener/Auditor (with approval only).
I- Incomplete.
S - Continuing Satisfactory (used only in courses with numbers under 100).
0 - Withdrawal with approval of College during the refund period.
U - Withdrawal without approval of College.
W - Withdrawal with approval of College.
3. The CUM starts with fall 1977. The following grades are included in the GPA calculation:

A - 4.0 Grade Point Value
B - 3.0 Grade Point Value
C - 2.0 Grade Point Value
R - 0.0 Grade Point Value
U - 0.0 Grade Point Value
The CUM includes these inactive grades. The grade of "D" (Distinctive) and "P" (Proficient) became inactive fall quarter, 1978.

D - 4.0 Grade Point Value
P-2.5 Grade Point Value
Note: Students who receive an "S" grade and are receiving V.A. educational benefits will be paid for the course during the first term of enrollment only. If the student reregisters for the course, the course cannot be included in the total V.A. credit hours reported for benefits.

All students who receive an "S" grade must re-enroll in the course within the succeeding term in order to improve his/her grade unless exception is made by the Dean of Instruction or his/her designee.

The following grades are excluded from the GPA calculation:

I- Incomplete
0 - Withdrawal with approval of College during the refund period.
L - Listener/Auditor (as approved at the Campus level)
W - Withdrawal with approval of College.

The following grades are given in Basic and Pre-Tech courses and are excluded in the GPA calculation:

AE - Meets measurable objectives in an outstanding manner
$B E$ - Meets measurable objectives in an above average manner

CE - Meets the measurable objectives
RE - Has not meet the measurable objectives and must repeat course

SE - Continuing Satisfactory
4. Definition of terms:

## Grade Point Value

The value assigned to the grades:
"A," "B," "C," "R," and "S," and
"U." The inactive grades of " D " and
" $P$ " will continue to carry grade point value historically.

## Quality Point

The product of the grade point value multiplied by the quality hours of the course.

## Quality Hours

The credit hour value of the course.

## Term GPA

The total quality points earned during the term divided by the total quality hours attempted. Pre-tech and Basic courses will not be included in the calculation of term GPA. Term GPA will
not be recalculated unless one of the two following conditions occurs:
A. An "l" grade is resolved.
B. A grade change is authorized.

## Cumulative GPA

The total cumulative quality points earned divided by the total cumulative quality hours attempted. The cumulative GPA is a historic index of all work taken at Delaware Technical \& Community College and is not recalculated when a student changes programs (majors). Work taken at other institutions is not included in the calculation of the cumulative GPA. Pre-tech and basic courses are no longer included in the cumulative GPA. The cumulative GPA at the end of each term will not be recalculated unless one of the two following conditions occurs:
A. An "l" grade is resolved.
B. A grade change is authorized.

## ACADEMIC AMNESTY PROCEDURE

Any student who has an R (Recycle) or a U (Unofficial Withdrawal) in a course prior to the fall of 1993 (94-1) and has successfully repeated the course(s) ( $A, B, C$ grade) or the semester equivalent may petition the Dean of Instruction or his/her designee to eliminate the non-completion grade from his/her CUM grade point average calculation. Each non-completion grade in the same course will be eliminated from the CUM GPA grade point average calculation.

Academic Amnesty does not change accumulated financial aid history. Accumulated term and award limits include all terms of enrollment. Each non-completion grade remains on the transcript.

## GRADE POINT AVERAGE ADDENDUM

When a student repeats a course, the first passing grade will be calculated in the grade point average (CUM GPA). A student can request that a higher grade (for coursework 1994-01 forward) be included in the CUM by submitting a request to the Registrar's Office. All courses taken and grades received will remain on the student's transcript. Selective admissions processes, scholarships, and academic award decisions at other colleges and universities
may take into consideration the complete academic record of the student.

## FRESH START POLICY

Any student who has not attended Delaware Tech for a minimum of three years and upon readmission, completes a minimum of 12 credits in consecutive terms with at least a 2.00 G.P.A. may petition the Dean of Instruction to eliminate the course grades received prior to the readmission term in the cumulative G.PA. calculation except courses that fulfill graduation requirements. Fresh Start is granted only one time per student and is irreversible.
Fresh Start is effective the term a student is readmitted to the College and will not exclude credits from the earned hours calculation. All grades and courses remain on the student's transcript

## INCOMPLETE "I" STUDENT EVALUATION

The incomplete "I" evaluation may be given by an instructor in situations where extenuating circumstances prevent the student from completing the course work. The following conditions must be met:

1. The extenuating circumstances must occur after the drop period has ended.
2. The student must be making satisfactory progress in the course.
3. It must be reasonable to complete the remaining course work and objectives under "I" circumstances (i.e., outside of the regular course format).
4. Prior to an instructor agreeing to giving or posting an "I" grade, approval for an " $I$ ' grade should be given by the department chairperson and Dean of Instruction responsible for the course.
Students who receive an incomplete course evaluation must complete the requirements for the course within the time frame specified by the instructor or by the end of the semester following the term in which the "l" is received if no time frame is specified. Otherwise
the incomplete grade will be changed to a Recycle and the student must register for the course in a future term. For "I" grades earned at the end of the spring semester, the student will have until the end of the fall semester to complete the requirement unless a shorter time period is specified by the instructor. The student and instructor determine how the incomplete portion of the course will be completed. If an instructor deems it essential that an incomplete be extended beyond the deadline, a request in writing should be sent to his/her chairperson for endorsement and then to the Dean of Instruction for approval. The request should include a projected date of completion and the reason for the requested extension. A student who receives an incomplete grade does not reregister for the course.

## SATISFACTORY "S" STUDENT EVALUATION

The " S " evaluation is used only in courses with numbers under 100 where the student has progressed satisfactorily. This grade can be received only one time per course. Student must re-enroll in the course within the succeeding term in order to improve their grade unless an exception is made by the Dean of Instruction or designee.

## LISTENER/AUDIT "L" EVALUATION

Students who wish to change from credit to Listener status must change their registration status prior to the end of the "add" period and will receive an evaluation of " $L$ " at the end of the semester.

Students may change from Listener to credit status under the following conditions:

1. the request must be made prior to the end of the "add" period.
2. the student must meet all admission requirements for College Instructional Division credit programs and
3. must have instructor, department chair, and Dean of Instruction approval.

## ACADEMIC RECOGNITION PRESIDENT'S LIST

To be eligible for the President's List, a student must:

1. Earn 12 or more credit hours in courses at the 100 level or above in one term.
2. Have a term GPA of at least 3.8.
3. Have no "I" or "S" grades. If "I" grades are later changed to passing grades, thereby affecting President's List eligibility, the student may request a letter noting President's List recognition. This letter may be used for employment, college transfer, or other personal purposes.
4. Receive an "A," "B," "С," "0," or "W" in all courses of enrollment below the 100 level.

## DEAN'S LIST - <br> FULL-TIME STUDENTS

To be eligible for the Dean's List, a student must:

1. Earn 12 or more credit hours in courses at the 100 level or above in one term.
2. Have a term GPA of at least 3.25.
3. Have no "I" or "S" grades. If "I" grades are later changed to passing grades, thereby affecting Dean's List eligibility, the student may request a letter noting Dean's List recognition.
4. Receive an "A," "B," "С," "0," or "W" in all courses of enrollment below the 100 level.

## PART-TIME STUDENTS

A student will receive a letter of recognition, signed by the Dean of Instruction and Dean of Student Services, if the student has earned at least 6 credit hours but less than 12 credit hours in courses in one term at the 100 level or above, has a term GPA of at least 3.25 , and meets requirement three (3) of the Dean's List criteria.

## GRADUATION HONORS

Students earning a Cumulative Grade Point Average from 3.25 to 3.49 will graduate Cum Laude. Those earning a CUM GPA from 3.50 to 3.79 will
graduate Magna Cum Laude. Those earning a CUM GPA from 3.8 to 4.0 will graduate Summa Cum Laude. The Graduation Honors are printed on the graduation program and on the student's transcript at time of graduation.

## ACADEMIC HONESTY POLICY

Students are expected to be well motivated and constructive in their pursuit of learning in the educational environment. Attendance at the College is a privilege, not a right; students, by the act of registration, concede to the College the right to require the withdrawal of any student at any time when it is necessary to safeguard the College's ideals of scholarship and character, and to secure compliance with its regulations.

The College regards academic dishonesty on the part of students as unacceptable behavior that could result in dismissal.

## Forms of Academic Dishonesty

## CHEATING

An act of deception by which a student misrepresents that he/she has mastered information on an academic exercise that he/she has not mastered:
A. Copying from another student's test paper, project, or computer programs.
B. Allowing another student to copy from a test paper.
C. Using the course textbook or other material such as a notebook brought to a class meeting but not authorized for use during a test.
D. Collaborating during a test with any other person by receiving information without authority.
E. Using specifically prepared materials during a test e.g., notes, formula lists, notes written on the student's clothing, etc.

## ACADEMIC MISCONDUCT

The intentional violation of college policies, by tampering with grades, or taking part in obtaining or distributing any part of an unadministered test:
A. Stealing, buying, selling or otherwise obtaining all or part of an unadministered test.
B. Selling or giving away all or part of an unadministered test including answers to an unadministered test.
C. Bribing any other person to obtain an unadministered test or any information about the test.
D. Entering a building, office, or computer system for the purpose of changing a grade in a grade book, on a test, or on other work for which a grade is given.
E. Changing, altering, or being an accessory to the changing and/ or altering of a grade in a grade book, on a test, a "change of grade" form, or other official academic records of the College which relate to grades.
F. Entering a building or office for the purpose of obtaining an unadministered test.

## FABRICATION

The intentional use of invented information or the falsification of research or other findings with the intent to deceive:
A. Citation of information not taken from the source indicated.
B. Listing sources in a bibliography not used in the academic exercise.
C. Inventing data or source information for research or other academic exercise.
D. Submitting as your own any academic exercise (e.g., written work, printing, etc.) prepared totally or in part by another.
E. Taking a test for someone else or permitting someone else to take a test for you.

## PLAGIARISM

The inclusion of someone else's works, ideas, or data as one's own work. When a student submits work for credit that includes the words, ideas, or data of others, the source of that information
must be acknowledged through complete, accurate and specific footnote references, and if verbatim statements are included, through quotation marks as well. By placing his/her name on work submitted for credit, the student certifies the originality of all work not otherwise identified by appropriate acknowledgement. The student will avoid being charged with plagiarism if there is an acknowledgement of indebtedness.
A. Whenever one quotes another person's words.
B. Whenever one uses another person's idea, opinion or theory, even if it is completely paraphrased in one's own words.
C. Whenever one borrows facts, statistics, or other illustrative materials - unless the information is common knowledge.

## ACADEMIC STANDING POLICY

1. ACADEMIC STANDING

A student Cumulative Grade Point Average (CUM GPA) for total credits attempted must be equal to or greater than that indicated on the Minimum CUM GPA for Satisfactory Academic Standing Table. (See Table I)

## 2. ACADEMIC WARNING

A student who has not earned the required CUM GPA will be placed on Academic Warning and restricted to a maximum of 12 credits in the next semester of attendance. A student on Academic Warning must meet with an advisor to make the necessary adjustment to his/ her schedule for the next semester. A student who pre-registers and is classified as Academic Warning after grades are processed must meet with the technology advisor to make the necessary schedule adjustment. If a student does not meet with the advisor, he/she will have their course load reduced by the advisor.
3. ACADEMIC PROBATION A student will be placed on Academic Probation, if in two
successive semesters, he/she does not meet the minimum CUM GPA specified in Table I. The student will be identified in the Student Records System as Academic Probation and restricted to a maximum of eight (8) credits. He /she will receive a computer generated letter informing them of their academic status and directing them to contact their advisor. A student who preregisters and is classified as Academic Probation after grades are processed must meet with an advisor to make the necessary adjustment. If the student does not meet with the advisor, he/she will have their course load reduced by the advisor. If the student is not satisfied with the advisor's selection of eight (8) credits or the reduced course load, he/she may appeal in person to the Dean of Instruction or the Dean's designee. A student who withdraws from the College while on Academic Probation will retain that status when readmitted until he/she earns the Minimum CUM GPA identified in Table I.

## 4. ACADEMIC SUSPENSION

A student on Academic Probation for three successive semesters (excluding summer) will be placed on Academic Suspension I. A student on Academic Suspension is not permitted to enroll in credit courses for one semester. When a suspended student returns to the College, the student will be on Academic Probation until he/she reaches the Minimum CUM GPA identified in Table I.

If a student returns from Suspension I and remains on probation for three successive semesters (excluding summer), he/she will be on Suspension II. A student on Suspension II is not permitted to register for courses for one year.

If a student returns from Suspension II and remains on probation for three successive semesters (excluding summer),
she/he will be on Suspension III. A student on Suspension III is not permitted to register for courses for two years.

## 5. ACADEMIC PROGRESS

The Academic Progress Table (Table II) is used to determine the rate of student course completion as part of the advisement process and to determine Academic
Progress for financial aid students.

## TABLE I <br> Minimum CUM GPA For Satisfactory Academic Standing

The table below represents the Minimum Cumulative Grade Point Average needed to be in good standing at Delaware Technical \& Community College. Official withdrawal grades are not counted in the GPA calculation. The CUM GPA is calculated using all courses taken.

| Credits | Average |
| :---: | :---: |
| $1-15$ | $>1.5$ |
| $16-30$ | $>1.6$ |
| $31-45$ | $>1.8$ |
| $46+$ | $>2.0$ |

## TABLE II <br> Academic Progress Table (Financial Aid)

This table is to be used for advisement only. It represents the minimum number of credits a student should successfully complete (with an $\mathrm{A}, \mathrm{B}, \mathrm{C}$, or S ) used cumulatively now by Financial Aid Officers. Because the number of credits successfully completed is based on the original number of credits scheduled, courses in which the student receives a withdrawal grade (W) are counted as Credits Scheduled and do have an effect on the calculation.

| Credits <br> Scheduled | Credits <br> Completed |
| :---: | :---: |
| 1 | 1 |
| 2 | 2 |
| 3 | 2 |
| 3 | 3 |
| 4 | 3 |
| 5 | 4 |
| 6 | 5 |
| 7 | 5 |
| 8 | 6 |
| 9 | 7 |
| 10 | 7 |
| 11 | 8 |
| 12 | 9 |
| 13 | 9 |
| 14 | 10 |
| 15 | 11 |
| 16 | 11 |
| 17 | 12 |
| 18 | 13 |
| 19 | 13 |
| 20 | 14 |
| 21 | 15 |
| 22 | 15 |
| 23 | 16 |
| 24 | 17 |
| 25 | 17 |
| 26 | 18 |
| 27 | 19 |
| 28 | 19 |
| 29 | 20 |
| 30 |  |

## PROGRESS EVALUATION STANDING

The successful completion (with a grade of $A, B, C, A E, B E, C E, S E$, or S) of twothirds (2/3) of all courses attempted is needed for a student to have a good progress evaluation standing. All courses are included (including zero-
level) in this calculation. This Progress Evaluation standing is to be used for advisement only. There are five levels of Progress Evaluation:

## Good progress

Positive grades in $2 / 3$ of courses attempted
Progress warning
First term below $2 / 3$ positive grades

## Progress probation 1

Second term in a row below $2 / 3$
positive grades
Progress probation 2
Third term in a row below $2 / 3$ positive grades

## Progress review

Four or more terms in a row below $2 / 3$ positive grades

## DEFINITION FOR CREDIT HOURS

A credit hour is generally equivalent to, at a minimum, one hour of classroom study and outside preparation, two hours of laboratory experience, or three hours of internship/practicum/fieldwork/clinical experience; or a combination of the foregoing, times the number of weeks in the term.

A semester credit hour is equivalent to, at a minimum, 16 hours of classroom contact plus appropriate outside preparation, 32 hours of supervised laboratory plus appropriate outside preparation, 48 hours of internship/
practicum/fieldwork/ clinical experience; or a combination of the foregoing.

## BASIC \& PRE-TECH COURSES

Because of the College's policy on open door admission, basic and pretech courses are considered to be an integral part of the College's instructional programs.

## CREDITS IN RESIDENCE

Candidates for the associate degree must complete a minimum of twentyfour (24) credits of course work at Delaware Technical \& Community College. At least twelve (12) credits of the residence requirement must be technical courses from the program in which the degree is awarded. Candidates for the diploma must complete twelve (12) credits of the residence requirement with six (6) credits in technical courses. Candidates for the certificate must complete all course credits at Delaware Technical \& Community College. Credits earned under the Advanced Standing Policy may not be applied toward the
residency requirements of the College. Exceptions to this policy may be made with the approval of the appropriate Dean of Instruction.

## GRADUATION POLICY

A student is eligible for graduation when the following requirements have been met:

1. The student has satisfactorily completed courses specified for a degree or diploma in his/her technology program/major area as certified by the department chairperson and the Dean of Instruction and verified by the Registrar.
2. The student has filed an official application for graduation with the Office of the Dean of Student Services.
3. The student has satisfied all financial obligations owed the College.
4. The Credits in Residence requirements have been met.

No Delaware Technical \& Community College diploma or degree is to be awarded or the student allowed to participate in official graduation ceremonies unless that student has completed all requirements for said diploma or degree.

## OVERSUBSCRIBED PROGRAMS NOT OFFERED IN EACH COUNTY

The President of Delaware Technical \& Community College is authorized to establish enrollment quotas for qualified candidates by county for those oversubscribed programs offered in one or two counties and not offered in the other county or counties. At no time shall the quota for the campus offering the program be less than two-thirds of the entering enrollment.

## Sussex County Location

Jack F. Owens Campus Route 18, P.0. Box 610, Georgetown, Delaware 19947 (302) 856-5400

The Owens Campus, named tor the College's first Vice President and Campus Director, is the county hub for higher education. The 146-acre campus provides Sussex County with comprehensive educational opportunities, including degree programs, skill development, pre-college youth programs, and community outreach. This optimum level of programming enables the campus to serve 16,000 people each year.
The College is accredited by the Middle States Commission on Higher Education. In addition, 13 programs have earned national program accreditation by their professional accrediting organization. This status ensures that the educational processes at the campus are of the highest quality, meeting rigorous national standards. Each program has a community-based advisory board of employers that enables programs to be up-to-date and to produce work-ready graduates.

The complex of buildings includes: the Jason Technology Center (classrooms, engineering, computer and medical labs, educational technology labs, faculty offices, bookstore); the Arts \& Science Center (health programs, the Learning Center, theatre, art gallery); Student Services Center (admissions, registration, business, financial aid, counseling services, student activities, dining hall); Stephen J. Betze Library; Child Development Center; Trades \& Industry Building; Environmental Training Center; the Center for Language and Culture; and the William A. Carter Partnership Center, which features partnerships between the College and the county's public schools and senior institutions of higher education.

Through its partnerships with Delaware State University, Wilmington College, and the University of Delaware, Delaware Technical \& Community College graduates have the opportunity to pursue selected bachelors, masters, and doctoral degree programs at the Owens Campus. Other facilities on campus are the horticulture center and a recreational complex. Off-campus sites include a facility for Commercial Transportation training located at the county industrial
airpark, and the John \& Elsie Williams Conference Center in Millsboro.

To broaden and strengthen the educational opportunities for its students, Delaware Technical \& Community College has "connected degrees" with colleges/ universities in Delaware, Maryland, and Pennsylvania. Following an established curriculum for a connected degree, students earn the associate degree at Delaware Technical \& Community College and then take specific courses to complete the bachelor's degree with the partner institution.
Reinforcing its commitment to community service, the Owens Campus has established educational partnerships with Cape Henlopen School District, Gumboro Community Center, and Bethany/Fenwick Chamber of Commerce. These partnerships enable residents to seek higher education or pursue noncredit offerings at a convenient local site.

## STEPHEN J. BETZE LIBRARY

The Stephen J. Betze Library maintains a collection of over 55,000 volumes of technical, specialized, and general interest. The collection is enhanced by approximately 95,000 federal government publications to serve the needs of students and the general public.

## DelTechtive, the Collegewide Library

 online public access catalog, provides access to both print and electronic resources. The Betze Library subscribes to more than 13 online computer databases. The Library also receives a grant which provides reference telephone and e-mail reference services to the general public.Cooperating with county and state library networks, the Library is electronically connected to the other academic and public libraries in Delaware.

Subscriptions to over 500 periodicals, including newspapers of local, national, and international scope provide continual sources of up-to-date information. Audiovisual equipment, microfilm/ microfiche reader/printers, and video cassette recorders are also available for use.

Seating in the library accommodates approximately 350 persons. Individual study rooms, carrels, and small conference rooms further enhance study and research. The Stephen J. Betze Library is open to students and the community, Monday through Saturday.

## INSTRUCTIONAL COMPUTER

Twenty instructional computer labs are located in the Jason Technology Center. Each lab contains a total of 20 student workstations and one instructor's workstation that is connected to an overhead video projection unit for student viewing. The labs also contain a VCR and a high speed laser printer.

The Open Lab, available to all students during the day and evening, has 34 computers with CD-RW drives that contain the same software utilized in the classroom labs. Specialized software offers additional support to students in their areas of study. The Open Lab also contains transcription machines, workstations, four videotape viewing stations, scanners, laser and color printers.

The Learning Center offers peer and instructor tutoring, computer assistance, and course related software programs. The programs and services of the Learning Center are available to all students at Delaware Technical \& Community College, Owens Campus.

## CAREER PLANNING \& PLACEMENT

The Career Services Center is the point of contact for students and alumni who want to learn about career opportunities.

The Career Services Center is the central location for reference books, online college catalogs, and resume critique services. The Center offers a variety of services including an internet-based career planning program, interviewing techniques, job search strategies, occupational information, career building workshops, an electronic employment data bank that offers employers, students and alumni an exclusive opportunity to post jobs and resumes, as well as college transfer information and internet access.

## ATHLETICS/RECREATION Intercollegiate Athletics

The Owens Campus competes in Region 19 of the National Junior College Athletic Association (NJCAA) in three sports: baseball, softball and golf. Athletic eligibility is certified through the Athletic Director's Office and verified on the regional and national level by the NJCAA.

## Recreation Facilities

As a community focal point, recreational activities are planned for both student and community use. Outdoor amenities include a Life Course, picnic pavilion, baseball and softball fields, regulation horseshoe pits, a marked walking track, volleyball courts and an Olympic-size swimming pool with an adjacent 12-foot diving pool. Indoor facilities available for students include basketball, volleyball, table tennis, a fitness and wellness center.

## Programs Of Study

## Owens Campus

## ASSOCIATE IN APPLIED SCIENCE DEGREE PROGRAMS (A.A.S.) (Unless otherwise indicated)

## ASSOCIATE OF ARTS IN TEACHING

DEGREE PROGRAM (A.A.T)

- Airframe Maintenance Technology
- Allied Health

Emergency Medical Technology (Paramedic)
Laboratory Technology
Medical Assistant Technology
Medical Laboratory Technology
Occupational Therapy Assistant
Technology
Physical Therapist Assistant
Technology
Radiologic Technology

## New Castle County Location

Delaware Technical \& Community College's Stanton/Wilmington Campus has two locations in New Castle County. The Stanton Campus location is in a suburban area of the county, and the Wilmington Campus location is about seven miles away in downtown Wilmington. Free sbuttle bus services run between the two locations during daytime hours.

## Stanton/Wilmington Campus

## STANTON:

400 Stanton-Cbristiana Road
Newark, Delaware 19713
(302) 454-3900

Situated on a hundred acres of rolling countryside, the suburban Stanton Campus site is located just off Exit 4 of Interstate 95. The campus' convenient location allows easy access from all parts of New Castle County. Instructional facilities at Stanton include nursing, computer, science, and engineering technology laboratories, a culinary arts kitchen and demonstration dining room, automotive programs and laboratories, a newly renovated library and career center, and computer labs. The campus has a spacious and modern cafeteria and bookstore, a conference center which holds up to 250 people, and instructional television classrooms. Instructional television classrooms are equipped with state-of-the-art distance learning technology; both fiber optic and satellite equipment are utilized. The Industrial Training Facility houses the industrial training programs in areas such as employee development and environmental health and safety.

Stanton Campus enrolls more than 11,000 students in day and evening credit courses and non-credit corporate and community program courses.

Programs offered include science and engineering technologies, nursing, criminal justice, and culinary arts.

## WILMINGTON: <br> 333 Shipley Street <br> Wilmington, DE 19801 <br> (302) 571-5300

Located in the Christina Gateway section of downtown Wilmington, the campus consists of three modern education buildings. The East Building houses the cafeteria, bookstore, classrooms, career center and laboratories for instructional purposes. The West Building contains instructional classrooms and laboratories, and the library. A 450-car capacity garage and surface parking facilities are adjacent to the Campus. The Southeast building includes classrooms, labs, offices, a dental clinic, an amphitheater with seating for 100 , and an instructional television studio.

Credit and non-credit enrollment at Wilmington totals over 6,000 students yearly.
Technology programs offered include allied health, public service and business/computer-related technologies.

An extensive English as a Second Language program and federal and state-funded job training programs offered by the Corporate and Community Programs Division are also available at the Wilmington Campus site.

## STANTON/WILMINGTON CAMPUS LIBRARIES

The Stanton/Wilmington Campus has library collections which are tailored to the technologies offered at each location. The print and automated indexes provide information on the holdings of both campuses. Frequent courier service transports books and other materials from one campus to the other. The combined facilities have over 69,000 volumes and 600 periodicals on general and technical topics. Audiovisual materials are available including films, videotapes, kits and microfilm. Listening and viewing equipment is available as well as microfilm readers/printers and copying machines. Group study rooms are also provided.

Students with valid Delaware Technical \& Community College identification cards and current registration schedules have borrowing privileges at the other Delaware Technical \& Community College libraries, the University of Delaware and Delaware State University. With a letter of introduction from a Delaware Technical \& Community College reference librarian, students may also borrow from Wilmington College, Goldey-Beacom College and Widener University.

Interlibrary Ioan is provided chiefly through the New Castle County library network as well as the Tri-State-College Library Cooperative, a network of college libraries in New Jersey, Pennsylvania and Delaware.

## MICROCOMPUTER LABS

Both campuses have several computer classrooms as well as a designated open lab that students can use outside of class hours. Lab personnel are always available to offer assistance.

All students taking credit classes will receive an Internet e-mail account after registration. The account will remain active as long as the student continues to register for each semester without interruption. The Internet is used in many classes for research as well as communication with the instructor. All computer labs and libraries on campus have Internet access. Limited remote access allows students with suitable home computer equipment to check their e-mail from home.

## CAREER PLANNING \& PLACEMENT

The Career/Placement Centers offer career assistance to students and members of the community. Services include DISCOVER (a computerized career planning program), individual and group counseling, interest and skills assessment, job search strategies, and college and transfer information. The centers hold career and job information in the forms of publications, slides, films, videos and books. Students receive assistance in the total jobhunting process including interview preparation, resume writing and job-
search techniques. A list of up-to-date full-time and part-time jobs is also available for students.

## ATHLETICS/RECREATION

Intercollegiate Athletics
The Stanton/Wilmington Campus competes in intercollegiate athletics as a member of the National Junior College Athletic Association (NJCAA), which includes schools in New Jersey, Southeastern Pennsylvania and Delaware. The women's volleyball team has been consistent Region 19 Champions, and many campus athletes from all sports have been named to AllAmerican teams.

Athletic eligibility is certified through the Athletic Director's Office and verified on the regional and national level by the NJCAA. Students from either campus compete in: women's volleyball, men's soccer, men's basketball, and women's softball. The campuses have also sponsored students with outstanding success in individual sports (for example, golf, tennis, cross country, wrestling) in NJCAA regional and national events.

Recreational Facilities
The Stanton/Wilmington Campus has a variety of recreational facilities for student use. A multipurpose gymnasium and athletic fields accommodating a wide range of recreational, intramural and collegiate sporting events are located at the Stanton Campus site. Racquetball and basketball courts are available at Wilmington. Both locations contain Fitness Centers housing Nautilus and other fitness-related equipment. Activity Coordinators organize intramural sport programs throughout the school year.

Charles L. Terry Campus<br>100 Campus Drive<br>Dover, Delaware 19904-1383 (302) 857-1000

Named in honor of the late Governor Charles L. Terry, J., the Terry Campus is located in the northern part of Dover, Delaware's capital city. The Campus serves as a technical higher education resource located in central Delaware. The Terry Campus prides itself on the personal attention it provides its students. Each matriculated student is assigned both a counselor and an advisor to help guide them through their chosen academic program. Over 6,900 fulltime and part-time students enroll each year in diversified technical associate degree programs, diploma programs, and certificate and special interest offerings. Campus programs are primarily designed to be a resource for students to enhance employment skills, abilities, and knowledge in order to meet the needs of area businesses, industries, and government agencies.

All degree and diploma programs have published major curriculum competencies which identify the skills that students will possess upon successful completion of a program. Major curriculum program areas include engineering technology, health care, business, and public services. The Campus' Corporate and Community Training Division provides an additional resource for individuals and employers with customized training and retraining services.

The Campus' learning environment is a combination of both lecture and individualized courses depending upon course content. Classes meet in the Terry Building, the Science and Engineering Technology Center, the Conference and Training Center, and the adjacent Education \& Technology Building. Classroom instruction is supplemented by individualized resource learning labs. The lab facilities provide students with flexible and varied opportunities to master course objectives and curriculum competencies.

In addition, many courses are offered on CD-ROM, online, and as telecourses.

Classes are conducted year round with day, evening and weekend offerings. Applicants are accepted for each of the academic semesters, as well as the summer session. Financial aid and scholarships are available to qualified applicants. The Conference Center provides satellite conferencing with downlink capability, distance learning with one way audio/video communication, room and seating for 200 people which can be divided to accommodate simultaneous programs.

## LIBRARY

The Terry Campus library provides academic support to students and faculty through a variety of services. A technical lending library of books, periodicals and audiovisuals, along with online resources assure that students have opportunities to develop information literacy skills as they complete course assignments and projects. Librarians provide courseintegrated instruction sessions, which include providing students with guided experiences in using the online College catalog and indexes. A College Libraries Home Page provides access to many library resources and services to distance learners. Consultation with librarians is offered to all students through regular reference and referral services and through enrichment sessions scheduled throughout the year. Access to information and materials beyond the college libraries is supported by the Internet, OCLC, document delivery services, and affiliation with the Delaware Division of Libraries and other Delaware libraries. Operating hours during the regular academic year are Monday through Thursday, 8:15 A.M. to 10:00 P.M.; Friday, 8:15 A.M. to 4:30 P.M.; and Saturday, 9:00 A.M. to 1:00 P.M. Sunday, closed.

## MICROCOMPUTER LABS

Microcomputer labs are located throughout the campus to assist students (supplement classroom activities) in areas such as reading, writing, math, business, computer information, engineering, and computer graphics. Staffed by qualified technicians, the labs are open during both day and evening hours to accommodate students' busy schedules.

## CAREER PLANNING \& PLACEMENT

Located within the Campus' Assessment Center, the Placement Office assists students in the identification and pursuit of their career goals. Computerized career guidance tools such as DISCOVER and The Self-Directed Search are offered free of charge to help students and members of the community. Information regarding specific careers is on file in the career library. A bulletin board with job postings for full and part-time positions is located outside the Assessment/Career Center. Individual career counseling is available on an appointment basis.

## RECREATION FACILITIES

The Terry Campus has a Fitness Center that houses Nautilus and other fitnessrelated equipment. The programs provide regular exercise, health/wellness education and recreational workouts for the benefit of the students and employees. Cardio-Kinetics, Inc. has a full-time Exercise Physiologist who manages and operates the fitness center Monday thru Friday. The professionally staffed facility is open daily to all full-time students and available to part-time students for a nominal fee.

Outdoor facilities include tennis, volleyball and basketball courts, athletic fields, walking trails, and a picnic pavilion.

## Programs of Study

At Delaware Technical \& Community College students may be accepted in associate degree, diploma, or certificate programs.

## ASSOCIATE DEGREE PROGRAMS

The Associate in Applied Science degree curricula prepare students for immediate employment and provide a balance between the studies necessary to earn a livelihood and those needed for understanding and participating in social, political, and cultural activities. The Associate of Arts in Teaching Degree curriculum prepares students to transfer to a senior institution in order to complete a baccalaureate degree in teaching. Classes are scheduled in the early morning, late afternoon, evening and/or weekends to meet the students' demands. Distance Education classes are also available. The College provides quality instructors, experienced counselors, and other support staff to all students.

If you plan to transfer to another college after completing an associate degree at Delaware Technical \& Community College, consult with your academic advisor to determine whether your associate degree program is articulated with a senior institution. These connected degree programs (www.dtcc. edu/connecteddegree/) have transfer provisions you need to know. For other transfers, consult the College catalog or the Admissions Office of the institution which you plan to attend as soon as possible. Transferability of courses and programs is determined solely by the institution to which the student transfers.

## DIPLOMA \& CERTIFICATE PROGRAMS

Diploma and certificate programs and courses prepare students for specific employment. All programs are tailored to meet the needs and abilities of the individual and to provide a marketable skill which will enable him/her to compete successfully in the job market. Additional information may be obtained by calling the Admissions Office at your nearest campus.

## COOPERATIVE EDUCATION/ INTERNSHIP PROGRAMS

Cooperative Education/Internship is a partnership between the student, business, industry, government, or service agencies, and the College. This work experience is available in selected technologies and may be scheduled for one or two semesters. The College classroom exposes the students to facts, theories, and principles; the student applies those principles and theories in an actual job environment. A student on a co-op/internship can receive training and experience in a professional environment that supplements learning in a campus lab, classroom, or library.

## ENGLISH AS A SECOND LANGUAGE

The ESL program serves the varied needs of persons for whom English is not a native language. Participants can develop communication skills which will enable them to succeed in the United States. English skills will be developed so that students can prepare themselves to participate more independently in American society and, if they desire, pursue a college degree.

## SPECIALIZED OCCUPATIONS

The Specialized Occupations program was established to meet the special training needs of Delaware business, industry, and professions. The objectives are twofold:

1. To satisfy the educational needs of employers and employees in areas where employment opportunities are too limited to justify establishment of formal education programs.
2. To prepare employees for new or increased responsibilities at their present place of employment through a combination of college-level studies and appropriate on-the-job experience.

## SERVICEMEMBER'S OPPORTUNITY COLLEGE (SOC)

As a recognized Servicemember's Opportunity College, the College has established programs geared to the needs of active servicemen, servicewomen, and veterans. Advanced credit for non-traditional and/or military education and experience is available through departmental testing and evaluation. The College grants credit by examination through the use of departmental examinations, the CollegeLevel Examination Program (CLEP) and/or DANTES (Defense Activity for Non-Traditional Education Support). SOC guidelines are applicable to all programs offered by the College.

## CORPORATE AND COMMUNITY PROGRAMS

The Corporate and Community Program Division provides a broad range of education and training geared to meet specific corporate and community needs. The Division serves its constituency through programs in four main areas: Conferences \& Seminars, Community \& Continuing Education, Corporate \& Contract Training, and Workforce Training. Corporate and Community Programs is the outreach arm of the College, encompassing special projects not available through other instructional areas. The Conference \& Seminars Unit serves the community by arranging meetings and classes in the campus Corporate Training Center and other campus facilities. This component works with the public and private sector to provide conference services, including event planning and delivery. Many classes and seminars are conducted utilizing the College's distance learning capabilities.

## dISTANCE LEARNING

Delaware Technical \& Community College has implemented distance learning to enhance instruction at each campus location. Students may select online courses, telecourses, interactive video courses and CD-ROM courses as part of their technology programs or for career and personal development. A fiber optic network links Stanton,

Terry and Owens Campuses through two-way interactive, full-motion video, providing a convenient and cost effective means to deliver educational programs. Teleconferences from national and international sites can be downlinked in each county, bringing recognized expertise to state residents. The College is a fully FCC licensed facility for uplinks worldwide.

## THE DELAWARE TECHNICAL \& COMMUNITY COLLEGE/ UNIVERSITY OF DELAWARE ASSOCIATE IN ARTS DEGREE PROGRAM

## OWENS, TERRY, AND WILMINGTON CAMPUSES

The Delaware Technical \& Community College/University of Delaware Associate in Arts Degree Program is a liberal arts program primarily for students interested in areas of study offered by the University of Delaware's Colleges of Arts and Sciences, Business and Economics, Education, Agriculture and Human Resources. The program consists of University courses taught by University faculty.
Students may earn a University of Delaware Associate Degree through completion of 60 credit hours of instruction in their area of concentration. Bachelor degrees are awarded by the University of Delaware to those students who continue their studies at the University, completing a minimum of 124 credits including general University requirements, group, and major requirements. (Minimum credits may be higher in certain majors.) Admission decisions consider the student's academic record, Scholastic Aptitude Test scores, and recommendations from the high school. Students are offered admission and provided an evaluation of total qualifications which indicates potential for success.
Financial aid is available to assist qualified students. Applicants must complete the College Scholarship Service Financial Aid Form. Application is made through the University of Delaware Admissions Office using the University's application. Applications
are available at Delaware Technical \& Community College, the University, or at any Delaware high school guidance office.

Please visit the Delaware Technical \& Community College or University of Delaware websites for more information.

## AIR FORCE ROTC

Delaware Tech students have the opportunity to become a commissioned officer in the United States Air Force while earning a degree by participating in the ROTC program through a crosstown agreement with the University of Delaware. The applicant selection and instruction is the responsibility of the University of Delaware. For more information, contact the ROTC Office at (302) 831-2863 or visit the University of Delaware website at www.udel.edu/ afrotc.

## PROGRAMS OF STUDY

On the following pages you will find the programs of study open to you at Delaware Technical \& Community College. Students may obtain a curriculum sequence listing from the appropriate campus advisor. Required courses and course sequence may differ at each campus due to local job requirements, local advisory committee recommendations, and substitution of an internship program for certain courses.

## STUDY ABROAD OPPORTUNITIES

Delaware Technical \& Community College offers short-term study abroad courses. These credit courses with an integrated study abroad component are generally offered during the summer semester lasting approximately ten to twenty-one days. Many of these courses can/will be accepted as an elective to curriculum programs. For a list of current study abroad opportunities, contact your International Education Coordinator at your home campus or visit the International Education webpage at: www.dtcc.edu/international.

## AIRFRAME MAINTENANGE

AIRFRAME MAINTENANCE TECHNOLOGY<br>A.A.S. Degree (Owens Campus)

#### Abstract

The Airframe Maintenance Technology associate degree program prepares graduates for entry-level positions as airframe maintenance technicians. Graduates will acquire knowledge and skills needed in the fabrication, inspection, maintenance, repair, and testing of aircraft. Graduates will possess the training qualifications and be capable and competent to successfully pass the Federal Aviation Administration airframe mechanic certification examinations.

## ALLIED HEALTH

## DENTAL HYGIENE TECHNOLOGY <br> A.A.S. Degree (Wilmington Campus)

The Dental Hygiene program provides comprehensive educational experiences for qualified students to achieve the knowledge and skills necessary to be eligible for licensure and employment as dental hygienists. The program in dental hygiene is accredited by the Commission on Dental Accreditation. The Commission is a specialized accrediting body recognized by the United States Department of Education. The Commission on Dental Accreditation can be contacted at (312) 440-4653 or at 211 East Chicago Avenue, Chicago, IL 60611-2678

The program includes didactic, laboratory and clinical experiences. The program cycle begins once a year in the fall semester. Interested applicants should contact the Allied Health counselor and request special entrance requirements.

The Dental Hygiene program offers an extension program through the Terry and Owens Campuses for students wishing to attend locally. This program utilizes both campuses for didactics and the hospital dental clinic on the Dover Air Force Base for clinical experiences. Interested
applicants should contact the technology advisor at the campus nearest to their home for special entrance requirements.
NOTE: General Chemistry (CHM 110) within the past five years is a prerequisite requirement for this program.

## ALLIED HEALTH

## DIAGNOSTIC MEDICAL SONOGRAPHY TECHNOLOGY

A.A.S. Degree (Wilmington Campus)

Diagnostic Medical Sonography is the art and science of employing high frequency sound waves to image organs, vessels, masses, and fluid accumulations within the body. The skilled sonographer, qualified by academic and clinical training, assists the physician in assessing both disease processes and the state of well-being. The Diagnostic Medical Sonography program is accredited by the Joint Review Committee on Education in Diagnostic Medical Sonography (JRCDMS) 2025 Woodlane Drive, St. Paul, MN 55125-2998, (651) 731-1582 of the Commission on Accreditation of Allied Health Education Programs (CAAHEP) 35 East Wacker Drive, Suite 1970, Chicago, IL 60601-2208, (312) 553-9355 to prepare students for national certification in general sonographic learning concentrations. Courses are offered on campus and at a variety of clinical affiliates. Employment opportunities in this dynamic field exist in a wide range of settings such as hospitals, clinics, and doctors' offices. Other opportunities are available in veterinary medicine, industry, sales, mobile services, and the private sector. Interested
applicants should contact the technology counselor for special entrance requirements.
NOTE: General Chemistry (CHM 110) within the past five years is a prerequisite requirement.

# EMERGENCY MEDICAL TECHNOLOGY (PARAMEDIC) 

A.A.S. Degree (Owens, Terry \& Wilmington Campuses)

The Emergency Medical Technology Program prepares students to provide advanced prehospital emergency care under medical command authority to acutely ill or injured patients. Students will recognize, assess, and manage a medical or trauma emergency, record and communicate pertinent data to designated medical command authority, and direct and coordinate the transport of the patient. Students study both on campus and at a variety of field sites. This is a nationally accredited program that prepares students for the National Registry Examination.

# EMERGENCY MEDICAL TECHNOLOGY MANAGEMENT OPTION <br> A.A.S. Degree (Terry Campus) 

#### Abstract

The Emergency Medical Technology Management Option curriculum provides the currently certified paramedic with a well rounded foundation in supervision and management. Students complete courses in supervision, management, and organizational behavior. The program culminates with a multidisciplinary capstone that will provide practice experience in supervisory situations. Students are provided the preparation needed for successful employment and promotion within emergency medical services.

# EXERCISE SCIENCE TECHNOLOGY <br> A.A.S. Degree (Wilmington Campus) 

#### Abstract

This curriculum is designed to prepare students as fitness technicians. Students will learn to properly conduct health screenings, administer exercise tests, and develop cardiovascular and strength training exercise programs. Through the technical component of the program, students will develop an in-depth understanding of exercise physiology, kinesiology, exercise testing, and fitness programming. Graduates will be qualified to sit for various certifications as offered by the American Council on Exercise (ACE), National Strength and Conditioning Association (NSCA), and American College of Sports Medicine (ACSM) as a Personal Trainer, Aerobic Instructor, Lifestyle and Weight Management Counselor, and Health Fitness Instructor. Interested applicants should contact the technology counselor and request special entrance requirements.

HISTOTECHNICIAN TECHNOLOGY
A.A.S. Degree (Wilmington Campus)

Histotechnology is the art of preparing tissue through specialized cutting, embedding, and staining procedures for both research and diagnostic purposes. The histotechnician is the skilled specialist who prepares and stains these thin tissue specimens for examination by pathologists, dermatologists, researchers, and biologists. They are also trained to perform immunohistochemistry, complex molecular biology and genetic testing procedures using high-tech instruments. Histotechnicians may be employed in hospitals, dermatology laboratories, outpatient laboratories, veterinary facilities, or research laboratories. They work with pathologists, dermatologists, pharmaceutical companies, or forensic investigators. The specimens they prepare can be of human, animal, marine, or plant tissue. The program is fully accredited through the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS) 8410 W. Bryn Mawr Avenue, Suite 670, Chicago, IL 60631-3415, (773) 714-8880 and prepares students to sit for the A.S.C.P. examination. Interested applicants should contact the technology counselor for special entrance requirements.

## MEDICAL ASSISTANT TECHNOLOGY

A.A.S. Degree (Owens \& Wilmington Campuses)

The Medical Assistant is a multiskilled professional who works with other members of the health care team performing both clinical duties (assisting with patient care) and administrative duties (performing medical office duties.)
Graduates of the program may be employed in physicians' offices, hospitals, and other health care facilities. The program consists of course work in the following: keyboarding, medical transcription, business and computer applications for the medical office, insurance coding, phlebotomy, routine diagnostic testing, performing electrocardiograms, obtaining vital signs, and assisting the physician in clinical procedures. In addition to course work and laboratory experiences on campus, students are required to complete a supervised internship in a medical facility. The Associate Degree program at the Wilmington Campus is accredited by the Commission on Accreditation of Allied Health Education Programs (www.caahep.org) upon the recommendation of the Curriculum Review Board of the American Association of Medical Assistants Endowment (CRBAAMAE).
Commission on Accreditation of Allied Health Education Programs 35 East Wacker Drive, Suite 1970

## Chicago, IL 60601-2208 <br> 312-553-9355

Graduates may apply to take the certification exam given by the (AAMA). Successful candidates are Certified Medical Assistants (CMA).

## MEDICAL LABORATORY TECHNOLOGY

A.A.S. Degree (Owens Campus)

The Medical Laboratory Technology Associate Degree program prepares the student who wishes to seek employment as a medical laboratory technician in hospital laboratories, independent laboratories, physicians' offices, community health agencies, or as a technician in research centers, pharmaceutical laboratories, biomedical laboratories, or as a quality control technician in food processing or manufacturing companies.

Students wishing to enroll in the program will be required to submit evidence of a physical examination. The program includes didactic course work on campus followed by a clinical affiliation in an approved hospital. The program is fully accredited by the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS) 8410 W. Bryn Mawr Avenue, Suite 670, Chicago, IL 60631-3415, (773) 714-8880 which qualifies the graduates to take the ASCP registry examination for Medical Laboratory Technicians. Students will be required to complete the program within four calendar years.

# OCCUPATIONAL THERAPY ASSISTANT TECHNOLOGY 

A.A.S. Degree (Owens \& Wilmington Campuses)

The Occupational Therapy Assistant is an individual who works under the supervision of a certified occupational therapist. The Occupational Therapy Assistant works with individuals or groups by implementing meaningful interventions which support participation in mastering everyday activities (occupations) at home, at work, at school, and in the community. For those with a disability, condition, or impairment being able to perform activities of daily living (ADL) is an important step toward a life that is as independent, productive, as satisfying as possible. The Occupational Therapy Assistant Program is designed to provide general education in the biological, behavioral, and health sciences followed by integrated occupational therapy instruction and laboratory experiences on campus and fieldwork experiences in approved facilities. The Occupational Therapy Assistant Programs at the Owens and Wilmington Campuses are accredited by the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association, Inc. (AOTA), Iocated at 4720 Montgomery Lane, P.O. Box 31220, Bethesda, MD 20824-1220. AOTA's phone number is (301) 652-AOTA (2682). AOTA's website is: http:// www.aota.org. Graduates will be able to sit for the National Certification Examination for the Occupational Therapy Assistant administered by the National Board for Certification in Occupational Therapy (NBCOT). After successful completion of this exam, the individual will be a Certified Occupational Therapy Assistant (COTA). Many states, including Delaware, require licensure to practice; however, that licensure is based on the results of the NBCOT Certification Exam. Level II Fieldwork (OTA 231 and OTA 232) must be completed within 18 months of the didactic course work for the OTA Program. Interested applicants should contact the technology counselor for special entrance requirements. NOTE: High School-level Chemistry or above within the last five years is a prerequisite requirement for the Program.

ALLIED HEALTH
PHYSICAL THERAPIST ASSISTANT TECHNOLOGY

A.A.S. Degree (Owens \& Wilmington Campuses)

Physical Therapist Assistants are licensed health care workers who provide physical therapy services under the supervision and direction of the physical therapist. They assist with data collection, implement delegated patient interventions, modify interventions within the established plan of care, participate in discharge planning and followup care, document the care provided, and educate and interact with health care team members including families, caregivers, students and patients. Students study both on campus and at varied clinical sites. Graduates of the program may be employed by hospitals, rehabilitation centers, private practice clinics, home health agencies, and other health care settings. The Physical Therapist Assistant programs at the Wilmington Campus and the Owens Campus are accredited by the Commission on Accreditation in Physical Therapy Education, 111 N . Fairfax Street, Alexandria, VA 22314, (703) 706-3345, http://www.apta. org/education/accreditation. Interested applicants should contact the technology counselor for special entrance requirements.

## RADIOLOGIC TECHNOLOGY

A.A.S. Degree (Owens \& Wilmington Campuses)

Radiography is the art and science of using radiation to provide images of the tissues, organs, bones, and vessels that comprise the human body. Radiologic technology students are trained in the precise use of highly technical equipment, the application of specialized techniques, and patient interaction. The radiologic technologist is an essential member of the health care team. Radiologic technologists assist radiologists (physicians specializing in radiology) in identifying or ruling out fractures or disease. The programs are accredited by the Joint Review Committee on Education in Radiologic Technology (JRCERT) (312-704-5300) located at 20 N. Wacker Street, Suite 2850, Chicago, IL 60606-2401. Graduation from an accredited program in radiography ensures eligibility to apply for admission to the certification examination administered by the American Registry of Radiologic Technologists (ARRT). In addition to the related and technology courses, students must complete an integrated clinical experience in area radiology departments. Students wishing to pursue this technology may do so by applying to the College, seeking specific information from the Radiologic Technology program counselor or department chairperson at the campus where the student wishes to attend.
NOTE: General Chemistry (CHM 110) within the past five years is a prerequisite requirement for the Wilmington and Owens Campuses.

## ALLIED HEALTH

RESPIRATORY CARE TECHNOLOGY
A.A.S. Degree (Owens \& Wilmington Campuses)

Respiratory Care is an allied health specialty involved in the treatment, management, and diagnostic evaluation of patients with problems of the cardiopulmonary system. Respiratory Care is one of the most dynamic allied health fields, undergoing a continuous process of discovery and improvement in both therapeutic techniques and related modes of mechanical assistance. The Wilmington and Owens Campus programs are accredited by the Committee on Accreditation for Respiratory Care (COARC), 1248 Harwood Road, Bedford, TX 76021-4244, (817) 2832835, of the Commission on Accreditation of Allied Health Education Programs (CAAHEP), 35 East Wacker Drive, Suite 1970, Chicago, IL, 60601-2208, (312) 553-9355, and prepare students for the National Board for Respiratory Care (NBRC) Entry Level and Advanced Practice Examinations. Courses are offered on campus and at a variety of clinical affiliates. Interested applicants should contact the technology counselor for special entry requirements.
NOTE: General Chemistry (CHM 110) within the past five years is a prerequisite requirement for the Wilmington Campus.

## VASCULAR TECHNOLOGY

## A.A.S. Degree (Wilmington Campus)

Vascular Technology is a specialized learning concentration of Diagnostic Medical Sonography. The skilled vascular technologist is qualified by academic and clinical training to assist the physician in assessing the vascular status of the body in the assessment of both arterial and venous disease processes and the state of well being. The Vascular Technology program is accredited by the Joint Review Committee on Education in Diagnostic Medical Sonography (JRCDMS), 2025 Woodlane Drive, St. Paul, MN 55125-2998, (651) 731-1582, of the Commission on Accreditation of Allied Health Education programs (CAAHEP), 35 East Wacker Drive, Suite 1970, Chicago, IL 606012208. Graduates of accredited programs are eligible to sit for national certification as Registered Vascular Technologists (RVT). Employment opportunities in this dynamic field exist in a wide range of settings. Interested applicants should contact the technology counselor for special entrance requirements.
Note: General Chemistry (CHM 110) within the past five years is a prerequisite requirement.

## VETERINARY TECHNOLOGY

A.A.S. Degree (Owens Campus)

The Veterinary Technology Associate Degree program provides students with the theoretical and technical skills essential for a wide-range of career options in animal health and management. The curriculum is designed to prepare students for careers as veterinary technicians and for positions in animal hospitals, diagnostic laboratories, research laboratories, animal health industry, zoological parks, and emergency/ specialty clinics. The program focuses on the development of laboratory testing techniques, clinical assisting procedures, humane animal care and nursing skills, and hospital management practices. In addition to course work and laboratory experience, students are required to complete one supervised externship at a variety of animal care facilities.

AGRIBUSINESS MANAGEMENT OPTION

A.A.S. Degree (Owens, Terry, Stanton \& Wilmington Campus)

Agriculture plays an extensive and essential part in today's economy. Individuals seeking a career in agriculture and its related occupations will discover the need for a formal education is now greater than ever. The investment in a modern agricultural enterprise is too costly to permit poor planning and preparation. Sound principles of production, management, and marketing are vital to the successful undertaking of an agricultural business. A broad spectrum of agriculture-related careers extends beyond the farm. Employers look to two-year technical colleges for qualified employees, and entrepreneurs look to the associate degree as a means to prepare them for ownership of an agribusiness.

Agribusiness Management prepares students for positions related to the agriculture industry by developing their knowledge of agriculture, business and economics. This technology will enable graduates to obtain positions with large corporations, small business or government agencies. Those who desire to be self-employed may choose to own or operate a farm business. Academics combined with real world experience will prepare students for a variety of employment opportunities.

## TURF MANAGEMENT OPTION

A.A.S. Degree (Owens, Terry \& Stanton/Wilmington Campuses)

> The Turf Management Technology Degree program is designed to provide skills necessary for an individual to attain gainful employment in the turf management industry. The curriculum provides course study for the field of golf course management and professional turf management specialist. The curriculum will prepare the students for careers as golf and turf management technicians, assistant golf course superintendents, assistant equipment managers, horticulturist, irrigation specialist chemical technician, equipment operator and groundskeeper. There is also a diploma and certificate available in this program.
> Note: Students will be required to take certain course at the Owens Campus Turf Grass Lab

## A.A.S. Degree (Stanton \& Terry Campuses)

Architectural Engineering Technology is an intensive mixture of architectural, civil, mechanical, and electrical principles as they relate to building design and construction. The curriculum provides a broad based instructional program suitable to numerous aspects of the building industry. Graduates of the Architectural Engineering Technology program may work as engineering technicians in offices of architects; mechanical, electrical, structural, or civil consulting engineering firms; contractors and developers; municipal, state and federal building regulating agencies; facilities/plant management offices for private industry; and building material suppliers and fabricators. Graduates of this program are prepared for immediate productivity in the profession.

ARCHITEGTURAL ENGINEERING TECHNOLOGY
INTERIOR DESIGN OPTION
A.A.S. Degree (Terry Campus)

Interior design is a highly-skilled profession which encompasses the total design picture. There is a big difference between an interior decorator and a professional interior designer. Interior designers must consider the structure and utilities of a building, client needs and cost effectiveness, as well as aesthetics. It is the designer's job to develop creative solutions to improve the human environment and maximize the function of space. The interior designer prepares technical drawings and designs development drawings to present a successful solution to the client. In addition to residential work, the field of interior design includes such projects as schools, hotels, hospitals, restaurants, theaters, shopping centers, and many more commercial areas. Although the program places a high emphasis on design, students are exposed to all aspects of industry. The program offers students the opportunity to prepare for careers in interior design as designers, draftsmen, color consultants, renderers, specifiers to work in interior design firms, architectural firms, retail stores, and hotel chains, to name a few.

## ASSOCIATE DEGREE NURSING - OWENS

A.A.S. Degree (Owens Campus)

The Associate Degree Nursing Program at the Owens Campus provides multiple learning opportunities through a balance of general education courses, nursing courses and supervised clinical practice. The graduate of the Associate Degree Nursing Program is eligible to take the National Council Licensure Examination for Registered Nurses. The Associate Degree Nurse is prepared to care for individuals in a variety of health care settings. The graduate functions as an integral member of the health care team within the roles of provider of care, manager of care and member within the discipline of nursing. Students have the option to graduate at the end of the first year and receive a diploma in practical nursing, take the National Council Licensure Examination for practical nurses (NCLEX-PN), and continue in the Associate Degree Nursing Program. The nursing program provides a foundation for continuation of higher education through articulation with baccalaureate degree nursing programs.
The Associate Degree Nursing full-time program may be completed in five semesters. Part-time study is available. Advanced placement day and evening is available for Licensed Practical Nurses. Transfer students must follow the transfer policy of Delaware Technical \& Community College. Individuals interested in applying to the nursing programs need to review the admissions procedure and specific admissions criteria for the Associate Degree Nursing Program outlined in the Nursing Department Fact Sheets. The legal requirements for licensure in the State of Delaware are outlined in the Nursing Department Policy Manual.
The Associate Degree Nursing Program at the Owens Campus is approved by the Delaware Board of Nursing and is accredited by the National League for Nursing Accrediting Commission. Information about the program is available from the National League for Nursing Accrediting Commission, 3343 Peachtree Road NE; Suite 500; Atlanta, GA 30326; (404) 975-5000; www.nInac.org
NOTE: High School-level Chemistry within the last five yea or collegelevel Chemistry within the last 10 years, is a pre-admission requirement for this program.

## AUTOMOTIVE TEGHNOLOGY

## A.A.S. Degree (Owens \& Stanton Campuses)

The Automotive Technology Program allows students to select a practical hands-on Certificate or Diploma program or a more rigorous Associate Degree option.

Graduates of the Associate Degree option will be able to perform a variety of preventive maintenance and repair functions on automobiles. Through systematic classroom instruction, completion of required laboratories and structured, mandatory internships, graduates will be able to use printed and electronic information, tools and instruments to diagnose faults and carry out necessary repairs and maintenance procedures.

Graduates of the Certificate or Diploma program will be able to enter the automotive service industry as entry level technicians. Through the completion of the required pre-tech courses, students completing the Certificate or Diploma program may transfer their earned credits toward the Associate Degree program.

## BIOTECHNOLOGY

## A.A.S. Degree (Owens \& Stanton Campuses)

The Biotechnology Degree prepares students for employment in research, industrial or pharmaceutical laboratories. Graduates are employed by local research and development facilities at competitive salaries. The program provides a theoretical and practical education in the various aspects of biology such as molecular biology and microbiology as well as analytical and biochemical techniques. Laboratory facilities include standard lab equipment and modern instrumentation in such fields as electrophoresis, gas and liquid chromatography, and spectroscopy.
The Biotechnology Program not only prepares students who want to acquire entry-level job skills but also offers students a broad selection of courses that are transferable to bachelor degree granting institutions.

There is a growing demand for qualified personnel with business knowledge and skills. Business concentrations are available leading to the Associate in Applied Science degrees, diplomas, and certificates. The following Options are available: A.A.S. degrees in Accounting; Business Administration; Management Information Systems; Management, Marketing; Banking; Hospitality Management; Customer Service; and General Business. Short-term specialized diploma and certificate programs are also available in some of the A.A.S. options listed above. For interest in Diploma Programs refer to the Diploma Program Section.
The Business programs not only prepares students who want to acquire entry-level job skills but also offers students a broad selection of courses designed to maximize transferability to bachelor degree granting institutions.*
The Business programs are a blend of courses designed to prepare students for technical and professional careers. Courses include preparation in accounting, marketing, management, microcomputer applications, and related studies including economics, mathematics, and written/oral communications.
The course work provides detailed study of:
(1) the accounting cycle for sole proprietorships, partnerships, and corporations
(2) the theory and practice of accounting principles, procedures, and assumptions
(3) the theory and practice of auditing, intermediate, cost, and tax accounting
(4) the principles and problems of management and supervision
(5) the principles and problems of marketing, salesmanship, and advertising
(6) the management of information systems
(7) electronic businesses
(8) economic, monetary, and fiscal principles that guide business firms in national and world economies
(9) statistical applications in business
(10) computer applications in business
(11) the principles of financing and investing
(12) written and oral communications
(13) problem-solving and decision making skills

State-of-the-art microcomputers are used to supplement many business courses.
Opportunities-There are a variety of job opportunities available for graduates of the Business technologies.
Opportunities for employment exist in the following:

- federal, state, and local governmental agencies
- small, medium, and large businesses
- colleges, hospitals, and other non-profit organizations
- religious, social, and fraternal organizations

Graduates of the Business programs are prepared to further their education. Courses are transferable to baccalaureate institutions. Students are advised to check the transfer policy of the receiving institution to determine the specifics of course transferability.
*Course and Program Articulation Agreements exist with Delaware State University, Goldey Beacom College, Strayer University, Wilmington University, the University of Delaware, and Widener University.

ACCOUNTING TECHNOLOGY
A.A.S. Degree (Owens, Terry \& Wilmington Campuses)

As a graduate of the Accounting Technology Program at Delaware Tech, you will use your strong accounting skills along with communication, computation and interpersonal skills on the job every day. While a student, you will have the opportunity to gain practical knowledge of the accounting field through internships and class projects. A degree from this program, which has earned national accreditation from the Association of Collegiate Business Schools and Programs (ACBSP), sends a clear signal to potential employers that you have completed a high quality business program that meets rigorous educational requirements established by the ACBSP. Your degree will open the door to many different career paths in accounting. Graduates are employed as general staff accountants for business and industry, and frequently enter the areas of auditing, tax accounting and cost accounting.

## BUSINESS

## GENERAL BUSINESS TECHNOLOGY

A.A.S. Degree (Owens, Terry and Wilmington Campuses)

General Business is tailored to enable students to combine studies in non-business and business courses that best match their individual education goals. This program is intended for full-time business students who plan to transfer to a four-year business college or university after graduation before entering the workforce. This flexibility affords students a unique preparation for continued business studies at an institution of higher learning as well as preparation for professional and technical careers requiring basic business and specific technical skills.

The General Business Programs at the Owens and Terry Campuses are nationally accredited by the Association of Collegiate Business Schools and Programs (ACBSP).

## BUSINESS

## MANAGEMENT INFORMATION SYSTEMS TECHNOLOGY

A.A.S. Degree (Owens, Terry \& Wilmington Campuses)

#### Abstract

(A career in Management Information Systems Technology requires using computer hardware and software for processing information that is vital to the support of the business process. You will also integrate business knowledge with information system concepts to support management functions. A degree from this program, which has earned national accreditation from the Association of College Business Schools and Programs (ACBSP), sends a clear signal to potential employers that you have completed a high quality business program that meets rigorous educational requirements established by the ACBSP.

After graduation with an associate degree, the graduate will be able to solve a variety of technical and managerial problems relating to allocation, storage, analysis and presentation of information.

# MARKETING TECHNOLOGY 

A.A.S. Degree (Owens, Terry \& Wilmington Campuses)

With an education in Marketing, the graduate will be prepared to work in a variety of entry-level marketing positions in different types of organizational settings in all sectors of the business world. You will gain broad-based knowledge of support fields such as accounting, law, computers and communications.

You will gain knowledge and skills in specific areas of marketing, such as advertising, e-marketing, sales and sales management, retailing and graphic design. Marketing courses are offered days and evenings and most are offered using online and other distance learning formats. The Department of Business Technologies has earned national accreditation from the Association of Collegiate Business Schools and Programs (ACBSP) which sends a clear signal to potential employers that you have completed a high-quality business program. Many students and graduates use their employer's tuition reimbursement programs to continue their education in business.

## CHEMICAL PROGESS OPERATOR TECHNOLOGY

A.A.S. Degree (Stanton Campus)

The Chemical Process Operator Technology curriculum prepares students for employment in industrial plants in the chemical, petroleum, polymer and pharmaceutical industry. The chemical industry throughout the state has a great need for trained chemical operators to adjust and optimize conditions for the production of large quantities of products in local chemical plants and pilot plants. Graduates are readily employed by these local plants at competitive salaries. The program provides a practical education in the various aspects of plant operations such as hands-on training in process operations and control, regulatory compliance, and preventive maintenance skills. Laboratory facilities include not only standard lab equipment, but also modern instrumentation in pilot plant technology and computer simulations.

## CHEMISTRY TECHNOLOGY

## A.A.S. Degree (Stanton Campus)

The Chemistry Technology curriculum prepares students for employment in quality control, research and industrial laboratories in chemical and allied industries. Graduates are employed by local research and development facilities at competitive salaries. The program provides a theoretical and practical education in various aspects of chemistry such as organic, biochemical, analytical and industrial chemistry. Laboratory facilities include standard lab equipment and instrumentation in such fields as gas and liquid chromatography and UV, IR, NMR and atomic absorption spectroscopy.
The Chemistry Technology Program not only prepares students who want to acquire entry-level job skills but also offers students a broad selection of courses designed to maximize transferability to bachelor degree granting institutions. The Chemistry Technology program is accredited by the American Chemical Society—Chem Tech Program Approval Service. (CTPAS).

## GHEMISTRY TECHNOLOGY

## CHEMISTRY/MATH CONCENTRATION

A.A.S. Degree (Stanton Campus)

This program is a pathway for Delaware Tech graduates who seek a baccalaureate degree in Chemistry. As a graduate of Delaware Tech, you will have earned an associate degree in Chemistry Technology. This degree will allow you to go directly into laboratory work as a chemical technician or to transfer to the University of Delaware at the junior level as Chemistry major. The Chemistry Technology: Chemistry/Math Concentration provides a theoretical and practical education in chemical principles, techniques, and instrumentation with a special emphasis on mathematics and physics to prepare you for upper division coursework. As a chemistry technician, you will work a laboratory setting preparing solutions, using instrumentation, acquiring and analyzing data. The Chemistry Technology Program is approved by the American Chemical Society.
You will learn fundamental chemical theory and laboratory procedures; chemical and laboratory safety procedures; common laboratory techniques; preparation of solutions; data acquisition and analysis; current techniques in organic and analytical chemistry; and addition knowledge, skills, and abilities essential to your success.
You will earn an associate degree that will provide a pathway to a bachelor's degree program; the opportunity to continue your education in fields such as Chemistry, Pharmacy, Chemical Engineering, and other scientific fields; the skills needed to apply for a position in chemical, pharmaceutical, environmental, or contract laboratories; and enhanced opportunities for advancement to higher level positions.

GIVIL ENAINEERING TECHNOLOGY
DESIGN OPTION
A.A.S. Degree (Stanton Campus)
Civil Engineering Technology is one of the broadest fields in the overallpractice of engineering because its work is coordinated with so manyother areas of engineering. The curriculum provides a broad basedinstructional program suitable to many aspects of the constructionindustry. The employment opportunities are extensive and varying andoffer students numerous challenges in a growing technological society.
Graduates of the Civil Engineering Technology program may work as engineering technicians in offices of civil/surveying/structural/consulting engineering firms; local, state, and federal departments of natural resources; transportation/highway departments; material testing laboratories; and flood control and soil conservation agencies. Graduates of this program are prepared for immediate productivity in the profession.

## COMPUTER INFORMATION SYSTEMS TECHNOLOGY

## A.A.S. Degree (Owens, Terry \& Wilmington Campuses)

The Computer Information Systems Technology prepares students for careers in applied programming and other computer-related fields. Computer concentrations are available leading to Associate in Applied Science degrees, diplomas, and certificates. The following Options are available:

Associate Degree in Computer Information Systems ( $0, T, W$ )
Associate Degree in Microcomputers and Networking (0,T)
Diploma in General Microcomputer Studies ( $0, T$ )
Certificates in COBOL, Microcomputers, Network,
Windows Programming, Web Developer, and RPG (T)

These Options prepare students for computer-related careers in businesses that use hardware ranging from microcomputers to large mainframe computers. Students are also taught to use the wide variety of software found in businesses including microcomputer networks. Each curriculum consists of a core of courses in programming, software applications, systems analysis, and related accounting and mathematics courses. All core courses make extensive use of computers.

## COMPUTER NETWORK ENGINEERING TECHNOLOGY

## A.A.S. Degree (Terry \& Stanton \& Wilmington Campuses)

The Computer Network Engineering program prepares students for careers in the field of networking and data communications. The curriculum, which consists of courses in computing and electronics, is designed to develop students' skills in installing, operating, and troubleshooting computer networks. An introduction to computer languages, including assembly language, C++, and Visual systems is included. The electronics courses enable students to design and trouble-shoot the physical layer of the network. Graduates of this program will find jobs as network technicians, network administrators, and installers.

## GONSTRUCTION MANAGEMENT TECHNOLOGY

A.A.S. Degree (Owens \& Terry Campuses) A.A.S. Degree (Stanton Campus) Evening only

The Construction Management program prepares individuals to work in the office/business end of a construction firm. Students are required to take a core of construction courses and business courses. The student chooses several elective courses to broaden his/her background in a specialized area. Graduates from the program will be prepared to qualify for paraprofessional employment in the construction industry. Career positions include engineering aide, materials and job estimator, assistant construction supervisor/project manager, specification writer, material salesperson, building inspector, and office manager. Graduates of this program are prepared for immediate productivity in the profession.

## CRIMINAL JUSTICE TEGHNOLOGY

A.A.S. Degree (Owens, Stanton \& Terry Campuses)

The Criminal Justice program prepares students for positions in local, state, and federal criminal justice agencies as well as private agencies. Career areas available to graduates are law enforcement and related services, corrections, counseling, probation, and parole. This program provides students the foundation for transfer to public and private fouryear in-state colleges and universities to complete requirements for a bachelor's degree.

## HOMELAND DEFENSE \& EMERGENCY MANAGEMENT

A.A.S. Degree (Stanton \& Terry Campus)

The Criminal Justice Technology, Homeland Defense and Emergency Management Option is a comprehensive technology option that will provide opportunities to partner with non-credit and continuing education offerings of the college. Students may elect to complete an associate degree in the Homeland Defense and Emergency Management Option, take courses in the subject matter while majoring in another career area for a dual associate degree, take courses for a credit certificate in the discipline, or take courses in a non-credit format earning continuing education credits (CEU's').

## CULINARY ARTS TECHNOLOGY

## A.A.S. Degree (Stanton \& Terry Campuses)

This program provides students with the basic skills necessary for pursuing a career as a chef. Graduates will also be prepared for continuing their studies towards an advanced degree. Classes are a combination of classroom lecture and hands-on cooking in the demonstration kitchen. Students also prepare and serve lunch in the restaurant located on campus. Students must complete a practicum (field experience) prior to graduation.
Graduates can expect to find employment in hotels, restaurants, clubs, and institutional settings. The program is a member of the National Restaurant Association and the American Culinary Federation. Interested applicants should contact Admissions for required admissions packet. The Stanton Campus Culinary Arts Technology is accredited by the American Culinary Federation, Foundation Inc. 's Accrediting Commission; 180 Center Place Way; St. Augustine, FL 32095 (800) 624-9458.

DESICN ENGINEERING TECHNOLOGY
DESIGN ENGINEERING (MECHANICAL)
A.A.S. Degree (Owens Campus)
The Design Engineering Technology curriculum is designed to providestudents with a broad knowledge of basic engineering principles. Anemphasis is placed on manufacturing, machining, and mechanicaldrafting and design. The program incorporates hands-on coursesthat provide students with experience in the modern technologiesused in today's manufacturing sector. The program incorporatesdirect experience in CADD (computer-aided drafting and design),CNC (computer numerical control) machining, and CAM (computer-aided manufacturing). Careers in mechanical design, manufacturing,machining, maintenance, technical sales, and engineering managementare likely areas of employment. The Design Engineering Technologyprogram at the Owens Campus is accredited by the TechnologyAccreditation Commission of the Accreditation Board for Engineeringand Technology, 111 Market Place, Suite 1050, Baltimore, MD
21202-4012, telephone: (410) 347-7700.

## EARLY CHILDHOOD EDUCATION TECHNOLOGY

## EARLY CARE \& EDUCATION (Birth to Second Grade) OPTION

## A.A.S. Degree (Owens, Terry \& Wilmington Campuses)

The Early Care and Education (Birth to Second Grade) Option combines the Early Childhood Development curriculum with a student transfer focus. The program prepares students for transfer to four-year in-state institutions to complete requirements for a bachelor's degree and early care/education (Birth to Second Grade) teaching certification. The Early Care and Education (Birth to Second Grade) Option is approved by the Department of Education as the first half of an associate/bachelor's preparation for (Birth to Second Grade) teaching certification. This program offers full articulation with several four-year institutions. Students participate in practicum activities in public and private school systems. This curriculum option offers students the opportunity to work toward a four-year degree while preparing for the various positions in the field of early childhood.

## EARIY CHILDHOOD EDUCATION TECHNOLOGY

## EARLY CHILDHOOD DEVELOPMENT OPTION

A.A.S. Degree (Owens, Terry \& Wilmington Campuses)

The goal of the Early Childhood Education curriculum is to educate and train Early Childhood Professionals in a variety of tasks including curriculum development and implementation, interfacing with parents, program and classroom management. Building on the CDA Certificate and ECE Diploma Options, students receive a broad based education in Social Sciences, English, and Math. The department will arrange for on-site community-based and/or lab school experiences.

## EDUGATION

MATHEMATICS SECONDARY EDUCATION

## A.A.T. Degree (Owens, Terry, Stanton \& Wilmington Campuses)

This associate degree program will prepare students for transfer to a baccalaureate degree program that leads to a teaching career in middle or high school mathematics. The program includes rigorous mathematics content course work, as well as the integration of educational technology and field experiences in a secondary school setting.
Graduates of this program who have completed the associate degree with a cumulative GPA of 2.5 or higher will automatically be accepted into the University of Delaware's Baccalaureate Degree Program in Mathematics Education. Other transfer options are planned for development with public and private four year in-state colleges and universities. See your advisor for details.

PARAEDUCATOR TECHNOLOGY

## A.A.S. Degree (Owens, Terry, \& Wilmington Campuses)

This associate degree program prepares students for a career as a paraeducator in a K-12 school setting. The program provides afoundation in academic skills, child development theory, literacy andmathematics instructional support strategies, and a comprehensiverange of educational experiences necessary for employment. Theprogram will provide course work that may transfer to a seniorinstitution for those students who wish to do so.

## EDUCATION

## PARAEDUCATOR TECHNOLOGY ELEMENTARY EDUCATION OPTION

## A.A.S. Degree (Owens, Terry \& Wilmington Campuses)

Graduates of this option may enter the workforce immediately as a paraeducator in a school setting or they may choose to continue their education. The main focus of this new education option is to prepare students to transfer to a four-year college or university where they will complete their bachelor's degree and become certified to teach elementary school. During the required education courses in this option, students are exposed to the teaching career through a variety of field experiences.

## ELECTROMECHANICAL ENCINEERING TECHNOLOGY

A.A.S. Degree (Terry Campus)

The Electromechanical Engineering Technology Department awards a student an Associate in Applied Science (A.A.S.) degree. To receive this degree, the student must complete training in the fields of electricity, electronics, process control, and hydraulics/pneumatics. The graduating student will be able to construct electrical, electronic, and fluid circuits from engineering designs provided by supervisory engineers, to apply test and evaluation procedures to these circuits, and to correct circuit defects with instrument-aided analysis.

A graduate of this technology is qualified for at least an entrylevel position in the electromechanical field, which includes plant maintenance, small machine repairs, and school or hospital maintenance. A student may also choose to attend a four-year institution and pursue a baccalaureate degree in industrial, mechanical, or electromechanical engineering.

## ELECTRONIGS \& GOMPUTER ENCHNEERING TECHNOLOGY

BIOMEDICAL OPTION
A.A.S. Degree (Terry Campus)

This degree program takes the electronics program and provides course work beyond the normal theories and applications of the electrical/electronics technology field. Courses from the computer and electromechanical engineering technologies and the nursing program become part of the curriculum requirements. Internship work experience in electronics and in a hospital/medical environment is a significant part of the program. A student who is training to be a biomedical technician must have a high level of personal commitment, ethical conduct, and a knowledge of interpersonal relationships in order to enable him or her to interact with medical staff within the hospital/ medical environment. Courses are transferable to four-year degree programs in engineering technology and related programs. Students are advised to contact the department for details.

## COMPUTER ENGINEERING TECHNOLOGY OPTION

A.A.S. Degree (Stanton Campus)

This degree program is a combination of hardware and software principles that a person would experience when dealing with microcomputers. The fundamentals of electrical/electronic theory are covered with specialized courses in computer circuits and device operation as the culmination of the program. Students in this program will develop skills in basic PC telecommunications, installing and maintaining microcomputers, and troubleshooting and repairing microcomputer equipment and peripherals. Advanced skills in data
transmission systems, such as networks and telecommunications systems, will be covered. An introduction to software through computer languages, such as C, C++, or assembly language will be presented. Graduates of this program may find jobs as computer technicians, field service engineers, customer service engineers, or as computer network technicians

ELECTRICAL ENGINEERING TECHNOLOGY OPTION

A.A.S. Degree (Stanton Campus)

## The Electrical Engineering Technology Option is designed to

 prepare graduates for career positions as engineering technicians in advanced technology areas. Graduates work on a variety of highly specialized electronics equipment and products in locations from original manufacturers to final users. This work may include design, construction, testing, installation and support.Graduates offer their employers immediate contributions as team players equipped with a combination of technical knowledge, problemsolving experience and communication skills. Courses in the program include a strong component of practical applications, hands-on laboratory experience and basic theoretical concepts. Computer simulation and applications are an integral part of the curriculum. Studies focus on electrical and electronic circuits, digital circuits, microprocessors, computers, and programmable logic controls.

# ELECTRONICS ENGINEERING TECHNOLOGY OPTION 

A.A.S. Degree (Owens Campus)

The graduate of the Electronics program has extensive training in analog and digital electronics with emphasis on applications and analysis relating to microprocessor, industrial control and communication systems. The students are skilled in computer simulation, robotics, programmable logic controllers, networking, and wireless communications. This program integrates the teaching styles of lecture, demonstration, laboratory and "hands-on" into all course work. Career opportunities in engineering, robotics, avionics, communications, computer electronics, quality control, networking, microwave filters, and manufacturing are likely employment areas.

ELECTRONIGS/ELECTRIGAL ENGINEERING TECHNOLOGY
MATH/SCIENCE CONCENTRATION
A.A.S. Degree (Owens \& Terry Campuses)

The Math/Science Concentration has a core curriculum that emphasizes general engineering fundamentals with intense hands-on laboratory experience focusing on circuit design, applications, and integrated
computer systems. The curriculum provides strong mathematics and science preparation needed for upper-division course work. The program is articulated with the University of Delaware's bachelor's degree in Electrical Engineering. Graduates of the associate degree program are also prepared as entry level electronic technicians.

## ENGINEERING DRAFTING TECHNOLOGY (GADD)

## A.A.S. Degree (Owens Campus)

The Engineering Drafting Technology Program prepares students for a career in the growing computer-aided drafting and design (CADD) profession. The program is designed to cover CADD as it is applied to a broad range of engineering disciplines, including architectural, civil, mechanical, and electronics. Graduates will be prepared to translate ideas, sketches, calculations, and specifications into accurate 2-D and 3-D working drawings. A general knowledge of engineering technology, drafting, and design is provided through the sequence of core and technical courses. The student is then given the choice of four (4) technical electives to further develop their understanding in one of the four engineering disciplines covered. Graduates may work as CAD technicians in offices of mechanical, electrical, architectural, civil, manufacturing, and environmental engineering firms or government agencies.

## ENTREPRENEURIAL TECHNOLOGY

## ENTREPRENEURSHIP

## A.A.S. Degree (Owens, Terry, Stanton \& Wilmington)

The Entrepreneurship Program is a comprehensive program of integrated credit and non-credit offerings providing opportunities for students to learn successful entrepreneurship. Students may complete an associate degree in entrepreneurship, complete entrepreneurship courses while majoring in another career area for a dual associate degree, complete entrepreneurship courses for a credit certificate, or complete entrepreneurship courses in a non-credit format earning continuing education units (CEU's). Supporting Offerings are provided, which relate to each of the entrepreneurship courses. These Supporting Offerings include Meet the Entrepreneur Series and the Tell Me More Series where experts expand upon topics taught in the courses. An annual conference each spring will be a culminating activity.

## ENVIRONMENTAL TECHNOLOGY

## A.A.S. Degree (Stanton Campus)

The Environmental Technology Associate Degree program is designed to prepare students as technicians in the application of scientific and engineering principles to the major areas of importance in the environmental control profession, such as: water pollution control, solid waste management, air pollution control, hazardous waste management, environmental auditing, industrial waste treatment, field sampling, data collection and analysis, environmental assessment, and design and operation of environmental control facilities. The program is purposely general to several pollution fields to prepare students to function in each initially and for later specialization through experience.

## ENVIRONMENTAL TECHNOLOGY

## WATER/WASTEWATER OPTION

A.A.S. Degree (Owens Campus)

This environmental program was specifically designed to prepare students for a career as a highly skilled professional in the water or wastewater field. The curriculum was prepared with direct input from state and federal environmental and regulatory agencies to ensure that the program's content matched current practices for treatment system design, operation, and management. The curriculum provides a combination of science and applied technology specific to the field of water and wastewater treatment. Graduates may find employment as plant operators, technicians, technical sales representatives, or engineering technicians in design firms or related manufacturing industries. Private industry, state, and local governments are sources of employment.

## FIRE PROTEGTION ENGINEERING TECHNOLOGY

## A.A.S. Degree (Stanton Campus)

This curriculum is designed to provide the necessary knowledge and skills to work in many areas of the fire protection field and to help solve fire protection and related safety problems in our complex technological society. Technical changes within industry and an increase in the number, variety, type of chemicals, flammable and combustible products, and population densities have accentuated the fire problem. The fire protection engineering technician has a broad scope of occupational opportunities in a variety of areas which include insurance, industry, equipment manufacturers, municipal, and state agencies. Fire protection engineering technicians apply their knowledge in a systematic approach to plans review, occupancy inspections for code compliance, fire prevention planning, fire safety and loss prevention programs, fire administration, equipment representation and sales, and fire protection system design. Laboratory work, field inspections, and field trips provide added experiences. The Fire Protection program emphasizes design and application principles. In addition to the A.A.S. degree, certificates are offered in specific fire protection fields.

FIRE PROTECTION ENGINEERING TECHNOLOGY
FIRE ALARM OPTION
A.A.S. Degree (Stanton Campus)
The curriculum of the Fire Alarm Option is designed to increase theskills and knowledge of those persons who are working in the firealarm industry now and those persons who are seeking employmentin this branch of fire protection. Students will study several technicalsubjects which are vital to the understanding of fire alarm systems.These subjects include, but are not limited to: basic electricity, initiatingdevices, alarm systems concepts, installation, testing, and maintenance.In addition to the A.A.S. degree, a certificate and diploma are offered.
Graduates of this A.A.S. degree program, in addition to their AssociatesDegree, will be eligible for Certified Fire Inspector I, Certified Fire PlansExaminer I (CFPE) and Certified Fire Protection Specialist (CFPS).

FIRE PROTEGTION ENGINEERING TECHNOLOGYFIRE SCIENCE OPTION
A.A.S. Degree (Stanton Campus)
The Fire Protection Engineering Technology: Fire Science Option is based on the fire science associate degree program curriculum model created by the National Fire Academy. This curriculum model is designed to promote "crosswalks" for students who can apply their academic coursework toward the satisfaction of the national qualification standards necessary for firefighter certifications.
Graduates of this A.A.S. degree program, in addition to their Associates Degree will be eligible for Certified Fire Inspector I, Fire Instructor II, Certified Fire Plans Examiner I (CFPE) and Certified Fire Protection Specialist (CFPS).

## FOOD SERVIGE MANAGEMENT TECHNOLOGY

A.A.S. Degree (Stanton Campus)
This management program prepares students for a professional career in the hospitality industry. In addition to the course work, industry work experience is required for the degree. Students will be prepared for employment in full service dinner houses, family restaurants, institutional facilities, and casual dining operations. The Food Service Management Technology is accredited by the American Culinary Federation, Foundation Inc.'s Accredting Commission; 180 Center Place Way; St. Augistine, FL 32095; 800-624-9458.

HVAG DESIGN ENGINEERING TECHNOLOGY
A.A.S. Degree (Stanton Campus)
The Heating, Ventilating, and Air Conditioning Technician participates in the design and technical support of systems which maintain process conditions and ensure a healthy, comfortable environment within all types of buildings. The curriculum presents theory, engineering principles, and overviews which enable the HVAC technician to develop, select, operate, and test HVAC equipment and systems in cooperation with an engineering staff.

## HUMAN SERVIGES TECHNOLOGY

## A.A.S. Degree (Owens, Terry \& Wilmington Campuses)

The mission of the Human Services Program is to provide students with an educational foundation which will allow them to successfully gain entry level employment within the human services arena and/or to succeed in continuing their education at a baccalaureate level upon graduation. The curriculum and individual courses consist of a balance between providing students with a strong theoretical and content foundation as well as an experiential, skill development component in order to prepare students to continue their education and/or to allow them to interface competently and ethically with clients and colleagues in a career setting.
The Human Service Technology at the Owens Campus and Terry Campus are accredited by the Council for Standards in Human Service Education (CSHSE). The regional offices are located at 2901 Liberty Heights Avenue, Baltimore, MD 21215, (410) 462-7740 and the web site is http://www.cshse.org.

## DRUG AND ALCOHOL COUNSELING OPTION

A.A.S. Degree (Terry \& Wilmington Campuses)

The goal of the Drug and Alcohol Counseling curriculum is to train students in the various theories and techniques which are unique to drug and alcohol counseling. This program will prepare students for entry into the drug and alcohol counseling profession and/or to continue their education at a four-year institution to complete a bachelor's degree. The Drug and Alcohol Counseling courses are accepted by the Delaware Certification Board and lead to partial fulfillment of the requirements for certification.
The Human Service Technology program, Drug and Alcohol Counseling Option at the Terry Campus is accredited by the Council for Standards in Human Service Education (CSHSE). The regional offices are located at 2901 Liberty Heights Avenue, Baltimore, MD 21215, (410) 462-7740 and the web site is http://www.cshse.org.

## MECHANIGAL ENCHNEERING TECHNOLOGY

## A.A.S. Degree (Stanton Campus)

The mechanical engineering technician applies theory and principles of mechanical engineering technology to develop and test processes, equipment and mechanical systems in cooperation with an engineering staff; reviews project construction and engineering drawings to determine specifications, procedures, objectives, problems, and possible solutions; sets up and conducts tests and experiments for complete units or systems to investigate engineering theories regarding improvement in design or performance; analyzes indicated and calculated test results against design or rated specifications; records test procedures, results, and suggestions for improvement; prepares engineering drawings, charts, and graphs. The Mechanical Engineering Technology Degree program is accredited by the Technology Accreditation Commission of the Accreditation Board for Engineering and Technology (ABET), 111 Market Place, Suite 1050, Baltimore, MD 21202-4012, (401) 347-7700.

## OFFIGE ADMINISTRATION TECHNOLOGY

A.A.S. Degree (Owens, Terry \& Wilmington Campuses)

The Office Administration Technology offers a flexible program leading to the Associate Degree in Applied Science. While software applications and office administration skills are the foundation of this program, the course elective structure allows students the opportunity to acquire a broad base of business and computer skills to enhance upward mobility. Software certification opportunities are available.

In addition to the A.A.S. degree program, short-term software certificate and diploma programs are available. Courses completed for these shortterm programs may then be applied to the requirements for the A.A.S. degree.

## OFFICE SOFTWARE SPECIALIST OPTION

A.A.S. Degree (Owens, Terry \& Wilmington Campuses)

This A.A.S. Degree program option provides an opportunity to learn skills to become Microsoft Office Specialist (MOS) certified. The program emphasizes development for software application skills related to word processing, spreadsheets, database management, and presentations. Many employment and career advancement opportunities are available to program graduates. Participants may be eligible to take the Microsoft Office Specialist certification tests in any authorized testing center.

## OFFIGE ADMINISTRATION TEGHNOLOGY

## PARALEGAL OPTION <br> A.A.S. Degree (Owens \& Terry Campuses)

According to the U.S. Bureau of Labor Statistics, the paralegal field is one of the fastest growing professions. To prepare graduates to meet this demand, this technology offers a combination of specialized legal courses and general education courses with emphasis on the development of highly marketable skills. A legal internship provides work experience to supplement classroom knowledge and applications. Diversified employment opportunities are available in federal, state and local government agencies, law firms, the court system, banks, insurance companies, private business, and corporations.
Paralegals may not provide legal services directly to the public except as provided by law.

OPERATIONS MANAGEMENT TECHNOLOGY
A.A.S. Degree (Wilmington Campus)
Combining principles of engineering and business, the Operations Management Technology program prepares the graduate to observe measure, analyze, determine, and recommend operations improvements in industry, business, government, and health services. A broad foundation in both technical and non-technical areas provides graduates with a sound working approach to the human as well as the technological aspects of the problems they will be called upon to solve. Upon graduation, the student is prepared to aid in the design, improvement, installation, and operation of integrated systems of people, materials, and equipment.

## REFRIGERATION, HEATING, \& AIR CONDITIONING

 TECHNOLOGY
## A.A.S. Degree (Owens Campus)

This program offers the opportunity to develop skills leading to the award of an A.A.S. Degree in Refrigeration, Heating, and Air Conditioning. The curriculum is designed to provide the student with practical and theoretical knowledge of refrigeration, heating, and air conditioning systems. The technical courses combine classroom theory with practical, hands-on training. Related courses are intended to prepare students for professional and technical career opportunities.
The degree is awarded to students who complete all required technical and related courses. Diploma and Certificate options are available.

## SAFETY MANAGEMENT TECHNOLOGY

A.A.S. Degree (Stanton Campus)

Safety Management Technology has been developed to meet the needs of safety personnel involved in various activities concerned with safety and health. The courses are selected to prepare safety personnel in the areas of supervision, inspection, training, recordkeeping, investigation, establishing safety committees, training programs, and the procedure for collecting and analyzing environmental samples.

In addition to the A.A.S. Degree, certificates are offered for selected technical courses in the curriculum.

Graduates of this A.A.S. degree program, in addition to their Associates Degree, will be eligible for Certified Fire Inspector I, Fire Instructor II and Certified Fire Plans Examiner I (CFPE).

VISUAL COMMUNICATIONS TECHNOLOGY
ADVERTISING DESIGN OPTION
A.A.S. Degree (Terry Campus)
The Advertising Design Option of the Visual Communications Technologyis a focused curriculum aimed at training new professional creative talentfor the information age. Communicating visual information requiresimagination, skill, and talent. While developing skills in key software forprint and non-print communications, the program stresses the use ofinnovative, creative problem solving. As the information highway becomesmore and more congested, good design and graphics will be needed tocompete for the attention of a visually acute public. A professional in the
visual communication industry would be involved in a range of projects from traditional print items such as brochures, publications and stationery to exhibits, signage, audio-visual presentations, and architectural graphics. Graduates of the program may enter careers as in-house designers for corporations, publishers, schools, retailers, and design firms. Many students work as independent, self-employed designers.

## VISUAL GOMMUNIGATIONS TECHNOLOGY

## MULTIMEDIA DESIGN OPTION

A.A.S. Degree (Terry Campus)

## The Multimedia Design Option of the Visual Communications

 Technology is a new, innovative option that deals with visual media in non-print forms such as CD's, web pages, and interactive formats. This is a computer intensive option that seeks to blend the visual formats of still and video photography with sound and graphics to create presentations that will bring attention to a client's product or service. Students in this option are able to extend their foundation work intraditional media into the electronic realm. Emphasis will be placed on creative problem solving in addition to skill building in intermediate to advanced multimedia software. Presentations will be designed and executed in preparation for inclusion in the student's final portfolio. Graduates of the program may enter careers in corporate or institutional marketing communication departments, electronic publishing firms, or opt for further study at the baccalaureate level.

VISUAL COMMUNICATIONS TECHNOLOGY
PHOTO IMAGING OPTION

A.A.S. Degree (Terry Campus)

The Photo Imaging Option of the Visual Communications Technology is an exciting 21st century blend of traditional photographic processes and computer-based digital photography. This new technology mixes the aesthetics of fine art photography with the speed and flexibility of digital imaging. It is an exciting field with tremendous potential for artistic as well as commercial creativity. The sophistication of imagery from the computer allows designers and photographers to expand the limits of traditional photography. Students will utilize traditional photography, scanned images, and direct digital images to prepare solutions to realistic assignments. All assignments are geared toward the compilation of a final graduate portfolio. Graduates can look forward to being on the cutting edge of this exciting new technology. As the use of the web and other multimedia formats increases, the demand for skilled digital imaging professionals will continue to rise.

WEB INFORMATION SYSTEMS

## WEB DEVELOPMENT TECHNOLOGY

A.A.S. Degree (Owens \& Terry Campuses)

The Computer Information Systems department offers the Web Development degree that provides students with a program of instruction in the development, implementation and management of electronic business operations provided online. This program is designed to provide students with a background in the computer applications needed to assist a company wishing to conduct business using the Internet and the World Wide Web. The students acquire knowledge of basic programming, Web construction, interactive Web sites and Internet scripts. Students will be prepared to: create safe and secure networks for businesses having an online presence, to become Web masters capable of building Web sites, and to become technology strategists able to maximize visits to client's sites.

## ALLIED HEALTH

## EXERCISE SCIENCE STUDIES

Diploma (Wilmington Campus)
This curriculum is designed to prepare students as fitness technicians. Students will learn to properly conduct health screening, administer exercise tests, and develop cardiovascular and strength training exercise programs. Through the technical component of the program, students will develop an in-depth understanding of exercise physiology, kinesiology, exercise testing, and fitness programming. Graduates will be prepared to take the American Council on Exercise (ACE) examinations for certification as a Personal Trainer, Aerobic Exercise Leader, and Lifestyle and Weight Management Counselor.

## ALLIED HEALTH

## HEALTH CAREER STUDIES

Diploma (Owens, Stanton, Terry \& Wilmington Campuses)
Health Career Studies is a program focusing on developing skills for entry into a health technology and leading to a diploma. The student has an opportunity to explore a variety of health careers while improving basic skills or taking basic science courses that may transfer into most health curriculums. Students also have a credential upon completion of the diploma program to apply for entry-level employment at health care facilities. Students are guided through the curriculum according to academic placement.

## ALLIED HEALTH

## MEDICAL ASSISTANT STUDIES

Diploma (Owens \& Wilmington Campuses)

The Medical Assistant is a multi-skilled professional who works with other members of the health care team performing both clinical duties (assisting with patient care) and administrative duties (performing medical office duties).
Graduates of the diploma program may be employed in physicians' offices, hospitals, and other health care facilities. The program consists of course work in the following: keyboarding, medical transcription, computer applications for the medical office, insurance coding, phlebotomy, routine diagnostic testing, obtaining vital signs and assisting the physician in clinical procedures. In addition to course work and laboratory experiences on campus, students are required to complete a supervised internship in a medical facility. Coursework completed to fulfill requirements for the diploma can be applied towards the A.A.S. degree in Medical Assistant Technology. The diploma program is designed to interface with the Medical Assistant Degree program so graduates may complete the additional requirements on a part-time basis if desired.

MEDICAL CODING STUDIES
Diploma (Wilmington Campus)

The Medical Coding Studies is a diploma program that prepares graduates for careers as Medical Coders. A Medical Coder manages and classifies medical data for patient billing using standardized codes. Students learn how to correctly assign codes that indicate patient diagnosis, treatment and outcomes in order to properly document patient care and permit data access, analysis and billing. The program provides didactic courses followed by an internship experience in an approved facility. Graduates of the program find employment in a variety of settings, including hospitals, long-term care centers, mental health facilities, federal, state and local health departments, and insurance companies.

## MEDICAL TRANSCRIPTIONIST STUDIES <br> Diploma (Owens \& Wilmington Campuses)

#### Abstract

The Medical Transcription program is a diploma program that prepares the graduate for employment as an entry-level medical transcriptionist by providing the basic knowledge, understanding, and skills required to transcribe medical dictation with accuracy, clarity, and timeliness, applying the principles of professional and ethical conduct. Students learn to transcribe medical records and documents used in hospitals, physician's offices, and other medical facilities. The medical transcriptionist must have a medical vocabulary and good written communication skills coupled with competency in word processing and transcribing equipment. The program consists of on-campus didactic and laboratory instruction followed by a medical transcription internship in an approved clinical facility.

## PERINATAL ULTRASOUND STUDIES

Diploma (Wilmington Campus)

#### Abstract

Perinatal Ultrasound is a specialty in the diagnostic medical sonography area of allied health. The sonographer with advanced skills is qualified to assist the physicians in assessing both disease processes and the well-being of those who require specialized perinatal care. The program assists the graduate in preparation to sit for examination in the specialty area of OB-GYN. The courses are offered at the Maternal-Fetal Medicine Department of Christiana Care Health Systems, a DMS clinical affiliate. The curriculum includes didactic and clinical experiences for the advanced practitioner, relating to various maternal and fetal applications and complications of high-risk obstetrics. Employment opportunities in this dynamic and challenging field are available in facilities with a high-risk obstetrical practice. Interested applicants should contact the technology counselor for special entrance requirements. NOTE: An A.A.S. degree in the DMS technology is a prerequisite for this program.

# COMMERCIAL TRANSPORTATION STUDIES 

Diploma (Owens Campus)

The curriculum is designed to provide the student with operating skills and practical knowledge of tractor trailer driving with emphasis on business skills needed in the transportation industry. It will prepare the student for entry-level employment as a CDL " $A$ " licensed commercial vehicle driver/operator. Students spend their day in a combination of classroom, range practice, and road training in order to develop safe skills of operation and mechanical familiarization of the equipment. Employment opportunities can be found in either local or long-distance areas of the transportation industry.

# CHEMICAL PROCESS OPERATOR STUDIES 

Diploma (Stanton Campus)

The Chemical Process Operator Studies diploma program prepares students for employment in industrial plants in the chemical, petroleum, polymer and pharmaceutical industry. The chemical industry throughout the state has a great need for trained chemical operators to adjust and optimize conditions for the production of large quantities of products in local chemical plants and pilot plants. Graduates are readily employed by these local plants at competitive salaries. The program provides a practical education in various aspects of plant operations such as hands-on training in process operations and control, regulatory compliance, and preventive maintenance skills. Laboratory facilities include not only standard lab equipment, but also modern instrumentation in pilot plant technology and computer simulations.

## CIVIL ENCINEERING TECHNOLOGY

# CIVIL ENGINEERING STUDIES 

Diploma (Stanton)

The Civil Engineering Studies Diploma Program provides a broad base of important skills needed by civil engineering industries: proficiency in Computer-Aided Design (CAD), an understanding of construction materials and methods, a working knowledge of topographic drafting, the ability to survey and design boundaries and routes, and practice with cost estimating and planning. Core courses in computers, mathematics, language arts, and the social sciences give the graduate additional skills for improved job performance. Potential employers include civil engineers; surveyors; contractors and developers; transportation departments; and municipal, state and federal building regulating agencies. Courses taken to earn this diploma lead directly to an Associate in Applied Science (A.A.S.) degree upon completion of further studies (see program descriptions and Department Chairperson for specifics).

## CULINARY ARTS TEGHNOLOGY

KITCHEN SKILLS STUDIES<br>Diploma (Stanton \& Terry Campuses)

This program is designed specifically for industry professionals and students who are employed or plan to be employed in the hospitality industry as cooks and desire to further their education and begin the advancement to a supervisory position. Courses are offered on a part-time basis and credits earned may be applied to the Associate Degree in the Culinary Arts or Food Service Management Technologies. Industry professionals and students will also acquire the three mandatory classes required by the American Culinary Federation to begin the certification process.

## EARIY CHILDHOOD EDUGATION TECHNOLOGY

EARLY CHILDHOOD STUDIES<br>Diploma (Owens, Terry \& Wilmington Campuses)

The Early Childhood Studies program is an intensive study of the child from birth to eight years. This program prepares the student to work under the supervision of qualified teachers with pre-school children in a day care center, nursery school, or child development center. This program is designed for those currently employed in the child care field or for those considering the Associate Degree Program in Early Childhood Education. Credits earned in this program may be applied toward an Associate Degree in Early Childhood Education Technology.

## ENGINEERING TEGHNOLOGY STUDIES

ARCHITECTURAL STUDIES<br>Diploma (Owens \& Stanton Campuses)

The Architectural Studies Diploma Program provides a foundation of critical skills needed by architectural engineering industries: proficiency in Computer-Aided Design (CAD), an understanding of construction materials and methods, the ability to design and document a building. Core courses in computers, mathematics, language arts, and the social sciences give the graduate additional skills for improved job performance. Potential employers include: architects and engineers; contractors and developers, municipal, state and federal building regulating agencies; facilities/plant management offices; and building material suppliers and fabricators. Courses taken to earn this diploma lead directly to an Associate in Applied Science (A.A.S.) degree upon completion of further studies (See program descriptions and Department Chairperson for specifics).

## ENCINEERING TECHNOLOGY STUDIES

DESIGN STUDIES (MECHANICAL)

Diploma (Owens Campus)

The Design Studies (Mechanical) Diploma Program provides the handson skills needed by engineering and manufacturing industries: proficiency in Computer-Aided Design (CAD), engineering design principles and practice, manufacturing techniques, measurement tools and equipment, and an understanding of blueprint reading. Core courses in computers, mathematics, language arts and the social sciences give the graduate additional skills for improved job performance. Potential employment opportunities include: manufacturing, machining, maintenance, technical sales, and engineering management. Courses taken to earn this diploma lead directly to an Associate in Applied Science (A.A.S.) degree upon completion of further studies (see program descriptions and Department Chairperson for specifics).

## ENGINEERING TEGHNOLOGY STUDIES

SURVEYING STUDIES
Diploma (Owens Campus)
The Surveying diploma program emphasizes hands-on training in the theory and practice of basic surveying. The student will learn the set-up and the use of dumpy levels, automatic levels, transits, theodolites, programmable calculators, EDM, and total stations. The student will acquire skills in taping, traversing, computing cut and fill, curve layouts, area calculations, boundary controls, profile leveling, benchmark transfers, and site layout. When the student completes the program, he or she will be prepared to be an instrument person, notekeeper or office technician, and will be able to perform the duties of each to current acceptable standards. All courses in the one-year program transfer to the two-year Civil Engineering program.
NOTE: See Department Chairperson for specific curriculum.

PRAGTICAL NURSING STUDIES

Practical Nursing education is the means by which individuals acquire the knowledge and skills necessary to function in a variety of health care settings at the direction of a registered nurse and/or licensed physician or dentist. The practical nursing program has full and parttime options available. Courses are designed to include theory and practical application which enables graduates to provide competent patient care. Licensed Practical Nurses may be employed in a variety of health care settings including acute care hospitals, long-term care facilities, and doctor's offices. The Owens Campus Practical Nursing

Program is approved by the Delaware Board of Nursing. Admission to the Practical Nursing Program requires that candidates complete college admission requirements and specific nursing admission criteria. Licensed Practical Nurses may apply for admission into the Associate Degree Nursing program. Advanced placement will be dependent upon meeting admission requirements. A diploma will be awarded upon the satisfactory completion of the practical nursing program. In order to receive a license to practice, the graduate practical nurse must pass the National Council of State Boards of Nursing Examination for Practical Nurses.

## PRAGTICAL NURSING STUDIES

Diploma (Terry Campus)
The Practical Nursing Program at the Terry Campus provides the means by which individuals acquire the knowledge and skills necessary to function in a variety of health care settings at the direction of the registered nurse, physician, or dentist. Courses are designed to include theory and practical application which enables the graduate to provide competent patient care. Licensed Practical Nurses may be employed in a variety of health care settings including acute care hospitals, long-term care facilities, doctor's offices, and public health. Admission to the Practical Nursing Program requires that individuals submit official documentation of high school graduation or equivalent, in addition to the completion of all college admission requirements. Prior to admission to the clinical portion of the program, all students must complete the NLN Pre-Admission Examination-PN. In order to receive a license to practice, the graduate practical nurse must pass the National Council of State Boards of Nursing Examination for Practical Nurses. Licensed Practical Nurses may apply for admission to Associate Degree Nursing programs. Advanced placement will be dependent upon meeting requirements. The legal requirements for licensure in the State of Delaware are outlined in the Nursing Department Admissions Handbook. A criminal background check is required for all students.

Transfer students must follow the transfer policy of Delaware Technical \& Community College. Individuals interested in applying to the nursing program should review the College admission procedure and specific admission criteria for the Practical Nursing Program as outlined in the College Catalog and the Nursing Department Admissions Handbook.

The Practical Nursing Program at the Terry Campus is approved by the Delaware Board of Nursing and is accredited by the National League

#### Abstract

for Nursing Accrediting Commission. Information about the program is available from the National League for Nursing Accrediting Commission, 61 Broadway -33rd floor, New York, NY 10006, 212-363-5555.

## SIGN LANGUAGE TECHNOLOGY

AMERICAN SIGN LANGUAGE STUDIES
Diploma (Wilmington Campus)
The diploma program in American Sign Language not only focuses on the development of language skills and cultural understanding but also includes general education requirements which will better enable students to compete successfully in the job market. In addition to the four levels of American Sign Language, students will study the structure of ASL. Students will improve their overall communication ability by becoming familiar with deaf culture.

## SPECIALIZED OCCUPATIONS

## LASER \& OPTIC STUDIES <br> Diploma (Stanton Campus)

The Laser \& Optics Studies Diploma Program is designed to offer students of any degree program the opportunity to study lasers and optics beyond the Physics II level. Lasers are pervasive in many fields of technology. The theoretical as well as hands-on experience students receive will serve as a solid foundation in the basics necessary to keep up with the advances in laser and optics technology. Further information can be obtained by contacting the Chairperson of the Mathematics/ Physics Department.

## SPECIALIZED OCCUPATIONS TECHNOLOGY

## ENGLISH AS A SECOND LANGUAGE

Certificate (Owens, Terry \& Wilmington Campuses)
The Department of Language \& Culture offers courses to meet the varied needs of persons for whom English is not a native language. Students can prepare themselves to enter the workforce or pursue a degree.

In beginning, intermediate and advanced level courses, students develop listening/speaking, grammar, reading and writing skills needed for communication in everyday life. A certificate is awarded for program completion.

Students who complete the ESL Certificate Program and wish to pursue a degree take ESL 100, ESL for Degree Programs, which gives them acceptance into open-entry Associate Degree Programs at Delaware Technical \& Community College and prepares them for studies in any American College or University.

## Course Descriptions

This section includes a list of courses offered at the College. Not all courses are offered each semester, and not all courses are offered on all campuses. The College reserves the right to cancel any course in the semester schedule for which an insufficient number of students register.

| ACC | Accounting | GER | Gerontology |
| :---: | :---: | :---: | :---: |
| ACE | Academic Challenge English | GET | Engineering (General) |
| ACM | Academic Challenge Mathematics | HIS | History |
| ACR | Air Conditioning \& Refrigeration | HIT | Health Information |
| AET | Architectural Engineering | HLH | Allied Health |
| AGS | Applied Agricultural | HMS | Human Services |
| AID | Interior Design | HRI | Hotel, Restaurant, \& Institutional Management |
| ASL | American Sign Language | HRM | Human Resource Management |
| AUT | Automotive | HTT | Histotechnician |
| BAK | Banking | HVA | HVAC Design Engineering |
| BIO | Biology | IET | Industrial Engineering |
| BUS | Business Administration | IMT | Industrial Maintenance |
| CEN | Computer Engineering | INT | Sign Language Interpreting |
| CET | Civil Engineering | LAS | Laser \& Optic Studies |
| CHM | Chemistry | MAT | Mathematics |
| CIS | Computer Information Systems | MEA | Medical Assistant |
| CLT | Cultural | MET | Mechanical Engineering |
| CMT | Construction Management | MGT | Management |
| COD | Medical Coding | MIS | Management Information Systems |
| COM | Communications | MKT | Marketing |
| CPO | Chemical Process Operator | MLT | Medical Laboratory |
| CRJ | Criminal Justice | MTS | Medical Transcription |
| CSA | CISCO Academy | NCJ | Non-Curriculum Credit Courses Joint-Campus |
| CSM | Customer Service Management | NCN | Non-Curriculum Credit Courses - Stanton |
| CTS | Commercial Transportation | NCS | Non-Curriculum Credit Courses - Owens |
| CUL | Culinary Arts | NCT | Non-Curriculum Credit Courses - Terry |
| CWE | Cooperative Education | NCW | Non-Curriculum Credit Courses - Wilmington |
| DAC | Drug \& Alcohol Counseling | NMT | Nuclear Medicine |
| DHY | Dental Hygiene | NUR | Nursing |
| DMS | Diagnostic Medical Sonography | OAT | Office Administration |
| EBZ | E-Business | OTA | Occupational Therapy Assistant |
| ECE | Early Childhood Education | PFS | Perinatal Ultrasound |
| ECH | Echocardiography | PHY | Physics |
| ECO | Economics | POL | Political Science |
| EDC | Education | POS | Poultry Science |
| EDD | Computer-Aided Engineering Drafting \& Design | PSY | Psychology |
| EDT | Engineering Drafting | PTA | Physical Therapist Assistant |
| ELC | Electronics/Electrical Engineering | PUB | Public Administration |
| ELM | Electromechanical Engineering | RAD | Radiologic Technologist |
| EMT | Emergency Medical Technician (Paramedic) | RCT | Respiratory Care Technician |
| ENG | English | RDG | Reading |
| ENT | Entrepreneurship | SMT | Safety Management |
| ENV | Environmental | SOC | Sociology |
| ESL | English as a Second Language | SPA | Spanish |
| ESM | Emergency Services Management | SSS | Student Services |
| ETC | Ed Tech Certificate Program | VAS | Vascular |
| ETH | Ethnic Studies | VET | Veterinary |
| EXS | Exercise Science | VSC | Visual Communications |
| FET | Fire Protection Engineering |  |  |
| FIN | Finance |  |  |
| FSM | Food Service Management |  |  |

## Administrative, Instructional, and Student Services Personnel

(as of March 2008)

## Board of Trustees Academic Degrees

ELIASSEN, CRAIG T.
Member, Kent County
B.A., St. Andrews Presbyterian College
J.D., Wake Forest University

GRIFFITHS, NORMAN D.
Member, City of Wilmington
B.S., American University
J.D., Catholic University,

Columbus School of Law
MAIORANO, JOHN M.
Vice-Chairman
B.A., University of Delaware
M.A., Middlebury College/

University of Maine
OWENS, JR., LOUIS F.
Member, Sussex County
B.S., Duke University
M.D., Medical College of Virginia/ VCU
SALIBA, SELHAM SUE
Member-at-Large
A.A.S., Delaware Tech
B.S., Wilmington College

SOLES, JAMES R.
Chairman
B.S., Florida State University
M.S., Florida State University

Ph.D., University of Virginia
VAN LUVEN, AUDREY
Member, New Castle County
A.A.S., Delaware Tech
B.S., Wesley College
M.S., Wilmington University

## Office of the President

COOPER, LAURETTA A.
Articulation Coordinator
B.S., Delaware State University
B.S., Delaware State University
M.B.A., University of Delaware

DePLASCO, PATRICIA A.
Assistant Vice President for Human Resources
A.A.S., Delaware Tech
A.A.S., Delaware Tech
B.S., University of State of New York M.S., University of Maryland University College
GEORGE, JR., ORLANDO J. President
B.A., University of Delaware M.Ed., University of Delaware Ed.D., University of Delaware

HASTINGS-SHEPPARD, LISA C. Acting Assistant Vice President for Marketing \& Public Relations
B.A., University of Delaware
M.I., University of Delaware

McNESBY, GERARD M.
Vice President for Finance
B.S., University of Delaware
M.B.A., Wilmington College

MESSNER, ROBERT H.
Chief Technology Officer
B.S., Wilmington College
M.S., Wilmington College

MURRAY, HOPE W.
Vice President for Human
Resources and College Relations
A.A., Goldey Beacom
B.S., Wilmington College
M.A., Delaware State University

Ed.D., University of Delaware
RHODES, CAROL C.
Assistant Vice President for Finance
A.A.S., Delaware Tech
B.S., Wesley College
M.B.A., Wesley College

RIDGELY, BARBARA S.
Associate Vice President for Institutional Advancement
B.A., George Washington University M.B.A., Southern Illinois University Ed.D., Wilmington College
ST. JEAN, DEBORAH L.
Acting Planning and Assessment

## Coordinator

A.A., University of Delaware
B.A., Delaware State University
M.A., Delaware State University

SHIREY, BRIAN D.
Chief Legal Counsel
B.S., Delaware State University
J.D., Widener University

SMITH, STEPHANIE S.
Vice President for Academic Affairs
B.A., University of Delaware M.S.S., Bryn Mawr College

## Owens Campus

ABBOTT, MYRNA M.
Instructor/Dept. Chair, Mathematics,
English \& Communications
B.S., Salisbury State University
M.Ed., Salisbury State University

AKEY, JENNIFER L.
Instructor, Nursing
B.S.N., State University of New York at Plattsburgh
M.S.N., University of Delaware

ANTONIK, CHRISTOPHER G.
Instructor/Instructional Coordina-
tor, Commercial Transportation
Technology
A.A.S., Delaware Tech
B.S., Wilmington College

ATKINS, BONNIE L.
Instructor/Dept. Chair, Computer Information Systems Technology
A.A.S., Delaware Tech
B.S., Wilmington College
M.B.A., Wilmington College

BATES, ROBERT S.
Instructor/International Education
Coordinator, Refrigeration, Heating
\& Air Conditioning Technology
A.A.S., Delaware Tech
B.S., Wilmington College
M.Ed., Wilmington College

BELCHER, BRIAN K.

## Counselor

B.S., Southern Illinois University at Carbondale
M.Ed., Wilmington College

BERRYMAN, DARYL L.
Instructor/Dept. Chair, Nursing
R.N., Peninsula General Hospital School of Nursing
B.S.N., Wilmington College
M.S.N., Wilmington College

BOOTH, GEORGE E.
Assistant Director of Administrative Services
B.S., University of Delaware
M.Ed., Delaware State University

BOYER, JANELLE T.
Instructor, English
B.A., University of Delaware
M.Ed., Wilmington College

BRENNEMAN, MARGEE L.
Educational Training Specialist/Dept. Chair, Corporate and Community

## Programs

B.F.A., Ohio University
M.A., University of Delaware

BRITTINGHAM, SAMUEL V. Instructor/Dept. Chair, Automotive Technology
A.A.S., Delaware Tech

BROADHURST, NANCY K.
Instructor, Occupational Therapy
Assistant Technology
A.A.S., Delaware Tech
B.S., Wilmington College

BROWN, MARGARET
Instructor, Nursing
A.A.S., Delaware Tech
M.S.N., Wesley College

BURTON, KIMBERLY A.
Instructor, Office Administration Technology
B.S., Centenary College
M.Ed., Wilmington College

BUTCH, BOBBI J.
Assistant Dean of Instruction
B.S., University of Pittsburgh
M.S., College Misericordia

BUTTERLY, THOMAS T.
Instructor, Social Sciences
B.A., University of Delaware
M.A., Delaware State University

CAMPBELL, NANCY S.
Instructor/Dept. Chair, Education
Department
B.A., Western Maryland College
M.Ed., Towson University

CASTELLANOS, ALLISON
Instructor, Language
B.A., University of Richmond

CHISENHALL, DEBRA
Instructor, Education Department
A.A.S., Delaware Tech
B.S., Wilmington College
M.I., University of Delaware

CLAUSEN, KATHY A.
Instructor, Mathematics
B.A., University of Delaware
M.I., University of Delaware

COLLINS, LINDA A.
Instructor, Science/Medical
Laboratory Technology
A.A.S., Delaware Tech
B.S., Salisbury State College
M.S., California College

CUBBAGE, CLIFFORD D.
Instructor/Dept. Chair, Criminal
Justice Technology
A.A.S., Delaware Tech
B.A., Delaware State University M.S.W., Rutgers State University

CUNNINGHAM, CINDY L.
Instructor, Nursing
R.N., Peninsula General Hospital

School of Nursing
B.S., Delaware State University
M.S., Wilmington College
M.S., University of Delaware

CUSTER, KENNETH I.
Instructor, Computer Information Systems Technology
A.S., Broward Community College
A.A., Broward Community College
B.I.S., University of South Florida

DAISEY, VICKI E.
Instructor, Developmental Studies
B.S., Salisbury State University
M.Ed., Salisbury State University

DANZ, SALLY A.
Instructor, Nursing
A.S.N., Gwynedd-Mercy College
B.S.N., Gwynedd-Mercy College
M.S.N., University of Delaware

Ed.D., University of Delaware

DAVIS, KELLY L.
Instructor, Nursing
B.S.N., University of Rhode Island
M.S.N., University of Delaware

DELNEGRO, ANN L.
Director of Corporate and
Community Programs
A.A.S., Delaware Tech
B.S., Goldey Beacom
M.S., Wilmington College
M.S., Wilmington College

Ed.D., Wilmington College
DENNIS, DRAKE
Instructor, Developmental Studies
B.A., University of Delaware
M.Ed., Wilmington College

DERRICKSON, II, M. LEROY
Instructor, Commercial Transportation Technology

DOCKETY, MARIBETH B.
Director of Human Resources
B.A., Florida State University
M.A., Marymount University

DRUGASH, MARY SUE
Librarian
B.S., Millersville State College

ERNEY, DIANA R.
Counselor
B.S., Bloomsburg State College M.Ed., Shippensburg State College

FAUCETT, KERRI L. Instructor /Instr. Coordinator, Developmental Studies B.S., Salisbury State University M.I., University of Delaware

FAUCETT, III, LINFORD P.
Director of Administrative Services
A.A.S., Delaware Tech
B.S., Wilmington College
M.S., Wilmington College

FAULKNER, KEITH I.
Instructor, Criminal Justice
Technology
B.S., Wilmington College

GARRISON, LISA M.
Instructor, Veterinary Technology
A.A.S., Northern Virginia

Community College
GERARDI, KIMBERLY E.
Instructor, Nursing
A.S.N., University of New YorkRegents
M.S.N., Wesley College
M.S.N., Wilmington College

GOODMAN, MARTHA D.
Instructor, Language
B.A., Bellhaven College
M.S.W., University of South Carolina

GRABEL, SHELLEY P.
Educational Training Specialist,
Corporate \& Community Programs
B.S., Brooklyn College

GREGORY, LINDA S.
Instructor, Education Department
B.S., Delaware State University
M.S.C., Wilmington College

HALL, JOSEPH H.
Instructor, Mathematics
B.S., Delaware State University
M.Ed., Temple University

HARMON, KERRI L.
Counselor
A.A.S., Community College of Air Force
B.S., Southern Illinois University
M.Ed., Wilmington College

HARR, TIMOTHY J.
Instructor/Dept. Chair, Electronics/
Electrical Engineering Technology
A.S., Eastern Shore Community College
B.S., Salisbury State University M.S., University of Delaware

HARRISON, GAIL B.
Instructor, Developmental Studies B.A., Salisbury State University M.Ed., Salisbury State University

## HARRISON, VALERIE A.

Instructor, Nursing
A.A.S., Delaware Tech
B.S.N., Wilmington College
M.S.N., Wilmington College

HAZEL, NIKKI L.
Instructor, Nursing
B.S.N., Indiana University of

Pennsylvania
HEACOCK, KATHLEEN M. Instructor, Nursing
A.D.N., Montgomery County

Community College
B.S.N., Wilmington College
M.S.N., Wilmington College

HEARN, JR., ROBERT W.
Campus Business Manager
B.S., University of Delaware
M.B.A., Wilmington College

HELLENS, KRISTIE L.
Instructor, Radiologic Technology
A.A.S., Delaware Tech

HENRY, NANCY B.
Instructor/Instructional Coordinator, Nursing
B.S.N., Salisbury State University
M.S.N., University of Delaware

HETTINGER, KAREN E.
Instructor, Human Services/Social Sciences
A.A.S., Delaware Tech
B.S., Wilmington College
M.P.A., University of Delaware

HICKS, DOUGLAS C.
Instructor/Dept. Chair, Architectural
Engineering Technology
B.S., Rutgers State University
M.S., University of Delaware

Ph.D., University of Delaware
HITCHENS, SELENA T.
Instructor, Radiologic Technology R.T.R., Peninsula General Hospital School of Radiologic Technology A.A.S., Delaware Tech

HOWELL, JOANNE M. Instructor/Dept. Chair, Physical Therapist Assistant Technology
B.S., University of Delaware M.Ed., University of Delaware D.P.T., Widener University

HUGHEY, MARILYN F.
Instructor, Nursing
B.P.S., Elizabethtown College M.S.N., Gwynedd-Mercy College

INDELICATO, SAM L.
Instructor, Human Services
Technology
B.A., Brooklyn College
M.S., Fordham University

JAMASB, SHIRIN
Head Librarian
B.A., University of Tehran M.Phil., New York University
M.L.S., Queens College Ph.D., New York University

JOHNSON, H. TERRY
Dean of Student Services
A.A.S., University of Delaware
B.S., University of Delaware
M.S., University of Delaware

JOHNSON, ROBERT T.
Counselor
A.S., Peirce Junior College
B.A., Lea College

KIDD, DANIELE B.
Instructor, Applied Agriculture

## Technology

B.S., Mississippi State University M.S., North Carolina State University

KILE, MARCIA T.
Instructor, Physical Therapist As-
sistant Technology
B.S., University of Maryland
D.P.T., Regis University

KING, BRENDA I.
Instructor, Nursing
B.S.N., University of Delaware
M.S.N., Wilmington College

KING, SALLY J.
Instructor, Human Services Technology
A.A.S., Delaware Tech
B.A., Wilmington College
M.A., Washington College

KLINE, CAROL L.
Instructor, Developmental Studies
B.A., Waynesburg College

LEWIS, MEG A.
Counselor
B.S., Wilmington College
M.S. Wilmington College

LITTLE, JAMES G.
Instructor/Dept. Chair, Respiratory
Care Technology
A.A.S., Delaware Tech
M.Ed., Antioch/New England

Graduate School
LORD, BRIAN C.
Instructor, Computer Information
Systems Technology
A.A.S., Delaware Tech
B.S., Wilmington College

LOWE, FAITH P.
Instructor, Nursing
B.S., Toccoa Falls College
B.S.N., Delaware State University
M.S.N., University of Delaware

LUCAS, PAULA L.
Instructor, Office Administration Technology
B.S., Indiana University of Pennsylvania
M.Ed., Wilmington College

MACDONALD, CLARE A.
Counselor
B.A., Newton College
M.B.A., University of Baltimore

MACKLIN, GREGORY L.
Instructor, Math
B.S., Salisbury University
M.Ed., Salisbury University

MADDEN, HEATHER A.
Instructor, Office Administration
Technology
B.S., Salisbury State University
M.S., Johns Hopkins University

MARAMANTE, LORI S. Instructor, Science/Medical
Laboratory Technology
B.S., University of Miami
M.A., University of California

MARSHALL, ELLEN K.
Instructor, Criminal Justice
Technology
B.A., Norwich University
M.A., Norwich University

Ph.D., Union Institute \& University
MARTIN, HEATHER M.
Instructor, Nursing
B.S.N., University of Delaware
M.S.N., Wilmington University

MCDONOUGH, STEPHANIE G. Instructor, Developmental Studies
B.S., Frostburg State University
M.Ed., Wilmington College

MCELROY II, CHARLES H.
Instructor, Respiratory Care
Technology
A.A.S., Northern Virginia

Community College
B.S., James Madison University

MCKASKILL, SUZANNE M.
Instructor, Computer Information
Systems Technology
A.A.S., Delaware Tech
B.S., Goldey Beacom College
M.Ed., Wilmington College

MERRITT, GLEN E.
Instructor/Instructional Coordinator,
Business Administration Technology
A.A.S., Delaware Tech
B.S., Wilmington College
M.B.A., Wilmington College

MITCHELL, BRENT A.
Instructor, Electronics Technology
B.S., DeVry Institute of Technology
M.Ed., Wilmington College

MITCHELL, CYNTHIA M.
Instructor, Language
B.A., Salisbury University
M.A., Salisbury University

MITCHELL, DONALD M.
Instructor, Science/Medical
Laboratory Technology
B.S., University of Delaware
M.C.C., Christian International

School of Theology
MOODY, CHRISTOPHER M.
Instructor/Dept. Chair, Developmental Studies
B.S., University of Delaware
M.Ed., Wilmington College

MORIARTY, CHRISTY A.
Instructor/Dept. Chair, Radiologic Technology
A.A.S., Hagerstown Junior College B.S., Salisbury State University M.Ed., Wilmington College

MORLEY, JENNIFER J.
Instructor, English
B.A., Cedar Crest College
M.A., Temple University

MORRA, WAYNE M.
Instructor, Nursing
B.S.N., Delaware State University
M.S.N., Wilmington College

MUMFORD, SUSAN P.
Instructor, Nursing
A.D.N., Delaware Tech
B.S.N., Wilmington College
M.S.N., Wilmington College

MUMFORD, III, THOMAS J.
Instructor/Dept. Chair, Human Services/Social Sciences Depts.
B.A., Salisbury State University
M.Ed., Salisbury State University

Ph.D., University of Maryland
MURRAY, SHIRLEY A.
Instructor, Science/Medical
Laboratory Technology
B.S., Bloomsburg University
M.Ed., Wilmington College

NAUMANN, SANDRA P.
Instructor, Social Sciences
B.S., Millersville University
M.C., University of Delaware

Ph.D., Century University
NORCROSS, ROBERT L.
Educational Training Specialist,
Corporate and Community Programs
NORWOOD, VELMA
Instructor, Nursing
A.D.N., Delaware Tech
B.S.N., Wilmington College
M.S.N., Wilmington College

O'DONNELL, DEBORAH
Instructor, Business Administration Technology
B.S., Wilmington College
M.B.A., Wilmington College

ONEY, VERONICA E.
Financial Aid Officer
A.A.S., Brandywine College
B.S., Wilmington College
M.Ed., Wilmington College

PAXTON, TAMALA D.
Instructor, Nursing
B.S.N., University of Maryland
M.S., University of Maryland

PEDERSEN, DAVID A.
Instructor/Instructional Coordinator, Architectural Engineering Technology
B.A., Vassar College M.Arch, Tulane University School of Architecture

PEZZUTO, TARA A.
Instructor, Nursing
A.A.S., Gloucester County College
B.S.N., University of Delaware
M.S.N., University of Delaware

PINI, VICTORIA K.
Instructor, Nursing
B.S.N., Wesley College
M.Ed., Wilmington College
M.S.N., Wesley College

PORTER, ERIKA L.
Instructor, Nursing
B.S.N., Northeastern University M.S.N., Wesley College

QUEEN, GALEN
Instructor, Science/Medical
Laboratory Technology
B.S., Fairmont State College
B.S., University of Tennessee Center for the Health Services M.S., East Tennessee State University
Ph.D., University of Tennessee
Center for the Health Services
QUILLEN, VALERIE J.
Instructor/Dept. Chair, Veterinary
Technology
B.S., University of Delaware
D.V.M., Ohio State University

RECTOR, ROBERT B.
Instructor, English
B.A., University of Delaware
M.Ed., Wesley College

ROACH, JR., JOHN B.
Instructor, Architectural Engineering Technology
A.A.S., Delaware Tech
B.S., Pennsylvania State University
M.Ed., Wilmington College

RODIER, ELIZABETH A.
Instructor, Entrepreneurial
B.A., Rosemont College
M.S., John Hopkins University

ROSE, LAUREN
Instructor, Education Department
B.A., University of Delaware

RUBY, STEPHEN P.
Instructor/Dept. Chair, Academic
Challenge
B.S., West Virginia University

SAPNA, JUSTINA M.
Instructor, Developmental Studies
B.S., Salisbury State University
M.I., University of Delaware

SCHRANCK, SUSAN R.
Instructor/Dept. Chair, Language
B.A., University of Delaware
M.A., Villanova University

Ed.D., University of Delaware
SCIPLE, JUDITH A.
Assistant to the Campus Director B.S., Wesley College
M.P.A., University of Delaware

SEELEY, JULIA C.
Instructor, Nursing
B.S.N., University of Maryland
M.S.N., University of Texas

SERMAN, KYLE L.
Instructor/Dept. Chair, Applied
Agriculture Technology
B.S., Lincoln Memorial University
M.Ed., Wilmington College

SHIREY, JOANNE K.
Instructor, Nursing
A.A.S., University of Delaware
B.S.N., Wilmington College
M.S.N., Wesley College

SHUPE, SHERIDAN A.
Instructor/Instructional Coordinator,
Medical Laboratory Technology
A.A.S., Delaware Tech
B.S., Wesley College
M.Ed., University of Delaware

SIRKIS, ROBIN G.
Instructor, Math
B.S., Tulane University
M.B.A., Wilmington College

SMITH, B. JEAN K.
Instructor, Developmental Studies
B.S., University of Delaware
M.Ed., University of Delaware

SMITH, ILEANA M.
Vice President/Campus Director
B.A., University of Delaware
M.Ed., University of Delaware

Ed.D., Wilmington College
SMITH, KAREN C.
Instructor/Dept. Chair, Business
Administration Technology
B.S., Salisbury State University
M.B.A., Wilmington College

Ed.D., University of Delaware

SMITH, WILLILAM H.
Instructor, Medical Laboratory Technology
B.S., Drexel University
M.Ed., Wilmington College

STACK, GEORGEANN K.
Instructor, Developmental Studies
B.S., University of Delaware M.I., University of Delaware

STAYTON, JANE L.
Instructor, Business Administration Technology
B.S., Delaware State University M.S., Wilmington College

STEELE, SUENELL G.
Instructor/Dept. Chair, Office
Administration Technology
B.S., University of Delaware
M.I., University of Delaware

SUESS, WILLIAM A.
Instructor, Architectural Engineering Technology
B.S., Millersville University
M.S., University of Delaware

SWARBRICK, MARK E.
Instructor, Automotive Technology
A.A.S., Delaware Tech
B.S., Wilmington College
M.Ed., Wilmington College

THOMAS, AMY S.
Instructor, Respiratory Care Technology
B.S., Salisbury State University M.Ed., Wilmington College

THOMAS, WILLIE G.
Registrar
B.S., Delaware State University
M.A., Delaware State University

TURANSKY, JUNE S.
Dean of Instruction
A.A.S., Delaware Tech
B.S.N., Marymount College -

## Virginia

M.S.N., University of Delaware

Ed.D., University of Delaware
TYNDALL, SUSAN L.
Instructor, Nursing
B.S.N., University of Delaware
M.S.N., Wilmington College

VINCENT, LESLIE C.
Instructor, Computer Information
Systems Technology
B.S., University of Cincinnati
M.Ed., Wilmington College

WAJDA, C. LYNN
Instructor, Developmental Studies
A.A.S., Delaware Tech
B.S., Wilmington College

WATKINS, TAMMY K.
Instructor, Business Administration Technology
B.A., Shippensburg University
M.Ed., University of Delaware

WATTS, KAREN S.
Instructor, Nursing
A.A.S. Delaware Tech
B.S., University of Delaware
B.S., Wilmington College

WEBB, MARY LOU
Instructor/Instructional Coordinator, Nursing
R.N., Memorial Hospital School of

Nursing
B.S.N., University of Delaware
B.S., Wilmington College
M.S.N., University of Delaware

WEISS, BARRY
Instructor, Airframe Maintenance

## Technology

B.S., Valley Forge Christian College
M.Ed., Salisbury University

WELLER, LACEY D.
Instructor, English
B.A., University of Delaware

WEST, III, HUEY W.
Instructor, Automotive Technology A.A.S., Delaware Tech

WHEATLEY, CHAD K.
Counselor
B.S., Salisbury State University
M.Ed., Salisbury State University

## WHEELER, BERNADETTE A.

Instructor, Nursing
A.D.N., Delaware Tech
B.S., Salisbury State University
B.S.N., Salisbury State University
M.S.N., Salisbury State University

WIGGINS, BARBARA H.
Instructor/Dept. Chair, Medical
Laboratory Technology
B.A., Millersville State College
M.Ed., Temple University

WILLIAMS, ALLEN JERRY
Instructor/ t. Chair, Corporate and
Community Programs
B.S., United States Military

Academy - West Point
M.P.A., Golden Gate University

WROTEN, BRIDGETTE M.
Educational Training Specialist,
Corporate \& Community Programs
B.A., Wilmington College

YEAKO, JIMMY W.
Instructor/Dept. Chair, Refrigeration,
Heating \& Air Conditioning Technol-
ogy and Commercial Transportation

## Technology

A.A.S., Delaware Tech

YOUNG, DIANA L.
Instructor/Dept. Chair, English and Communications
B.A., University of Delaware
M.Ed., Salisbury State University

## Stanton/Wilmington <br> Campuses

ABED, DONNA M.
Head Librarian/Dept. Chair
B.A., University of Pittsburgh
M.L.S., University of Pittsburgh

ADATO, MARCIA K.
Instructor, Language/Culture
B.A., Boston University
M.A., Columbia University

ADEWOLE, AKIN A.
Instructor, Mechnical Engineering Technology
B.A., Harvard University
M.S., Massachusetts Institute of Technology
Ph.D., Loughborough University (UK)

ALEXANDER, ALLEN H.
Instructor/Dept. Chair, Computer
Information Systems Technology
B.A., Temple University
M.A., Temple University

Ed.D., University of Delaware
ALVAREZ, VICTOR G.
Instructor, Biology/Chemistry
B.A., University of Delaware
M.A., University of Delaware
D.C., LIFE College

ANDERSON, DAVID C.
Instructor, Corporate and
Community Programs
ATCHLEY, STEVEN W.
Instructor/Coordinator, Criminal
Justice Technology/Social Sciences
B.S., Wilmington College

BAILEY, BERTINIA H.
Instructor, Social Sciences
B.A., Wells College
M.A., Liberty University

BAILEY, RODNEY D.
Educational Training Specialist/Dept.
Chair, Corporate \& Community
Programs
B.S., University of Delaware
M.Ed., University of Delaware

BAKER, MICHELLE L.
Instructor, English
B.A., University of Delaware

BAKER, SHADRIC S.
Instructor, English
B.A., Bucknell University
M.A., Southern Illinois University

BALKE, VIRGINIA L.
Instructor, Biology/Chemistry
B.A., San Francisco State University
M.A., UCLA

Ph.D., UCLA
BARBER, JOAN I.
Instructor/Dept. Chair, Biology/
Chemistry
B.A., University of Vermont

Ph.D., University of Minnesota
BERGERON, VALERIE J.
Instructor/Coordinator, Medical As-
sisting; Allied Health/Science Dept.
B.S., Salisbury State University
M.Ed., University of Delaware

Ed.D., University of Delaware
BIANCHI, MAURIZIO
Instructor, Bio/Chem
Ph.D., University of Rome
BIDEN, JILL T.
Instructor, English
B.A., University of Delaware
M.Ed., West Chester University
M.A., Villanova University

Ed.D., University of Delaware
BLACKMAN, BONITA J.
Instructor, Nursing
B.S.N., University of Delaware
M.S.N., University of Delaware

BLACKSON, TOM
Instructor, Allied Health/Science
Dept./Respiratory Care Technology
A.A.S., Delaware Tech
B.S., Widener University

BOHN, DWIN R.
Instructor, Mathematics/Physics
B.S., Juniata College
M.S., Wilmington College

BONAVITA, DAWN M.
Instructor, Social Sciences/Criminal
Justice
B.A., Wesley College
J.D., Widener University

BOYKIN, D.
Instructor, Biology/Chemistry
B.S., Virginia Polytechnic Institute

Ph.D., Duke University
BRADLEY, DIANE L.
Instructor, Nursing
B.S.N., West Virginia University
M.S., West Virginia University
M.S.N., Walden University

BRADLEY, ROBERT J.
Assistant Dean of Instruction
B.S., University of Delaware
M.S., University of Delaware

BRADY, JULIE E.
Instructor/Coordinator, Biology/ Chemistry
B.S., University of Wisconsin
M.S., University of Minnesota

BRAINARD, CHARLOTTE A.
Instructor, English
B.A., King's College

BRISIEL, SANDRA C.
Instructor, Human Services Technology
A.A.S., Delaware Tech
B.A., Wilmington College

BROWN, GAIL S.
Instructor, Social Sciences
B.A., West Chester University

BROWNSTEIN, ROBERT
Instructor, Social Sciences
B.S., City College of New York
M.A., University of Delaware

BURGESS, RONALD E.
Counselor
B.S., Wilmington College

BYERS, JUDITH H.
Instructor, English
B.A., University of Pennsylvania
M.S., University of Pennsylvania

CARTER, ANN CATHERINE
Instructor, Mathematics
B.A., University of Delaware
M.Ed., University of Delaware

CHAMBERLAIN, CHRISTOPHER J.
Instructor, Computer-Aided
Engineering Drafting \& Design
Technology
B.S., California University of Pennsylvania
CHANCE, ELIZABETH L. Instructor, Nursing B.S.N., Wilmington College M.S.N., Wilmington College

CHEN, MARY M. Y.
Assistant Business Manager B.S., Wilmington College M.B.A., Wilmington College

CHESTER, KARENE C.
Librarian
B.S., University of Delaware
M.S., Drexel University

CHRISTY, D. JEAN
Instructor/Coordinator, Social Sciences
A.A., Goldey Beacom College
B.S., East Carolina University
M.Ed., West Chester University

CIARLO, JR., JOSEPH A.
Instructor/Program Coordinator, Allied Health/Science Dept./
Respiratory Care Technology
B.A., University of Delawar

CIUFETELLI, ANTHONY
Instructor/Coordinator, Language \& Culture
B.A., University of Delaware
M.Ed., University of Delaware

COOK, GERARD S.
Instructor, Industrial Engineering

## Technology

B.S., Lehigh University
M.B.A., Oklahoma City University

COX, KENYA F.
Instructor, Language/Culture
B.A., Pontifical Catholic University of Sao Paulo
M.A., University of Delaware

CRIPPS, LINDA A.
Instructor, Architectural/Civil
Engineering Technology
B.S., University of Virginia M.A., The University of Montana

CUNNINGHAM, EDWARD D.
Assistant Director of Administrative

## Services

CYR, LAKSHMI V.
Instructor, Allied Health/Science
B.S., Osmania University, India
M.S., Osmania University, India

Ph.D., University of Akron
Post Doctoral, University of Georgia
DAVIS, VIVIAN R.
Instructor, English
B.A., University of Delaware
M.I., University of Delaware

DEGNARS, RAEGAN L.
Instructor, Nursing
B.S.N., University of South Carolina
M.S.N., University of Delaware

DOODY, MARY M.
Instructor/Coordinator, English
B.S., University of Delaware
M.Ed., Wilmington College

DOUGHERTY, JASON
Instructor, Allied Health/Science
Dept/Physical Therapist Assistant
Technology
B.S. Neumann College

DUNPHY, ANNE S.
Instructor, Nursing
B.S., Mt. St. Vincent
M.A., New York University

EGNOR, MAURICE K.
Instructor, Nursing
B.S.N., Salisbury State University
M.S.N., Wilmington College

EHMANN, DANIEL R.
Campus Business Manager
B.S., University of Massachusetts, Amherst
M.B.A., Wilmington College

EUGANEO, KATHLEEN D.
Instructor, Allied Health/Science
Dept./Radiologic Technology
B.S., Widener University
M.S., St. Joseph's University

EVANS, REUBEN T.
Counselor
A.A.S., Delaware Tech
B.S., Delaware State University
M.A., Delaware State University

EWUSI, KODWO
Instructor/Dept. Chair, Mathematics
B.S., Columbia University
M.A., Columbia University

Ph.D., Columbia University
FARMER, SARAH B. G. WILSON

## Counselor

B.S., University of Delaware
M.S., West Chester University

FARRELL, MARY ANNE

## Librarian

B.A., Hiram College
M.L.S., Kent State University

FERRIERA, ELROD S.
Instructor, English
B.A., University of Delaware
M.A., University of Delaware

Ph.D., University of Delaware
FERRIS-RATCLIFFE, LAUREL A. Librarian
B.A., University of Delaware M.B.A., University of Delaware
M.L.S., Drexel University

FIGAROLA, TERI R. L.
Instructor, Mathematics/Physics
B.A., Glassboro State College
M.A., Glassboro State College

FISHER, TERRY
Instructor, Human Services
Technology
B.A., Temple University M.S.S., Bryn Mawr College

Ph.D., Bryn Mawr College
FOGELGREN, JR., JOHN
Director of Administrative Services
A.S., Widener University
B.S., University of Delaware
M.S., Wilmington College

FOLEY, HENRY W.
Instructor, Electronics/Electrical
Engineering Technology
A.A.S., Delaware Tech
B.E.E., Widener University
M.Ed., Penn State University

FORAKER, II, ROBERT T.
Instructor/Dept. Chair, Fire Protec-
tion Engineering Technology
A.A.S., Delaware Tech
B.S., University of Delaware
M.Ed., University of Delaware

FOX, LARAY
Instructor/Coordinator, Allied
Health/Science Dept./Nuclear Medi-
cine Technology
A.A.S., Delaware Tech
B.S., Widener University
M.Ed., Widener University

FOY, THERESA A.
Instructor/Coordinator, Allied
Health/Science Dept./Radiologic
Technology
A.A.S., Delaware Tech
B.S., Wilmington College
M.Ed., University of Delaware

FREEMAN, ROBERT J.
Instructor, Language/Culture
B.A., Grove City College
M.Ed., University of Delaware

FRIEL, KATHERN R.
Assistant Dean of Instruction
B.S., Baylor College of Dentistry
M.S., Old Dominion University

GELDOF, DAWN M.
Instructor, Nursing
A.D.N., Delaware Tech
B.S.N., Wilmington College
M.S.N., Wilmington College

GIRARDI, MELINDA H.
Counselor
B.A., Saint Mary's Collage
M.Ed., Wilmington Collage

GLENN-EL, CHARLES
Instructor, Corporate and
Community Programs
B.A., Cheyney State College

GOLDBERG, VIVIAN R.
Instructor, Mathematics
B.A., City College of New York M.Ed., Long Island University
(Conolly College)
GOLDSMITH, PRISCILLA A.
Instructor, English
B.A., University of Delaware
M.A., University of Delaware

GORECKI, JAN C.
Instructor/Coordinator, Allied
Health/Science Dept./Occupational
Therapy Assistant Technology
B.S., Frostburg State University
M.S., Towson State University

GOTTSHALL, NANCY D.
Counselor
A.S., Nassau Community College
B.S., West Chester State University
M.Ed., West Chester State University

GRABER, JENNIFER S.
Instructor, Nursing
B.S.N., University of Delaware
M.S.N., University of Pennsylvania

GRANISON, VICTORIA L.
Instructor, English
B.A., Delaware State University

GREGOR, KIMBERLY A.
Instructor/Coordinator, Mathematics /International Education Coordinator
A.S., Jamestown Community College
B.S., State University of New York at Fredonia
M.B.A., Widener University

GROVES, DENISE K.
Instructor, Allied Health/Science Dept./Radiologic Technology
B.S., Widener University

HALL, JUDITH A.
Instructor/Dept. Chair, Allied Health/
Science Dept./Dental Programs and
Director, Dental Health Center
B.S., University of Maryland

HAMALAK, DIANE
Counselor
A.A.S., Delaware Tech
B.S., Neumann College
M.Ed., Wilmington College

HAMILTON, MARY LOU L.
Instructor, Nursing
B.S.N., University of Delaware
M.S.N., University of Delaware

HANDLEY, MARK E.
Instructor/Coordinator, Business
Administration Technology
A.G.S., Indiana University
B.G.S., Indiana University
M.B.A., Ball State University

HAYES, COLLETTE M.
Registrar
B.A., State University of New York at Potsdam
M.A., Cornell University

HEDGES, JOHN A.
Educational Training Specialist, Cor-
porate and Community Programs
B.M., University of Delaware M.M., West Chester State University
M.A., Delaware State University

HENAGHAN, JACQUELINE B.
Instructor, Nursing
B.S.N., Molloy College
M.S.N., Adelphi University

HENRY, MARGARET ROSE
Assistant Dean of Student Services
B.A., Texas Southern University
M.A., Springfield College

HICKS-GOLDSTEIN, REGAN
Dean of Student Services
B.A., Albright College
M.S., Southern Illinois University

HOCH, CHRISTINE R.
Instructor, Nursing
B.S.N., University of Delaware

HOLDREN, TAMMY L.
Instructor, Allied Health/Science Dept./Nuclear Medicine Technology
A.A.S., Delaware Tech

HOOPES, JOHN A.
Instructor/Dept. Chair, Automotive GM-ASEP
A.A.S., Delaware Tech
B.S., Delaware State University
M.A., University of Delaware

HORNEY, DAVID H.
Instructor, Allied Health/Science
Dept./Respiratory Care Technology
A.A.S., Delaware Tech
B.S., York College

HORNING, JENNIFER M.
Instructor/Coordinator, Mathematics
B.S., University of Delaware
M.Ed., University of Delaware

HOUGH, LAURA J.
Instructor, Allied Health/Science
B.S., Bucknell University

HOWELL, THOMAS P.
Instructor, Culinary Arts
A.A.S., Johnson \& Wales University

HSU, LIFENG L.
Instructor, Computer Information
Systems Technology
B.A., Tamkang University (Taiwan)
M.S., West Chester University

HUDSON, WILLIAM P.
Instructor, Automotive Technology
A.A.S., Delaware Tech

HUISENGA, DOUG
Instructor/Program Coordinator,
Allied Health/Science Dept./Physical
Therapist Assistant Technology
B.S., California

University of Pennsylvania
M.P.T., Gannon University

JACKSON, CHANTAL H.
Counselor
B.A., Hampton University
M.S.W., Norfolk State University

JANVIER, KATHY A.
Instructor/Dept. Chair, Nursing
B.S., University of Delaware
M.S., University of Delaware

Ph.D., University of Delaware
JENKINS, JACQUELINE D.
Director of Human Resources
A.A.S., Brandywine College
B.S., Wilmington College
M.S., Wilmington College

Ed.D., University of Delaware
JOHNSON, CORNELIA
Assistant Dean of Student Services
B.S.B.U., University of Delaware
M.B.A., Delaware State University

JOHNSON, JESSE E.
Instructor, Social Sciences
A.A.S., Delaware Tech
B.A., University of Delaware

JOHNSON, LOIS G.
Instructor/Dept. Chair, English
B.S., Morgan State College
M.Ed., West Chester University

Ed.D., University of Delaware
JOHNSON, LOLA E.
Instructor, Nursing
B.S.N., University of Delaware M.S.N., University of Delaware

JOHNSON, LORA A.
Instructor/Dept. Chair, Entrepre-
neurship Program
B.A., University of Delaware M.B.A., University of Delaware

KAHLER, ELAINE
Counselor
B.A., University of Maryland
M.Ed., University of Delaware

KAMINSKI, JOHN P.
Instructor, Allied Health/Science
B.A., University of Delaware
M.Ed., Wilmington College

KAVANAGH, III, GERALD P.
Instructor, English
B.A., East Carolina University

## KEITH, HENRY

Instructor/Coordinator Human
Services Technology
B.S., Worcester State College
M.S., Nova University

KELLEHER, ELIZABETH

## Instructor, English

B.A., Waynesburg College
M.E.C., Wilmington College

KLOPFER, RONALD G.
Instructor, Biology/Chemistry
B.S., Mansfield State College
M.Ed., Bloomsburg State College

KNOTTS, RACHEL
Counselor
B.S., University of Delaware
M.Ed., Wilmington College

KUHN, LESLIE A.
Educational Training Specialist, Corporate and Community Programs
B.S., Millersville University

## LAFFERTY, MARK A.

Instructor/Coordinator, Allied
Health/Science Dept., Exercise
Science Program
B.A., West Chester University B.S., West Chester University
M.S., University of Delaware
M.Ed., University of Delaware

Ph.D., University of Delaware
LAVALLEE, ALAN M.
Instructor/Dept. Chair, Social
Sciences/Criminal Justice Technology
B.S., McPherson College
M.S., University of Delaware

LEACH, FRANCES H.
Dean of Instruction
B.A., University of Delaware
M.Ed., University of Delaware

Ed.D., Wilmington College
LEE, LILY 0.
Instructor/Program Coordinator,
Allied Health/Science Dept./Diagnos-
tic Medical Sonography Technology
A.A.S., Delaware Tech
B. S., University of California

LEOUNES, RONALD
Instructor, Culinary Arts
B.A., University of Delaware
M.Ed., Wilmington College

LONIA, JEANETTE
Instructor/Coordinator, English
B.A., University of Delaware
M.Ed., Wilmington College

LU, HSEUH-MING TOMMY
Instructor/Coordinator, Computer
Information Systems Technology
B.S., National Chung-Hsing

University - Taichung, Taiwan
M.S., University of Southern

Mississippi

## LYNAM, W. ALAN

Instructor/Dept. Chair, Mechanical
Engineering Technology/Industrial
Maintenance Technology
B.S., University of Delaware
M.S., University of Delaware

LYNCH, JR., WILLIAM R.
Instructor/Coordinator, Allied
Health/Science Dept./
Histotechnician Technology
B.S., University of Georgia
M.D., Medical College of Georgia

MACPHERSON, PAMELA M.
Instructor/Coordinator, English
B.A., Immaculata College
M.Ed., Wilmington College

MALONEY, JEANMARIE C.
Instructor, Nursing
B.S.N., Neumann College
M.S.N., Wesley College

MANCINI, LYNN S.
Instructor, Computer Information
Systems Technology
B.S., Penn State University
M.A., University of Delaware

Ph.D., University of Delaware
MANIS, MARY V.
Instructor/Dept. Chair, Language/ Culture
B.A., University of Delaware
M.A., Marywood College

MANRAKHAN, WAYNE N.
Instructor, Mathematics
B.S., University of the West Indies,

St. Augus
M.S., University of Delaware

MARCHEGIANO, MARY K. Instructor/Dept. Chair, Electronics/ Electrical Engineering Technology and Computer Engineering Technology
B.E.E., University of Delaware
M.E.E., University of Delaware

MARIANIELLO, VINCENT Instructor, Business Administration Technology
B.S., University of Delaware
M.B.A., Syracuse University
M.S., Widener University

MARTZ, LINDA 0.
Instructor/Coordinator, Nursing
B.S.N., Westminster College
M.S.N., University of Utah

MASSANOVA, LOUIS P.
Instructor, Computer-Aided
Engineering Drafting \& Design Technology
B.S., Trenton State College
M.S., Wilmington College

MASTRIPPOLITO, KAREN M.
Instructor, Nursing
B.S.N., Immaculata College
M.S.N., West Chester University

MCCAIN, DEBRA J.
Financial Aid Officer
B.A., Shippensburg University M.S., Shippensburg University

MCCRACKEN, WILLIAM B.
Instructor, Human Services
B.A., University of Delaware
M.S.W., University of Pennsylvania

MCFETRIDGE, KIMBERLY C.
Instructor, English
B.A., University of Tampa
M.A., West Chester University

MCHALE, DORINA A.
Instructor, Mathematics
B.S., Widener University

MEYER, LINDA K.
Instructor, Allied Health/Science
Dept./Dental Hygiene
B.S., Marquette University
M.S., University of Washington

MILLER, LAWRENCE H.
Vice President/Campus Director B.S., New York Institute of Technology
M.S., Wilmington College

MOORE, PATRICK B.
Counselor, Financial Aid
B.A., Ambassador University M.A., California State University

MORLEY, CAROL BANCROFT
Instructor/Instructional Director/
Dept. Chair, Allied Health/Science Dept.
B.S., Temple University
M.Ed., University of Delaware

MORRIS, PAUL T.
Assistant Director of Corporate and Community Programs
A.A.S., Delaware Tech
B.A., Wilmington College
M.Ed., Wilmington College

MOSSMAN, SHARON
Instructor, Hygiene
A.A.S., Delaware Tech
B.S., West Chester University

## MOZEIK, CELESTE K.

Instructor, Business Administration Technology
A.O.S., The Culinary Institute of America
B.S., University of Delaware
M.S., University of Delaware

MUKERJI, TIA
Instructor, Mathematics
B.A., University of Calcutta
M.B.A., University of Delaware

MULSKI, RICHARD N.
Instructor, Mechanical Engineering
Technology
B.S., State University of N.Y.

Oswego
M.B.A., Goldey-Beacom College

MURRAY, ANNE S.
Instructor, Nursing
B.S.N., Medical University of South Carolina
M.S.N., University of Delaware

MURVIN, HARRY
Instructor, Business Administration
Technology
B.S., Penn State University
M.Ed., Penn State University
M.B.A., Widener University
M.S., Widener University

MYERS, SANDRA T.
Instructor, Administrative Office
SystemsTechnology
B.S., West Virginia University
M.Ed., Widener University

NEEDS, ROBERT C.
Counselor/Dept. Chair
B.A., Lafayette College
M.S., Wilmington College

NEFFERDORF, ERIC M.
Instructor/Coordinator, English
B.S., Temple University
M.Ed., University of Delaware

NESTOR, GERALDINE A.
Instructor, Nursing
B.S.N., Neumann College
M.S.N., Villanova University
N.P., LaSalle University

NEWCOTT, MARY ANN T.
Counselor
B.A., Dominican College of Blauvelt M.S., Wilmington College

NOLKER, DAVID
Instructor/Dept. Chair, Culinary Arts/Food Service Management Technologies
C \& G, Thanet Technical College, England
C \& G, Ealing Technical College, England

NOVAL, MARK E.
Instructor, Fire Protection
Engineering Technology
A.A.S., Delaware Tech
A.A.S., Delaware Tech
B.A., Holy Family College
M.S., St. Joseph's University

O'BRIAN, DONNA
Instructor/Coordinator, Allied
Health/Science Dept., Diagnostic
Medical Sonography Technology
A.A.S., Delaware Tech
B.S. Wilmington University

ONEY, JR., WILFORD L. Counselor
B.S., Delaware State University M.Ed., Wilmington College
D. Min., Logos Christian College

PABIAN, BRUCE
Instructor, Social Sciences
B.A., University of Delaware

PABIAN, CAROLYN R.
Instructor, Mathematics
B.S., St. Joseph's University
M.A., Delaware State University

PANELLA, SAMUEL J.
Instructor/Dept. Chair, Allied Health/
Science Dept.
B.S., Widener University
M.S., West Chester State University

PAOLA, JR., JOSEPH C
Instructor, Mathematics
B.A., Widener University
M.A., Villanova University

PARIS, MARY E.
Instructor, English
B.A., University of Delaware

PARKER, PRISCILLA L.
Instructor, Nursing
B.S.N., University of Delaware
M.S.N., University of Delaware

PETERS, ANYA B.
Instructor, Nursing
B.S.N., University of North Carolina, Chapel Hill
M.S.N., Wilmington College

POPLOS, III, CHARLES M.
Educational Training Specialist, Corporate and Community Programs B.A., University of Maryland M.P.A., Angelo State University M.A., University of Oklahoma Ed.D., Wilmington College

PRICE, NANCY L.
Instructor, Nursing
B.S.N., Our Lady of Angels
M.S.N., Widener University

QVIGSTAD, ROBERT E.
Instructor, Automotive GM-ASEP
RAMAGE, DONNA M.
Instructor, Nursing
B.S.N., West Chester University
M.S.N., University of Delaware

RANDALL, ALISON J.
Instructor, English
B.Ed., Hockerill College, England
M.A., West Chester University

RATHMANNER, ELAINE M.
Educational Training Specialist, Coordinator of Tech. Applications
Dept., Corporate and Community
Programs
A.S., University of Delaware
B.S., University of Delaware
M.S., University of Delaware

RAWLS, MICHELE L.
Instructor, Administrative Office
Systems Technology
A.A.S., LaGuardia Community

College
B.B.A., Pace University
M.A., Delaware State University

REINHOLD, DAVID W.
Instructor/Dept. Chair, Architectural/
Civil/Computer-Aided Engineering
Drafting \& Design/Construction
Management Technology
B.S., University of Delaware

RIZZO, VIVIAN
Instructor, Allied Health/Science
Dept./Dental Hygiene
A.A.S., Delaware Tech
B.S., University of Maryland
M.Ed., Wilmington College

ROLLO, KAREN
Instructor, Nursing
B.S.N., Wilmington College
M.S.N., Wilmington College

ROSSI, JOHN R.
Instructor, Social Sciences
B.A., Villanova University
M.Ed., University of Delaware

ROSSI, LAUREN M.
Instructor, Mathematics
B.S., University of Delaware
M.S., University of Delaware

ROUX, JUNE N.
Instructor/Coordinator, Business
Administration Technology
B.S., University of Delaware
M.B.A., Columbia University

ROWE, ERIN WILSON
Instructor, Language and Culture
B.A., University of Delaware
M.A., University of Delaware

RUDDER, DAVID I.
Counselor
B.A., Canisius College
M.S., State University of New York at Buffalo
Ph.D., University of Delaware
SAU, JYOTSNA
Instructor/Coordinator, Mathematics/ Physics
B.S., Patna University
M.S., University of Massachusetts

SCHARMBERG, GAIL M.
Instructor, Allied Health/Science
Dept./RadiologicTechnology
A.S.R.T., College Misericordia

SCHLIFKIN, GEORGE A.
Instructor, Mathematics
B.Ed., University of Delaware
M.Ed., University of Delaware

SCHROEDER, SUE
Instructor, Allied Health/Science
Dept/Dental Hygiene
B.S. Old Dominion University

SCHUBERT, JOSEPH A.
Instructor/Instructional Director/
Dept. Chair, Business Administration Technology
A.A.S., Delaware Tech
B.B.A., Wharton School of

Business
M.B.A., Widener University

SCOTT, JR., JOSEPH
Instructor, Mathematics B.S., University of Maryland, Eastern Shore
SHARMA, ARCHANA
Instructor, Electrical Engineering
Technology/Semiconductor Process
Technology
B.A., University of Delaware
M.A., University of Delaware

SHEPPARD, BARBARA L.
Instructor/Dept. Chair, Early Child-
hood Education Technology
B.S., Delaware State University
M.S., Nova University

SHUTAK, DAWN
Instructor, Allied Health/Science Dept./Radiologic Technology A.A.S., Delaware Tech

SIKES, JR., RAYMOND E.
Instructor, English
B.S., University of Maryland
M.Ed., University of Maryland

SIKINA, CHI-CHING Instructor, Computer Information Systems Technology
B.A., Tunghai University (R.O.C.)
M.Ed., University of Delaware

SIMMONS, LEE ANN B.
Instructor, Allied Health/Science
Dept./Dental Hygiene
B.S., Old Dominion University
M.S., Old Dominion University

SIMON, AURELIA
Librarian
B.A., The George Washington University
M.L.I.S., University of Maryland

SMEE-FLEURY, CAROLYN L.
Instructor, Nursing
B.S.N., Wilmington College
M.S.N., Wilmington College

SMICK, JANICE L.
Instructor, Nursing
B.S.N., University of Delaware M.S.N., University of Delaware

SOKOLA, KATHY M.
Instructor, Nursing
B.S.N., University of Delaware
M.S.N., University of Delaware

SPEG, LOIS
Instructor/Coordinator, Mathematics
B.A., Shepherd College
M.Ed., Wilmington College

SPINELLI, LOUIS
Instructor/Coordinator, Automotive GM-ASEP
A.A.S., Delaware Tech

STABOSZ, WILLIAM
Instructor, Electronics/Electrical
Engineering Technology
A.A.S., Delaware Tech
B.A., University of Illinois

STATLER, HEATHER M.

## Counselor

B.A., Salisbury State University
M.A., Delaware State University

STEINWEDEL, STEVE C.

## Counselor

B.S., Mississippi State University
M.Ed., Stetson University

Ed.D., Wilmington College
STEVENSON, KAREN A.
Instructor/Instructional Direc-
tor/Dept. Chair, Human Services
Technology
B.A., University of Delaware
M.A., University of Delaware

STEWART, JR., PHILLIP T.
Instructor, Early Childhood Education Technology
B.S., University of Delaware
M.Ed., James Madison University

STOLLER, SUSAN B.
Counselor
B.A., Hood College
M.S., Shippensburg University

STROCKO, PATRICIA A.
Instructor/Assessment Coordinator/
Dept. Chair, Mathematics/Physics
B.S., University of Delaware
M.A., University of Delaware

SUCHANEC, REID S.
Instructor, Nursing
B.S.N., University of Delaware
M.S.N., University of Delaware

SULPIZI, LYNN E.
Instructor, Nursing
B.S.N., University of Delaware
M.S.N., University of Delaware

## SUNYATA

Instructor, Computer Information Systems Technology
B.A., University of Delaware

TALLMAN, MARIANNE B.
Instructor, Nursing
B.S.N., University of Delaware
M.S.N., University of Delaware

TAYLOR, SANDRA N.
Instructor, Biology/Chemistry
B.S., Rutgers University
M.Ed., Wilmington College

TERRANOVA, LISA M.
Counselor
B.S., Wilmington College
M.S., Wilmington College

TERRANOVA, MICHAEL A.
Instructor, Criminal Justice
Technology
A.A.S., Delaware Tech
B.S., Wilmington College
B.A., Wilmington College
M.S., Wilmington College

THEIS, DEBORAH S.
Instructor, Biology/Chemistry
B.S., Spring Garden College
M.S., Thomas Jefferson Univer sity
THOMAS, ETHELINE G.
Instructor/Dept. Chair, English
B.A., Paine College
M.A., Indiana University of Pennsylvania
M.S., Drexel University Ph.D., Indiana University of Pennsylvania
THORNGATE, III, BRUCE W. Instructor, Civil Engineering Technology
A.A.S., Delaware Tech

TKACH, MARY BETH
Instructor, Language/Culture
A.A., Gallaudet University
B.A., Madonna University
M.S., Western Maryland College

TOTO, DIANE L.
Instructor, Nursing
B.S.N., Wilmington College M.S.N., University of Delaware

TROTT, WENDY C.
Instructor, English
B.A., University of South Carolina
M.A., Temple University

Ph.D., Temple University
TUTHILL, SUZANNE W.
Instructor, Human Services
Technology
B.A., University of Michigan
M.Ed., University of Delaware
M.A., University of Delaware

Ph.D., University of Delaware
VANGIERI, LOUIS C.
Counselor
B.A., West Chester University
M.A., West Chester University
M.S., West Chester University

VILLARREAL, JAMES A.
Instructor, Human Services Technol-
ogy
B.A., San Beda College
M.Ed., Temple University

VOPALECKY, ALBERT C.
Instructor, Industrial Engineering
Technology
B.S., Southland University
M.S., Wilmington College

WALLACE-BRAUN, KAREN E.
Instructor, Human Services
B.S., West Chester University
M.S.W., Widener University

WANG, ZAI G.
Instructor, Mathematics
B.S., Tsing Hua University

WATSON, CYNTHIA A.
Instructor, Nursing
A.A.S., Gloucester County Com
munity College
B.S.N., University of Maryland
M.S.N., Wesley College

WATTS, LINDA A.
Counselor, Financial Aid
A.A.S., Delaware Tech
B.A., Wilmington College

WEATHERSPOON, CHERITA G.
Counselor
B.S., Indiana University of Penn sylvania
M.A., Indiana University of Penn sylvania
WEIS, ROBERT S.
Instructor/Coordinator, Chemical
Process Operator Technology
B.S., Purdue University
M.S., Purdue University

WELLS, REGINA A.
Head Librarian/Dept. Chair
B.A., George Washington Univer sity
M.S., Florida State University M.Lit.St., University of Queen sland, Australia

WELSH, PATRICIA 0.
Instructor, Nursing
B.S.N., University of Delaware
M.S.N., Villanova University

WESSELL, PATRICIA C.
Instructor, Nursing
B.S.N., Nursing School of Wilmington
M.S.N., Wesley College

WETTERAU, FRANK P.
Instructor, Industrial Engineering Technology
B.S., Rensselaer Polytechnic Institute
M.B.A., University of Delaware

WILLIAMS, PATRICIA E. Instructor, Early Childhood Education Technology
B.A., University of Washington
M.S., Wheelock College

WINNER, CORNELIA N.
Assistant Campus Director
B.S., University of Delaware
M.A., Rider College

Ed.D, University of Delaware
WINNINGTON, DARLENE F.
Instructor, Mathematics
B.S., Wilmington College
M.Ed., Wilmington College

WRIGHT-HENDERSON, JACQUITA L.
Assistant to the Campus Director
B.A., University of Delaware M.S., Wilmington College

Ed.D., University of Delaware
WYCHE, CARL
Instructor, Criminal Justice
Technology
B.S., Old Dominion University M.P.A., George Washington University
Ed.D., George Washington University
YAKSCOE, JOAN L.
Counselor
B.S., West Chester University
M.S., Villanova University

YONKO, KRISTIN
Instructor, English
B.A., University of Delaware
M.A., University of Delaware

ZAWISLAK, SUSAN E.
Director of Corporate and Community Programs B.A., West Chester University M.S., West Chester University Ed.D., University of Delaware
ZIMMERMAN, ANDREW D.
Instructor, Human Services
Technology
B.A., University of Delaware
M.A., University of Delaware

Ph.D., University of Delaware

ZORANSKI, ERIN L.
Instructor, Language and Culture
B.A., University of Delaware
M.A., Middlebury College

## Terry Campus

ALWARD, THERESA
Instructor, Electronics/Electrical
Engineering Technology
B.S., University of Connecticut
M.S., University of Connecticut

AUSTIN, KIMBERLY A.
Counselor, Student Services
M.S.A., Wilmington College

AYERS, WILLIAM J.
Director of Administrative Services
B.S., University of Delaware
M.S., Wilmington College

BAKER, JOANN M.

## An Equal Opportunity Institution

#### Abstract

t is the policy of the College that no person shall, on the basis of race, color, creed, sex, national origin, veterans status, age or disability, be subjected to any discrimination prohibited by the Civil Rights Act of 1964, as amended; the Age Discrimination in Employment Act, as amended; Americans with Disabilities Act; Section 504 of the Rehabilitation Act of 1973; Title IX of the Educational Amendments of 1972; and other applicable laws, regulations and applicable Executive Orders. This policy applies to recruitment, employment and subsequent placement, training, promotion, compensation, continuation, probation, discharge and other terms and conditions relating to employees and/or students over which the College has jurisdiction.

## Inquiries or complaints may be addressed to:

Chief Legal Counsel
Office of the President
P. O. Box 897

Dover, Delaware 19903
(302) 739-4064

## POLICY STATEMENT ON SEXUAL HARASSMENT

All faculty, staff and students have a right to work and/or attend college in an environment free of discrimination, including freedom from sexual harassment. Therefore, it is the policy of the College that no member of the College community may sexually harass another. Any employee or student will be subject to disciplinary action including, but not limited to, dismissal for violation of this policy.

Unwelcome sexual advances, requests for sexual favors, and other verbal, written or physical conduct of a sexual nature constitute sexual harassment when:

1. submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or education, or
2. submission to or rejection of such conduct by an individual is used as the basis for academic or employment decisions affecting that individual, or
3. such conduct has the purpose or effect of unreasonably interfering with an individual's academic or work performance or creating an intimidating, hostile or offensive employment or educational environment.

Sexual harassment may involve individuals of the same or different gender. Sexual harassment is most frequently associated with those situations in which a power differential exists between persons involved; however, it also may occur between individuals of the same College status, i.e., student-student and employee-employee.

Examples of conduct which may, if continued or repeated, constitute sexual harassment are:

- unnecessary touching, patting, hugging, or brushing against a person's body
- staring, ogling, leering, whistling
- sexually explicit statements, comments, questions, jokes, or anecdotes
- graphic comments about a person's clothing or body
- sexually suggestive objects or pictures in the work place
- harassing use of the electronic mail or telephone communication system
- other unwelcome physical or verbal conduct of a sexual nature

Such conduct, whether offense is intended or not, constitutes sexual harassment and is illegal under both State and federal law. Violations of this policy will not be permitted.

Complaints regarding employees who are alleged to have violated this Policy should be addressed through the Procedure for the Resolution of Sexual Harassment Complaints provided in Section XIII, 13.05, of the Personnel Policy Manual. Complaints regarding students who are alleged to have violated this Policy should be addressed through the College Policy for Violation of Student Rights provided in the Student Handbook.

## SPECIAL SERVICES

In compliance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act, reasonable accommodations will be provided for students in need of special assistance.
